Quaker Testimonies Economic Alternatives:

Quaker Testimonies & Economic Alternatives Severyn Ten Haut Bruyn, 1980 Quaker Life, 1989 *Pendle Hill Pamphlet[s]*, 1995 **Mennonite Life** Cornelius Krahn, 1982 **Testimony** Rachel Muers, 2015-03-31 This book brings Quaker thought on theological ethics into constructive dialogue with Christian tradition while engaging with key contemporary ethical debates and with wider questions about the public role of church communities in a post secular context The focus for the discussion is the distinctive Quaker concept and practice of testimony understood as a sustained pattern of action and life within and by the community and the individuals within it in communicative and transformative relation to its context and located in everyday life In the first section Rachel Muers presents a constructive theological account of testimony drawing on historical and contemporary Quaker sources that makes explicit its roots in Johannine Christology and pneumatology as well as its connections with other Quaker distinctives such as unprogrammed worship and non creedalism She focuses in particular on the character of testimonies as sustained refusals of specific practices and structures and on the way in which this sustained opposition gives rise to new attitudes and forms of life Articulating the ongoing relevance of this approach for theology Rachel Muers engages with the ethics of witness in contemporary Protestant theology and with a longer tradition of thought and debates about the significance of Christian asceticism In the second section she develops this general account through a series of case studies in Quaker testimony written and practised She uses each one to explore aspects of the meaning of and need for shared and individual testimony **Democracy and Learning** Ralph Ruddock, 1994

Monographic Series Library of Congress, 1981 Quaker Quicks - Money and Soul Pamela Haines, 2019-07-26 If money troubles your soul try this down to earth Quaker perspective on economies large and small The economy as we usually encounter it has nothing to do with values or faith After all the invisible hand caters to no religious belief It is all a matter of science we are assured economists have mastered the mathematical formulas for growth and prosperity Our role as individuals is simply to work consume and save each adding our bit to the sum totals of economic activity that will keep the system humming along the experts will take care of everything else This breezy values free story however is unlikely to be a comfortable fit for anyone who takes seriously the challenge of bringing our faith into the world Knotty issues around economics crop up at every turn especially if we are willing to ask the big questions What is the economy for How much is enough What needs to be equal How is well being best measured Who should decide In *Money and Soul* this search for answers through a Quaker lens gives a taste of the power of applying faith values to our economic story Quaker Quicks - In Search of Stillness Joanna Godfrey Wood, 2021-11-26 Joanna gives us a very helpful and meaningful exploration of Quaker stillness along with an assortment of exercises to take us along the meditative path She also talks about the obstacles that can block the process I found her quote Explore who you really are rather than who you think you are very helpful and she compares Quaker legendary writings on stillness Isa Louise Levy MA Artist Arts Psychotherapist How can we find inner

stillness in our lives today What is it for and how can we use it Inspired by the fiery writings of early Quakers such as George Fox and Margaret Fell this book calls on their advice to go within and wait adapting it to create a modern relatable method for finding stillness and peace This meditation is for us to use however we most need it whether to explore and heal the self and others or to help us be more effective in the wider world **Encyclopedia of War and American Society** Peter Karsten,2006 Publisher description *Bulletin of Bibliography* ,1993 **National Union Catalog** ,1982 **The Creation of Quaker Theory** Pink Dandelion,2019-09-26 The last forty years has witnessed a golden age of Quaker Studies scholarship with the bulk of this work into the history and sociology of Quakerism being undertaken by scholars who are also Quakers For the scholars involved their Quakerism has both prompted their research interests and affected their lives as Quakers This book presents a unique study into Quakerism it draws together the key theories of Quaker origins subsequent history and contemporary sociology into a single volume and it allows each of the contributors the opportunity to reflect on what led to the initial choice of research topic and how their findings have in turn affected their Quaker lives The result is a unique contribution to Quaker theory as well to the discussion on insider outsider research This book is invaluable to anyone interested in Quakerism research into religion notions of outsider objectivity within academia and areas of theology religious history and sociology in general *Library of Congress Catalogs* Library of Congress,1982 **Vertical File Index** ,1979 National Union Catalog, 1981 ,1982 **Quaker Quicks - Quakers and Chocolate** Helen Holt,2025-03-25 A glimpse into the convictions lives and legacies of the three Quaker chocolate families the Cadburys Rowntrees and Frys **Paperbound Books in Print** ,1992 *Books in Print Supplement* ,1985 **Quaker Quicks: Open to New Light: Quakers and Other Faiths** Eleanor Nesbitt,2023-11-24 Open to New Light is not only for readers interested in exploring Quaker history and principles but also for anyone interested in different faiths and the relationships between them The topics covered include Quakers historic interfaith encounters as well as more recent engagements with Muslims Jews Buddhists Hindus and Jains Sikhs Baha is followers of Indigenous religions and Humanists
