Pakistan's Blasphemy Laws Shemeem Burney Abbas,2013-07-01 Under the guise of Islamic law the prophet Muhammad s Islam and the Qur an states such as Pakistan Afghanistan Egypt Saudi Arabia and Bangladesh are using blasphemy laws to suppress freedom of speech Yet the Prophet never tried or executed anyone for blasphemy nor does the Qur an authorize the practice Asserting that blasphemy laws are neither Islamic nor Qur anic Shemeem Burney Abbas traces the evolution of these laws from the Islamic empires that

followed the death of the Prophet Muhammad to the present day Taliban Her pathfinding study on the shari a and gender demonstrates that Pakistan s blasphemy laws are the inventions of a military state that manipulates discourse in the name of Islam to exclude minorities women free thinkers and even children from the rights of citizenship Abbas herself was persecuted under Pakistan s blasphemy laws so she writes from both personal experience and years of scholarly study Her analysis exposes the questionable motives behind Pakistan s blasphemy laws which were resurrected during General Zia ul Haq s regime of 1977 1988 motives that encompassed gaining geopolitical control of the region including Afghanistan in order to weaken the Soviet Union Abbas argues that these laws created a state sponsored infidel ideology that now affects global security as militant groups such as the Taliban justify violence against all infidels who do not subscribe to their interpretation of Islam She builds a strong case for the suspension of Pakistan s blasphemy laws and for a return to the Prophet s peaceful vision of social justice

[Encyclopedia of Christianity in the Global South](#) Mark A. Lamport, 2018-06-01 Christianity has transformed many times in its 2,000 year history from its roots in the Middle East to its presence around the world today. From the mid twentieth century onward the presence of Christianity has increased dramatically in Asia, Africa, and Latin America, and the majority of the world's Christians are now nonwhite and non-Western. The Encyclopedia of Christianity in the Global South traces both the historical evolution and contemporary themes in Christianity in more than 150 countries and regions. The volumes include maps, images, and a detailed timeline of key events. The phrases Global Christianity and World Christianity are inadequate to convey the complexity of the countries and regions involved. This encyclopedia, with its more than 500 entries, aims to offer rich perspectives on the varieties of Christianity where it is growing, how the spread of Christianity shapes the faith in various regions, and how the faith is changing worldwide.

Seven Marks of a New Testament Church David Alan Black, 2016-09-21 What is the church? What does it look like? What should it look like? For answers to these questions, David Alan Black looks to the first century church and our founding documents in the New Testament. What were the characteristics of a Christian assembly in the first century? In his study, he finds seven things that defined the church: then Evangelistic Preaching, Christian Baptism, Apostolic Teaching, Genuine Relationships, Christ-Centered Gatherings, Fervent Prayer, and Sacrificial Living. Dr. Black believes each of these things should characterize our twenty-first

century churches as well And that is the challenge How can we apply these principles in our own lives and church congregations This brief book won t answer all your questions What it will do is point you toward the right way to find the answers Ultimately Dave Black believes that the more we understand the Scriptures the more we understand our responsibility to submit our lives and our futures to its radical teachings This is the challenge Will you answer it

Wilkins, 2010-08-03 In the aftermath of the waves of discipleship programs that have swept over the church in the last 30 years clergy and laypersons alike are more confused than ever about what it means to be a disciple of Jesus Christ What should a disciple of Jesus look and act like today What is the relationship between discipleship and salvation between discipleship and sanctification between discipleship and ministry How were disciples of Jesus different from other disciples in the ancient world How did the early church carry out Jesus agenda in making disciples of all the nations In Following the Master Michael J Wilkins addresses these and many other questions that perplex the church today not by offering another discipleship program or manual but by presenting a comprehensive biblical theology of discipleship Following the Master compares other forms of master disciple relationships in existence in the ancient Judaism and Greco Roman world traces Jesus steps as he called and developed disciples and Mediterranean world as it followed Jesus command to make disciples Following the Master lays the groundwork necessary for developing biblical discipleship ministries in the church on the mission field and in parachurch ministries It is essential reading for all pastors students and Christian workers
