The Quadrant Puzzles Shankar Menon, This piece of fiction may at first disturb those singularly pursuing success for it lays bare their identities and the nature of their personal relationships However by the end of the book there would clearly appear comfort and redemption A novel that defies genres it is about how unabashed opportunity creations lead to Orwellian outcomes This is a must read for a beleaguered market civilization This book has its share of heroes and villains But in the end there is a universal triumph for every human being A novel of immense reconciliation It has the power to heal the earth and the human heart Here is a bold attempt to synthesize philosophy and everyday living the east and the west reason and harmony and finally truth and beauty A few excerpts from the book My heart raced as she sat beside me Her soft reassuring ancient hands Picked me up cradled me in her lap Pressed me to her breast And kissed me on the forehead She then bent down to my ear And spoke the kind motherly words Grossness was my creed Sensory entitlement my greed What heavenly intervention Would refine me human I sat beside his imposing presence Hope blossomed in my heart His message direct and unmistakable Gave me a new vision

Giants Sylvain Neuvel,2016-04-26 A page turning debut in the tradition of Michael Crichton World War Z and The Martian Sleeping Giants is a thriller fueled by an earthshaking mystery and a fight to control a gargantuan power A girl named Rose is riding her new bike near her home in Deadwood South Dakota when she falls through the earth She wakes up at the bottom of a square hole its walls glowing with intricate carvings But the firemen who come to save her peer down upon something even stranger a little girl in the palm of a giant metal hand Seventeen years later the mystery of the bizarre artifact remains unsolved its origins architects and purpose unknown Its carbon dating defies belief military reports are redacted theories are floated then rejected But some can never stop searching for answers Rose Franklin is now a highly trained physicist leading a top secret team to crack the hand's code And along with her colleagues she is being interviewed by a nameless interrogator whose power and purview are as enigmatic as the provenance of the relic What's clear is that Rose and her compatriots are on the edge of unraveling history's most perplexing discovery and figuring out what it portends for humanity But once the pieces of the puzzle are in place will the result prove to be an instrument of lasting peace or a weapon of mass destruction Praise for Sleeping Giants As high concept as it is Sleeping Giants is a thriller through and through One of the most promising series kickoffs in recent memory and a smart demonstration of how science fiction can honor its traditions and reverse engineer them at the same time NPR Neuvel weaves a complex tapestry with ancient machinery buried in the Earth shadow governments and geopolitical conflicts But the most surprising thing about the book may just be how compelling the central characters are in the midst of these larger than life concepts I can't stop thinking about it Chicago Review of Books A remarkable debut Reminiscent of Max Brooks's World War Z the story's format effectively builds suspense Library Journal debut of the month This stellar debut novel masterfully blends together elements of sci fi political thriller and apocalyptic fiction A page turner of the highest order Kirkus Reviews starred review Don't miss any of The Themis Files by Sylvain Neuvel SLEEPING GIANTS WAKING GODS ONLY HUMAN **Lies to Love** Taylor
