Quaqtaq Modernity And Identity In An Inuit Community:

Quaqtaq Louis-Jacques Dorais,1997-01-01 Dorais examines how the Inuit community of Quaqtaq a small village on Hudson Strait has managed to preserve its identity in the modern world He points to three things kinship religion and language Language, Politics, and Social Interaction in an Inuit Community Donna Patrick,2003 Since the early 1970s the Inuit of Arctic Quebec have struggled to survive economically and culturally in a rapidly changing northern environment The promotion and maintenance of Inuktitut their native language through language policy and Inuit control over institutions have played a major role in this struggle Language Politics and Social Interaction in an Inuit Community is a study of indigenous language maintenance in an Arctic Quebec community where four languages Inuktitut Cree French and English are spoken It examines the role that dominant and minority languages play in the social life of this community linking historical analysis with an ethnographic study of face to face interaction and attitudes towards learning and speaking second and third languages in everyday life **Names and Nunavut** Valerie Alia,2008-11 On the surface naming is simply a way to classify people and their environments The premise of this study is that it is much more a form of social control a political activity a key to identity maintenance and transformation Governments legislate and regulate naming people fight to take keep or change their names A name change can indicate subjugation or liberation depending on the circumstances But it always signifies a change in power relations Since the late 1970s the author has looked at naming and renaming cross culturally and internationally with particular attention to the effects of colonisation and liberation The experience of Inuit in Canada is an example of both Colonisation is only part of the Nunavut experience Contrary to the dire predictions of cultural genocide theorists Inuit culture particularly traditional naming has remained extremely strong and is in the midst of a renaissance Here is a ground breaking study by the founder of the discipline of political onomastics Pub website

Encyclopedia of the World's Minorities Carl Skutsch,2013-11-07 This study of minorities involves the difficult issues of rights justice equality dignity identity autonomy political liberties and cultural freedoms The A Z Encyclopedia presents the facts arguments and areas of contention in over 560 entries in a clear objective manner For a full list of entries contributors and more visit the Encyclopedia of the World s Minorities website **Traditions, Traps and Trends** Jarich Oosten,Barbara Helen Miller,2018-07-23 The transfer of knowledge is a key issue in the North as Indigenous Peoples meet the ongoing need to adapt to cultural and environmental change In eight essays experts survey critical issues surrounding the knowledge practices of the Inuit of northern Canada and Greenland and the Northern Sami of Scandinavia and the difficulties of transferring that knowledge from one generation to the next Reflecting the ongoing work of the Research Group Circumpolar Cultures these multidisciplinary essays offer fresh understandings through history and across geography as scholars analyze cultural ecological and political aspects of peoples in transition Traditions Traps and Trends is an important book for students and scholars in anthropology and ethnography and for everyone interested in the Circumpolar North Contributors

