Miller, 2012-03-23 History speaks of men who have earned the rights to be called heroes later they are known in time to become a legend this is also true in the 31st century where greed and corruption still haunt men like a plague stalking them for their very survival and peace Forcing them to travel into earth s past looking for some heroes They are taking this action to supply some needed human subjects for a secret project called Triborg They are working on this project to change their fate by creating the ultimate warrior They choose a Buffalo Soldier and a Tuskegee Airman who are then brought forward in time only to have their souls blended with their present day hero Finally they are all fused into one cyborg body resulting with one being whom now becomes part man and part cyborg He turns out to be meaner than the devil with a bite nastier than rattle snake If they has a plague before then he is the vaccine From the writing of Christopher C Miller and based on a original story from Wendell M King comes the nail biting science fiction epic of just that type of hero a cyborg with the mind of three he is Buffalostar and this is his story The Legend of Buffalostar **Official Gazette of the United States Patent Office** United States.
