

Quality And Excellence In Human Services

**Peter Gabor (Sociologist), Richard M.
Grinnell**

Quality And Excellence In Human Services:

Quality and Excellence in Human Services Paul Dickens, 1994-05-10 A comprehensive treatment concerned with the topical issue of quality assessment and management psychology Develops the issue of quality by examining work done in industry and services then applies this work to clinical psychology Covers such related topics as outcome measures clinical audit patient satisfaction and the concept of quality of life Examples are drawn from a wide range of clinical psychology situations and health care settings *Managing Human Resources in the Human Services* Felice Davidson

Perlmutter, Darlyne Bailey, Ellen Netting, 2000-06-22 This book is designed for managerial supervisors who provide the interface between central administration and line workers In the context of our rapidly changing environment it focuses on specific managerial skills required for successful supervision e g dealing with legal mandates technology motivation and appraisals it identifies dilemmas paradoxes and challenges faced by managerial supervisors and it offers case illustrations of innovative approaches **Department of Health and Human Services 2007-2008 Tribal Resource Guide**, 2007

Evaluation and Quality Improvement in the Human Services Peter Gabor (Sociologist), Richard M. Grinnell, 1994

Total Quality Management in Human Service Organizations Lawrence L. Martin, 1993-09-10 Now that business government and other fields are embracing Total Quality Management TQM as their management philosophy TQM may also hold the solution for problems that exist in human services organizations today After a brief history of TQM the author discusses the philosophy of management quality as an organizational goal the challenges of determining an organization's customers and collecting and using customer quality data He also describes how to achieve quality improvement through teamwork and shows how to use brainstorming cause and effect diagrams check sheets and pareto analysis Among the other topics examined are contractor involvement training top management personnel training middle managers and staff and selecting an implementation strategy All the examples used in this volume are drawn from the fields of public administration gerontology public health and management of nonprofit organizations Total Quality Management in Human Service Organizations is a good backgrounder for human service administrators and organizations prior to undergoing a more detailed agency discussion of or training in TQM It is also of great value to students and faculty in social work administration programs who are interested in the basics of TQM **Achieving Excellence in the Management of Human Service Organizations**

Peter M. Kettner, 2002 This book attempts to create an integrated model for management and administrative practice in the management of human service organizations The book presents a theoretical foundation for human services management and identifies the major roles and responsibilities of the manager administrator To date management books have identified problems in organizational functioning and described how systems should work This book goes beyond description First it identifies themes that serve as guidelines to insure internal consistency within the organization Then it proposes what managers need to do to put their organizations back on track toward excellence The overall emphasis is on

how to get employees to perform at their optimum levels to insure organizational efficiency effectiveness quality and productivity For people in Human Services Management and Social Work Administration Management Managing Organizations for Sport and Physical Activity Packianathan Chelladurai, 2014-04-15 Managing Organizations for Sport and Physical Activity fourth edition presents a clear and concise treatment of managing organizations in sport and physical activity The four functions of management planning organizing leading and evaluating provide a general framework that represents the simplest and best approach for introducing readers to the intricacies of management For each management function Chelladurai presents relevant theories and their practical applications citing those theoretical models that are most appropriate to the unique aspects of the sports industry He uses the open systems perspective placing organizations in the context of their environment and emphasizing the manager's role in adapting and reacting to changes in that environment To apply theory to sport management practices Chelladurai provides numerous examples from the fields of physical activity and sport including professional sports intercollegiate athletics health and sports clubs and recreation fitness programs New to the Fourth Edition A chapter on service quality which describes the notion of quality in sport management services from the local fitness center to the pro sport arena It also discusses the measurement of service quality and the gaps in translating customer expectations into the desired service A new feature providing An Expert's View which offers additional perspectives on relevant topics contributed by scholars who research and publish in a specific area New sidebars on current topics relevant to the field of sport management some examples include US Track and Field's SMART goal setting as well as genes and technology of leadership Pedagogical Aids Developing Your Perspective Thought provoking questions ask learners to apply theoretical information to contexts relevant to them from their current experiences or in their future careers Managing Your Learning Key points from each chapter enhance comprehension Strategic Concepts Key terms lists provide for a shared vocabulary in discussing the major concepts of management In Brief Short summaries of the important points in a section help crystallize concepts To Recap Brief boxes revisit key concepts discussed earlier in the book Extensive references to journals scholarly texts and relevant websites **Organizational Histories of Nonprofit Human Service Organizations**

Michael Austin, 2013-09-13 This book is based on an important but complicated question How have nonprofit human service organizations sustained themselves over time It documents the organizational histories of pioneering nonprofits that have unique missions and significant longevity in one case 157 years This volume provides one of the few documented histories of nonprofit human service organizations and includes a cross case analysis of the major themes that help to expand our understanding of organizational lifecycles with respect to organizational growth and resilience The major themes appear in the form of clusters of organizations that are exemplars of leadership experiences of either founding or long term executive directors internal operations capacity to respond to changing community needs and external relations capacity to develop unique and or sustained relationships with funding sources and or donor populations These cases also provide students of

nonprofit management with opportunities for case based learning that complements the more time limited and episodic teaching cases which rarely provide learners with a longitudinal perspective of nonprofit organizations This book was originally published as a special issue of the Journal of Evidence Based Social Work *Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations for Fiscal Year 2008* United States. Congress. Senate. Committee on Appropriations. Subcommittee on Departments of Labor, Health and Human Services, Education, and Related Agencies,2008
