De Cero to Zero a Tale is not a simple collection of narratives in essence it is an intricate warp and weft that invites us to find the skein thread each time we go from one short story to the next In addition Edel Romy makes us consider the idea that Reality does not exist without an observer In other words reading is in fact an act of dialogue with the author Besides human Reality Reality as Edel considers it is the boundary between the macro reality of the universe REALITY and the inner nano reality of the atom Reality That is REALITY Reality reality And subtly he guides us to ask ourselves What is genuinely factual in all that we call Reality Then it makes us reflect on the symbiosis that creates itself and recreates itself between author and reader I remember therefore you exist you assured me I remember therefore I live I replied Therefore you and I exist at this moment **Women Waking Up** Wendy Valentine, 2025-09-09
