## **Putting God On Trial The Biblical Of Job:**

*Putting God on Trial* Robert Sutherland, 2004 Many scholars find the legal metaphor of an Oath of Innocence inappropriate though for different reasons Some liberal scholars opt for an aesthetic not a moral resolution of the question of evil in the world They find a sublime beauty in God s review of the animal and physical worlds Behemoth and Leviathan But that is all they find They find no suggestions of moral purpose in God s creation and control of evil Indeed they feel none could be forthcoming God is beyond good and evil so no moral resolution is possible Since no moral resolution is possible a legal metaphor such as a lawsuit dramatizing the moral question is inappropriate They interpret Job to understand that position And they interpret him to retract the lawsuit in its entirety This author feels such liberal scholars miss a moral resolution for five reasons a First they fail to give adequate weight to Satan s first speech in heaven setting out the moral solution b Second they misinterpret Job s struggle with God to be a request for a restoration of his former position rather than a request to know the reason behind evil in the world c Third they fail to appreciate the moral restrictions under which God has to operate God cannot reveal any moral answers directly without defeating his very purpose in the creation and control of evil As a result they miss the suggestions of moral purpose in God s two speeches and the inferences God would have Job draw d Fourth they fail to fully appreciate the legal dynamics of the enforcement mechanism of Job s Oath of Innocence In particular they fail to appreciate the distinction between causal responsibility and moral blameworthiness Thus they do not understand God s comments concerning vindication and condemnation in his first speech to Job And they do not understand Job s hesitation to proceed beyond his own vindication to a condemnation of God in Job s first speech to God Ultimately they fail to see Job s adjournment and continuation of his Oath of Innocence implied by the allusion to the story of Abraham and Sodom and Gomorrah in Job s final speech e Finally they fail to give full expression to God s ultimate judgement on Job Job and only Job spoke rightly about God In the face of such a judgement there is no room to deny the ultimate propriety of the moral and legal question as a way of framing man s encounter with God Some conservative scholars opt for a moral resolution of the question of evil in the world but their resolution is equally unsatisfying They interpret Job s so called excessive words and his Oath of Innocence to be sins of presumption Thus they would have Job retract his lawsuit in its entirety and repent morally for either his so called excessive words his raising of the lawsuit or both This author feels such conservative scholars miss a satisfactory moral resolution for three reasons a First they fail to understand the depth of Satan s challenge to God It is not merely that Job will curse God It is that God is wrong in his judgement on Job s goodness God missed sin in Job s life Such scholars think their moral resolution is possible because although Job sins Job does not actually curse God Their resolution actually makes Satan right in his challenge of God so that God should step down from his throne and destroy mankind b Second they fail to give proper weight to Job s blamelessness and integrity The raising of the Oath of Innocence is an expression of that blamelessness and integrity It is what God expects of Job though he cannot tell him that

directly c Finally they fail to give full expression of God s ultimate judgement on Job Job and only Job spoke rightly about God In the face of such a judgement there is no room to attribute sin or wrongdoing to Job for either his so called excessive words or for his Oath of Innocence My personal interpretation charts a new middle course between these two fold horrors

**Law and the Bible** Robert F. Cochran, David VanDrunen, 2013-09-01 The Bible is full of law Yet too often Christians either pick and choose verses out of context to bolster existing positions or assume that any moral judgment the Bible expresses should become the law of the land Law and the Bible asks What inspired light does the Bible shed on Christians participation in contemporary legal systems It concludes that more often than not the Bible overturns our faulty assumptions and skewed commitments rather than bolsters them In the process God gives us greater insight into what all of life including law should be Each chapter is cowritten by a legal professional and a theologian and focuses on a key aspect of the biblical witness concerning civil or positive law that is law that human societies create to order their communities implementing and enforcing it through civil government A foundational text for legal professionals law and prelaw students and all who want to think in a faithfully Christian way about law and their relationship to it

God on Trial Paul K. Moser, 2025-09-30 Moser a distinguished philosopher and author of a dozen books continues his quest to find an authentic credible philosophy of religion He asks Can we trust God How do we know that God is benevolent Are there any proofs that God means well and wants us to be well Part of being human is testing the divine Moser asserts putting God on trial so to speak to see if our faith in life and in God is really justified In the end the author finds that we are in fact conscious of the goodness of existence and the proof of God's morality lies in righteousness among humans people's ability to cultivate virtue in and among themselves Human testing is invited by God so long as we use the standard of goodness righteousness suited to a God worthy of worship The book

advances this neglected truth In other words God is always seeking to show us God's goodness and our own goodness is itself a vindication of God's

