Michael York

Pagan Enchantment:

Pagan Enchantment Carole Mortimer, 1987 *Pagan Enchantment (Mills & Boon Modern)* Carole Mortimer, 2015-02-01
Carole Mortimer is one of Mills Boon's best loved Modern Romance authors. With nearly 200 books published and a career spanning 35 years, Mills Boon are thrilled to present her complete works available to download for the very first time. Rediscover old favourites and find new ones in this fabulous collection. **Hunting Magic Eels** Richard Beck, 2024-01-02
We live in a post-Christian world characterized by doubt and skepticism. Richard Beck argues that this is evidence not of a crisis of belief but of a crisis of attention. Now in paperback, *Hunting Magic Eels* reveals how we can cultivate an enchanted faith in a skeptical age and recover our ability to experience God as a living, vital presence. **Enchantments** Marci Kwon, 2021-04-06
The first major work to examine Joseph Cornell's relationship to American modernism, Joseph Cornell (1903-1972) is best known for his exquisite and alluring box constructions in which he transformed found objects such as celestial charts, glass ice cubes, and feathers into enchanted worlds that blur the boundaries between fantasy and the commonplace. Situating Cornell within the broader artistic, cultural, and political debates of midcentury America, this innovative and interdisciplinary account reveals enchantment's relevance to the history of American modernism. In this beautifully illustrated book, Marci Kwon explores Cornell's attempts to convey enchantment, an ephemeral experience that exceeds rational explanation in material form. Examining his box constructions, graphic design projects, and cinematic experiments, she shows how he turned to formal strategies drawn from movements like Transcendentalism and Romanticism to figure the immaterial. Kwon provides new perspectives on Cornell's artistic and graphic design career, bringing vividly to life a wide circle of acquaintances that included artists, poets, writers, and filmmakers such as Mina Loy, Lincoln Kirstein, Frank O'Hara, and Stan Brakhage. Cornell's participation in these varied milieus elucidates enchantment's centrality to midcentury conversations about art's potential for power and moral authority and reveals how enchantment and modernity came to be understood as opposing forces. Leading contemporary artists such as Betye Saar and Carolee Schneemann turned to Cornell's enchantment as a resource for their own anti-racist, feminist projects. Spanning four decades of the artist's career, *Enchantments* sheds critical light on Cornell's engagement with many key episodes in American modernism, from Abstract Expressionism, 1930s folk art, and the emergence of New York School poetry and experimental cinema to the transatlantic migration of Symbolism, Surrealism, and ballet. *Pagan Theology* Michael York, 2003-04-01
This study identifies paganism as a viable religion, exploring its practices and theology as they are expressed in religious communities across the world. Long dismissed as a miscellany of fringe ideas and practices, Paganism is one of the fastest growing spiritual orientations in the West. In *Pagan Theology*, Michael York reframes Paganism as a world religion. He provides an overview of pagan theology and practice while expanding on the concept of paganism itself. He demonstrates it to be a viable spiritual perspective, one which he identifies around the world today in such forms as Chinese folk religion, Shinto, tribal religions, and neo-Paganism in the West. While

adherents to many of these traditions do not use the word pagan to describe their beliefs or practices York contends that they feature common characteristics for which the label pagan is appropriate After outlining these characteristics he examines many of the world's major religions which while not themselves pagan have pagan elements In the course of examining such behavior York provides rich and lively descriptions of religions in action including Buddhism and Hinduism

Pagans and Christians in the City Steven D. Smith, 2018-11-15 Traditionalist Christians who oppose same sex marriage and other cultural developments in the United States wonder why they are being forced to bracket their beliefs in order to participate in public life This situation is not new says Steven D Smith Christians two thousand years ago faced very similar challenges Picking up poet T S Eliot's World War II era thesis that the future of the West would be determined by a contest between Christianity and modern paganism Smith argues in this book that today's culture wars can be seen as a reprise of the basic antagonism that pitted pagans against Christians in the Roman Empire Smith's *Pagans and Christians in the City* looks at that historical conflict and explores how the same competing ideas continue to clash today All of us Smith shows have much to learn by observing how patterns from ancient history are reemerging in today's most controversial issues

