Amoroso, 2017-07-06 This clear and nuanced introduction explores the Philippines ongoing and deeply charged dilemma of state society relations through a historical treatment of state formation and the corresponding conflicts and collaboration between government leaders and social forces Patricio N Abinales and Donna J Amoroso examine the long history of institutional weakness in the Philippines and the varied strategies the state has employed to overcome its structural fragility and strengthen its bond with society The authors argue that this process reflects the country s recurring dilemma on the one hand is the state s persistent inability to provide essential services guarantee peace and order and foster economic development on the other is the Filipinos equally enduring suspicions of a strong state To many citizens this powerfully evokes the repression of the 1970s and the 1980s that polarized society and cost thousands of lives in repression and resistance and billions of dollars in corruption setting the nation back years in economic development and profoundly undermining trust in government The book s historical sweep starts with the politics of the pre colonial era and continues through the first year of Rodrigo Duterte s controversial presidency **Asian and Pacific Islander Americans in Congress, 1900-2017** Albin Kowalewski, 2017 **The Philippines** University of Hawaii (Hawaii), 1937 Musical Renderings of the Philippine Nation Christi-Anne Castro, 2011-05-05 The first cultural history of the Philippines during the twentieth century Musical Renderings of the Philippine Nation focuses on the relationships between music performance and ideologies of nation Spanning the hundred years from the Filipino American War to the 1998 Centennial celebration of the nation s independence from Spain the book has added emphasis on the period after World War II Author Christi Anne Castro describes the narratives of nation embedded in several major musical genres such as classical music and folkloric song and dance and enacted by the most well known performers of the country including Bayanihan The Philippine National Dance Company and the Philippine Madrigal Singers Castro delves into the ideas and works of prominent native composers from the popular art music of Francisco Santiago and Lucio San Pedro to the People Power anthem of 1986 by Jim Paredes of the group Apo Hiking Society Through both archival research and ethnographic fieldwork Castro reveals how individuals and groups negotiate with and contest the power of the state to define the nation as a modern and hybrid entity within a global community *A Nation in the Making* Peter William Stanley, 1970 **The complete travel guide for Philippines** , At YouGuide we are dedicated to bringing you the finest travel guides on the market meticulously crafted for every type of traveler Our guides serve as your ultimate companions helping you make the most of your journeys around the world Our team of dedicated experts works tirelessly to create comprehensive up todate and captivating travel guides Each guide is a treasure trove of essential information insider insights and captivating visuals We go beyond the tourist trail uncovering hidden treasures and sharing local wisdom that transforms your travels into

The Peace Corps Experience P. David Searles,2014-10-17 For more than 35 years the Peace Corps has pursued John F Kennedy s vision of helping people of the Third World build a better life Yet with the

exception of a few celebrations of its early years little effort has been made to document that organization's history. Now a former deputy director of the Peace Corps offers a first hand look at life in the agency both in the field and at headquarters and a radical reinterpretation of its history during the Nixon and Ford administrations. By the end of the 1960s the Peace Corps was in disarray. Debate raged over its effectiveness and many new volunteers embraced the antiestablishment behavior of the day's youth. When President Nixon appointed Joseph Blatchford as director in 1969 some insiders felt the agency's days were numbered especially when Blatchford set about re-evaluating the Peace Corps mission and initiated a program called New Directions to reorient its work. Many observers simply lump Blatchford's efforts with the failures and faults of the Nixon administration. David Searles however contends that the new director's initiatives revitalized the Peace Corps and made it a more relevant organization. Searles faithfully relates the history of these policies and their implementation in the field drawing on his personal experience as country director for the Peace Corps in the Philippines. He shows how despite constant carping from veterans of the early Peace Corps and much furor at headquarters New Directions reenergized the agency and renewed and reaffirmed the Peace Corps mission. Searles's descriptions of political maneuverings are incisively observed and his firsthand characterizations of Peace Corps life richly impart the joys and frustrations of volunteer work. The Peace Corps Experience will give historians a new perspective on the agency and will also interest anyone who has served in the Peace Corps or who wants to understand it.

Analytical Skill Exercises for Philippine History I' 2002 Ed. , Mixed Blessing Hazel McFerson, 2001-12-30 Invidious distinctions on the basis of race and overt racism were central features in American colonial policy in the Philippines from 1898 to 1947 as America transported its domestic racial policy to the island colony. This collection by young Filipino scholars analyzes American colonialism and its impact on administration and attitudes in the Philippines through the prism of American racial tradition a structural concept which refers to beliefs attitudes images classifications laws and social customs that shape race relations and racial formation in multiracial and colonial societies. The dominance of this tradition was manifested in the wanton prerogatives of the U S Congress and others who helped to carry

out colonial policy in the region The Spanish flexible racial tradition had resulted in a system based on ethnicity and class as determinants of social and economic structure while the rigid U S racial tradition assigned race the more dominant role The cultural affinity between the early individual American administrators and the Filipino elite however meant that class based distinctions in the islands were not broken up Thus the extreme elitist character of the Philippines economy and society persisted and became impervious to the influences which in other Asian countries led to a progressive weakening of elite structures as the 20th century advanced