**For the Love of God** Alicia Ostriker, 2007 *On the (Divine) Origin of Our Species* Darrel R. Falk, 2023-11-30 The Bible's opening chapter includes these words So God created humans in his image in the image of God he created them male and female he created them We are created beings with a unique status in creation Nothing is more fundamental to Christian faith Yet biologists present extensive data and provide a picture of how our species came to be but there is no Creator in the intricate details of the painting they provide If the scientific evidence for the evolution picture is reasonable and in general it is and if humans were indeed created from a common ancestor of the great apes then what can be said about the Artist who Christians believe was at work Vague answers are not satisfactory anymore not in this scientific age Recent mainstream data from paleoanthropology and genetics suggest that the basis of our species success was not that they were superior fighters Rather the reason our ancestors thrived was likely their ability to function cooperatively in groups to respect each other and to get along This reframes the question about the nature of the hovering Spirit's activity in bringing our species into being And that is the subject of this book *John, Volume 4* Dorothy A. Lee, 2025-06-10 Volumes in New Word Biblical Themes New Testament series offer short accessible studies of the key themes of each book of the New Testament Each volume offers an introduction to the book a brief exposition of the text with its basic background and a survey of its contents an overview of its themes and a deeper look at 3-5 key themes for understanding the book and for preaching and teaching *Adventures of the Spirit* Clark M. Williamson, Ronald J. Allen, 1997 This book offers an introduction to worship from the standpoint of process theology It helps worship planners develop services of worship that are characterized by an intense vision of community with God where depth of feeling surmounts verbal language and touch the believer in the most life-shaping ways Process conceptuality allows the church to move toward genuinely contemporary worship while drawing from the past explaining how worship is understood in this Christian tradition and moving to practical approaches such as conceiving the service preparing the prayers the liturgy and the sermon the sacraments the wedding and the funeral and the arts role in worship The ultimate goal is not only to show how process theology can inform each aspect of the service of worship but to help the Christian community deepen its apprehension of God through services of worship

**The Ethical Challenge of Auschwitz and Hiroshima** Darrell J. Fasching, 1993-07-01 This book addresses the problem of religion ethics and public policy in a global technological civilization It attempts to do what narrative ethicists have said cannot be done to construct a cross-cultural ethic of human dignity human rights and human liberation which respects the diversity of narrative traditions It seeks to do this without succumbing to either ethical relativism or ethical absolutism The author confronts directly the dominant narrative of our technological civilization the Janus-faced myths of Apocalypse or Utopia Through this myth we view technology ambivalently as both the object of our dread and the source of our hope The myth thus renders us ethically impotent the very strength of our literal utopian euphoria sends us careening toward some

literal apocalyptic final solution The demonic narrative that dominated Auschwitz killing in order to heal is part of this Janus faced technological mythos that emerged out of Hiroshima And it is this mythic narrative which underlies and structures much of public policy in our nuclear age This book proposes a coalition of members of holy communities and secular groups organized to prevent any future eruptions of the demonic Its goal is to construct a bridge not only over the abyss between religions East and West but also between religious and secular ethics     Theologies of Human Agency Megan Fullerton Strollo,2022-12-13 This book examines the relationship between divine in activity and human agency in the five books of the Megilloth the books of Ruth Song of Songs Ecclesiastes Lamentations and Esther As works of literature dating to the early Second Temple period ca 6th 3rd centuries BCE these books and the implicit interpretation of these particular themes reflect the diverse cultural and theological dynamics of the time Megan Fullerton Strollo contends that the themes themselves as well as the correlation between them should be interpreted as implicit theology insofar as they represent reflective interpretation of earlier theological traditions With regard to divine in activity she argues that the Megilloth presents a certain level of skepticism or critical analysis of the Deity From doubt to protest the books of the Megilloth grapple with received traditions of divine providence and present experiences of absence abandonment and distance As a correlative to divine in activity human agency is presented as consequential In addition the portrayal of human agency serves as a theological response insofar as the books advance the theme through specific references to and reevaluations of earlier theocentric traditions