Celebrating Planet Earth, a Pagan/Christian Conversation Denise Cush, 2015-05-29 Celebrating Planet Earth a Pagan Christian Conversation will appeal to Pagans and Christians interested in making connections academics and students in Religious Studies taking courses on inter faith dialogue Paganism or Christianity and anyone with an interest in inter faith activities Contributors include leading figures in the British Pagan especially Druid world in the Christian Forest Church movement and earth centred Christianity and academics in the field of religious studies As well as academic discussion there is a practical emphasis on personal spirituality and ritual practice and the possibility of these being shared across the Pagan and Christian traditions

Pagan Mysticism Michael York, 2018-12-10 As a non dogmatic religion paganism is a spirituality that is variously interpreted in terms of nature worship this worldliness the valuing of the physical and multiple understandings of the sacred Like most religions pagan spirituality also entertains the experience of mystical ecstasy as an intense state of psycho spiritual consciousness that radically diverges from ordinary waking awareness This volume addresses two fundamental questions namely how do the world's religions understand the mystical and its pursuit and how and why does paganism offer something different Proverbially the mystical quest is an ultimate human endeavour The re emergence of pagan thought in contemporary times challenges the obsolete and unlocks both innovation and available forms of transpersonal emancipation

Pagan Family Values S. Zohreh Kermani, 2013-07-29 For most of its history contemporary Paganism has been a religion of converts Yet as it enters its fifth decade it is incorporating growing numbers of second generation Pagans for whom Paganism is a family tradition not a religious worldview arrived at via a spiritual quest In *Pagan Family Values* S Zohreh Kermani explores the ways in which North American Pagan families pass on their beliefs to their children and how the effort to socialize children influences this new religious movement The first ethnographic study of

the everyday lives of contemporary Pagan families this volume brings their experiences into conversation with contemporary issues in American religion Through formal interviews with Pagan families participant observation at various pagan events and data collected via online surveys Kermani traces the ways in which Pagan parents transmit their religious values to their children Rather than seeking to pass along specific religious beliefs Pagan parents tend to seek to instill values such as religious tolerance and spiritual independence that will remain with their children throughout their lives regardless of these children s ultimate religious identifications Pagan parents tend to construct an idealized magical childhood for their children that mirrors their ideal childhoods The socialization of children thus becomes a means by which adults construct and make meaningful their own identities as Pagans Kermani s meticulous fieldwork and clear engaging writing provide an illuminating look at parenting and religious expression in Pagan households and at how new religions pass on their beliefs to a new generation

Paganism Owen Davies, 2011-05-26 Paganism is an evocative word that even today conjures up deep seated emotions and prejudices Until recently it was primarily a derogatory term used by Christians to describe the non Christian cultures confronted and vanquished by their Churches For some it evokes images of sacrifice and barbaric behaviour while for others it symbolises a peace loving nature worshipping spiritual relationship with the earth This Very Short Introduction explores the meaning of paganism through a chronological overview of the attitudes towards its practices and beliefs from the ancient world through to the present day Owen Davies largely looks at paganism through the eyes of the Christian world and how over the centuries notions and representations of its nature were shaped by religious conflict power struggles colonialism and scholarship Despite the expansion of Christianity and Islam Pagan cultures continue to exist around the world whilst in the West new formations of paganism constitute one of the fastest growing religions Focussing on paganism in Europe but exploring the nature of paganism globally Davies looks at how Europeans discovered new cultures through colonial expansion missionary work and anthropological study Contemporary social paganism can be a liberating and social force and the idea of a global Pagan theology is now on the religious map ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Reviewing **Pagan Enchantment**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing. Within the pages of "**Pagan Enchantment**," an enthralling opus penned by a very acclaimed wordsmith, readers set about an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
