Searching for Power John Jacob Haksteen F.A.P.A., 2012-03 This is a story of how the walking apes of Africa were destined to become the vanguards of evolution Humankind and their struggles to tame the chaos in nature and themselves through understanding However understanding developed slowly From pictures as language to ritual language as art to logic of written language to observations experimentations and theoretic reasoning to knowledge and the expanding of consciousness to insight Five great teachers emerged in history who brought wisdom to enlighten their cultures and the world They never wrote a book their wisdom was remembered later written and called The Analects The Four Noble Truths The Republic The Gospels The Koran Their wisdom has lasted thousands of years strongly influencing three quarters of the earth's population they were called Confucius Buddha Socrates Jesus and Mohammad The lovers of wisdom furthered our understanding and the scientists increased our knowledge daily while the mystics expanded our consciousness to reach the highest power Read this book and learn how the author lost his scientific skepticism about disembodied consciousness

Creative Integrative Medicine Dr. Paul Drouin, 2014-08-19 A family tragedy the loss of his youngest brother at age eighteen from an osteosarcoma of the skull triggered Dr Drouin's interest in studying medicine Unsatisfied with the model of healing he encountered in medical school he explored many other models of medicine that eventually led him to practice what is now called integrative medicine He soon realized that for these complementary medicines to be accepted and integrated into our health care system they must be scientifically recognized and become part of the curriculum in medical schools The entire foundation of our approach to health and disease must be redefined through a deeper understanding of reality as described by quantum physics Dr Drouin's initial quest has evolved into the creation of a medical and natural medicine curriculum that embraces this new paradigm of healing and the foundation of the International Quantum University for Integrative Medicine Quantum University The cost of an incomplete model of understanding in medicine has enormous consequences in the management of chronic and mind related disease Creative integrative medicine addresses the real questions and offers a solution to the present crisis in health care Dr Paul Drouin is a true hero for writing this long overdue book Finally people are being told the truth about health healing and alternative treatments This book has sound scientific proof to empower you back to true
