Palatines Liberty And Property German Lutherans In Colonial British America:

Palatines, Liberty, and Property Anthony Gregg Roeber, 1993 Historians usually look for the origins of American political culture among English speaking people and British constitutional and legal sources Yet German immigrants to the colonies also contributed to and developed for themselves an American political consciousness In *Palatines Liberty and Property* A G Roeber focuses on this neglected subject and explains why so many Germans when they faced critical choices in 1776 became active supporters of the patriot cause Employing a variety of German language sources Roeber explores German conceptions of personal and public property in the context of cultural and religious beliefs village life and family concerns He follows all the major German migration streams beginning with the Palatines in New York and including Germans who settled in Pennsylvania Virginia South Carolina and Georgia Roeber's study of German American ideas about liberty and property provides a unique perspective within a growing historiography on the transfer of culture and beliefs from Europe and Africa to America **Lutherans in America**, 2015-01-09 The story of Lutherans in America is one of mutual influence From the first small groups of Lutherans to arrive in the colonies to the large immigrations to the rich heartland of a growing nation Lutherans have influenced and been influenced by America In this lively and engaging new history Granquist brings to light not only the varied and fascinating institutions that Lutherans founded and sustained but the people that lived within them The result is a generous human history that tells a complete story not only about politics and policies but also the piety and the practical experiences of the Lutheran men and women who lived and worked in the American context Bringing the story all the way to the present day and complemented with new charts maps images and sidebars Granquist ably covers the full range of Lutheran expressions bringing order and clarity to a complex and vibrant tradition

Immigrant and Entrepreneur Rosalind J. Beiler, 2011-04-08 Examines the life of 18th century German immigrant and businessman Caspar Wistar Reevaluates the modern understanding of the entrepreneurial ideal and the immigrant experience in the colonial era Provided by publisher **The Practice of Pluralism** Mark Häberlein, 2009-07-10 The clash of modernity and an Amish buggy might be the first image that comes to one's mind when imagining Lancaster Pennsylvania today But in the early to mid eighteenth century Lancaster stood apart as an active and religiously diverse ethnically complex and bustling city On the eve of the American Revolution Lancaster's population had risen to nearly three thousand inhabitants it stood as a center of commerce industry and trade While the German speaking population Anabaptists as well as German Lutherans Moravians and German Calvinists made up the majority about one third were English speaking Anglicans Catholics Presbyterians Quakers Calvinists and other Christian groups A small group of Jewish families also lived in Lancaster though they had no synagogue Carefully mining historical records and documents from tax records to church membership rolls Mark Häberlein confirms that religion in Lancaster was neither on the decline nor rapidly changing rather steady and deliberate growth marked a diverse religious population *Hope's Promise* S. Scott Rohrer, 2014-04 A fresh

perspective on the interaction of religious ideals and social change in rural settlements of the Moravian colony of Wachovia

Lutherans Today Richard Cimino, 2003-10-02 I Change and Movements in American Lutheranism American Lutherans Yesterday and Today Mark Noll The Curious Case of the Missouri Synod Mary Todd The Lutheran Left From Movement to Church Commitment Maria Erling Word Alone and the Future of Lutheran Denominationalism Mark Granquist The Evangelical Catholics Seeking Tradition and Unity in a Pluralistic Church Richard Cimino Goliaths in Our Midst Megachurches in the ELCA Scott Thumma and Jim Petersen Lutheran Charismatics Renewal or Schism Robert Longman II Trends and Issues in American Lutheranism Pastors in the Two Kingdoms The Social Theology of Lutheran Clergy Jeff Walz Steve Montreal and Dan Hofrenning North American Lutheranism and the New Ethnics Mark Granquist Multiculturalism and the Dilution of Lutheran Identity Alvin J Schmidt Integrity and Fragmentation Can the Lutheran Center Hold Robert Benne Loose Bonds Emerging Commitments The Lives and Faith of Lutheran Youth Eugene C Roehlkepartain *The Blackwell Companion to Religion in America* Philip Goff, 2010-03-25 This authoritative and cutting edge companion brings together a team of leading scholars to document the rich diversity and unique viewpoints that have formed the religious history of the United States A groundbreaking new volume which represents the first sustained effort to fully explain the development of American religious history and its creation within evolving political and social frameworks Spans a wide range of traditions and movements from the Baptists and Methodists to Buddhists and Mormons Explores topics ranging from religion and the media immigration and piety though to politics and social reform Considers how American religion has influenced and been interpreted in literature and popular culture Provides insights into the historiography of religion but presents the subject as a story in motion rather than a snapshot of where the field is at a given moment **Bodies of Belief** Janet Moore Lindman, 2011-09-16 The American Baptist church originated in British North America as little tabernacles in the wilderness isolated seventeenth century congregations that had grown into a mainstream denomination by the early nineteenth century The common view of this transition casts these evangelicals as radicals who were on society's fringe during the colonial period only to become conservative by the nineteenth century after they had achieved social acceptance In *Bodies of Belief* Janet Moore Lindman challenges this accepted if oversimplified characterization of early American Baptists by arguing that they struggled with issues of equity and power within the church during the colonial period and that evangelical religion was both radical and conservative from its beginning *Bodies of Belief* traces the paradoxical evolution of the Baptist religion including the struggles of early settlement and church building the varieties of theology and worship and the multivalent meaning of conversation ritual and godly community Lindman demonstrates how the body both individual bodies and the collective body of believers was central to the Baptist definition and maintenance of faith The Baptist religion galvanized believers through a visceral transformation of religious conversion which was then maintained through ritual Yet the Baptist body was differentiated by race and gender Although all believers were spiritual equals white men remained at the top of a

rigid church hierarchy Drawing on church books associational records diaries letters sermon notes ministerial accounts and early histories from the mid Atlantic and the Chesapeake as well as New England this innovative study of early American religion asserts that the Baptist religion was predicated simultaneously on a radical spiritual ethos and a conservative social outlook

Babel of the Atlantic Bethany Wiggin, 2019-04-24 Despite shifting trends in the study of Oceanic Atlantic history the colonial Atlantic world as it is described by historians today continues to be a largely English only space even when other language communities are examined they too are considered to be monolingual and discrete Babel of the Atlantic pushes back against this monolingual fallacy by documenting multilingualism translation and fluid movement across linguistic borders Focusing on Philadelphia and surrounding areas that include Germantown Bethlehem and the so called Indian country to the west this volume demonstrates the importance of viewing inhabitants not as members of isolated language communities whether English German Lenape Mohican or others but as creators of a vibrant zone of mixed languages and shifting politics Organized around four themes religion education race and abolitionism and material culture and architecture and drawing from archives such as almanacs newspapers and the material world the chapters in this volume show how polyglot tolerant and multilingual spaces encouraged diverse peoples to coexist Contributors examine subjects such as the multicultural Moravian communities in colonial Pennsylvania the Charity School movement of the 1750s and the activities of Quaker abolitionists showing how educational and religious movements addressed and embraced cultural and linguistic variety Drawing early American scholarship beyond the normative narrative of monolingualism this volume will be invaluable to historians and sociolinguists whose work focuses on Pennsylvania and colonial revolutionary and antebellum America In addition to the editor the contributors include Craig Atwood Patrick M Erben Cynthia G Falk Katherine Faulk Wolfgang Fl gel Katharine Gerbner Maruice Jackson Lisa Minardi J rgen Overhoff and Birte Pfleger