Cunera Buijs Fr d ric Laugrand Barbara Helen Miller Thea Olsthoorn Jarich Oosten Willem Rasing Kim van Dam Nellejet Zorgdrager **A Liberating Spirit** Michael Wilkinson, Steven M. Studebaker, 2010-09-13 The historical ambivalence among Pentecostals about their relationship to culture and society needs evaluation How do we understand Pentecostal engagement with society and how are Pentecostals in North America engaging issues of race class gender and ecology What theologically motivates North American Pentecostals to respond to social issues What categories best explain Pentecostal responses to social issues in North America How do they compare to Pentecostal responses elsewhere Recently scholars of global Pentecostalism have proposed that the experience of the Spirit among Pentecostals has elicited the development of a Pentecostal theology of liberation which has implications for understanding Pentecostal responses to social issues These projects primarily explore the Pentecostal response to cultural issues in areas outside of North America and especially focus on Africa Asia and Latin America This volume assesses whether the categories of social liberation applied to non Western Pentecostalism characterize Pentecostalism in North America Is there evidence of a Pentecostal theology of liberation that explains Pentecostal engagement in North America Do social liberation categories fit the North American Pentecostal responses to social issues or are others more suitable These and other important questions about the relation between liberation theology and North American Pentecostalism are thoroughly explored in this important collection of essays The Language of the Inuit Louis-Jacques Dorais, 2014-08-01 The culmination of forty years of research The Language of the Inuit maps the geographical distribution and linguistic differences between the Eskaleut and Inuit languages and dialects Providing details about aspects of comparative phonology grammar and lexicon as well as Inuit prehistory and historical evolution Louis Jacques Dorais shows the effects of bilingualism literacy and formal education on Inuit language and considers its present status and future An enormous task masterfully accomplished The Language of the Inuit is not only an anthropological and linguistic study of a language and the broad social and cultural contexts where it is spoken but a history of the language s speakers **Hunters, Predators and Prey** Frédéric Laugrand, Jarich Oosten, 2014-10-01 Inuit hunting traditions are rich in perceptions practices and stories relating to animals and human beings The authors examine key figures such as the raven an animal that has a central place in Inuit culture as a creator and a trickster and qupirruit a category consisting of insects and other small life forms After these non social and inedible animals they discuss the dog the companion of the hunter and the fellow hunter the bear considered to resemble a human being A discussion of the renewal of whale hunting accompanies the chapters about animals considered prey par excellence the caribou the seals and the whale symbol of the whole By giving precedence to Inuit categories such as inua owner and tarniq shade over European concepts such as spirit and soul the book compares and contrasts human beings and animals to provide a better understanding of human animal relationships in a hunting society **The Return of the Sun** Michael J. government colonialism disrupted Inuit lives especially family lives Inuit Shamanism and Christianity Frédéric B. Laugrand, Jarich G. Oosten, 2010-01-01 Using archival material and oral testimony collected during workshops in Nunavut between 1996 and 2008 Frédéric Laugrand and Jarich Oosten provide a nuanced look at Inuit religion offering a strong counter narrative to the idea that traditional Inuit culture declined post contact They show that setting up a dichotomy between a past identified with traditional culture and a present involving Christianity obscures the continuity and dynamics of Inuit society which has long borrowed and adapted outside elements They argue that both Shamanism and Christianity are continually changing in the Arctic and ideas of transformation and transition are necessary to understand both how the ideology of a hunting society shaped Inuit Christian cosmology and how Christianity changed Inuit shamanic traditions

Time in Child Inuktitut Mary D. Swift, 2008-08-22 This book presents a study of the development of time reference in young children acquiring Inuktitut as a first language The first such study of an Eskimo Aleut language its account of children s development of time reference in a system that is fundamentally different from those found in languages previously studied makes a unique contribution to the literature on the acquisition of tense and aspect Drawing on longitudinal spontaneous speech data from eight Inuit children between 2 and 3 and a half years old this study analyzes the temporal structures their meanings and context of use in children s communicative interactions with siblings peers and caretakers during the early stages of language development The comprehensive study of previously unexplored temporal phenomena and its unprecedented findings makes this book an important resource for researchers teachers and students of child language development especially the development of time reference In addition the documentation of the Inuktitut temporal system especially as used in conversational speech will be of interest to researchers of time reference **Papers**

Healing Traditions Laurence J. Kirmayer, Gail Guthrie Valaskakis, 2009-05-01 Aboriginal peoples in Canada have diverse cultures but share common social and political challenges that have contributed to their experiences of health and illness This collection addresses the origins of mental health and social problems and the emergence of culturally responsive approaches to services and health promotion Healing Traditions is not a handbook of practice but a resource for thinking critically about current issues in the mental health of indigenous peoples Cross cutting themes include the impact of colonialism sedentarization and forced assimilation the importance of land for indigenous identity and an ecocentric self and processes of healing and spirituality as sources of resilience

Indigenous Language Revitalization in the Americas Serafín M. Coronel-Molina, Teresa L. McCarty, 2016-04-28 Focusing on the Americas home to 40 to 50 million Indigenous people this book explores the history and current state of Indigenous language revitalization across this vast region Complementary chapters on the USA and Canada and Latin America and the Caribbean offer a panoramic view while tracing nuanced trajectories of top down official and bottom up grass roots language planning and policy initiatives Authored by leading Indigenous and non Indigenous scholars the book is organized around seven overarching themes Policy and Politics Processes of Language Shift and Revitalization The Home School Community Interface Local and Global Perspectives Linguistic Human Rights Revitalization Programs and Impacts New Domains for Indigenous Languages Providing a comprehensive hemisphere wide scholarly and practical source this singular collection simultaneously fills a gap in the language revitalization literature and contributes to Indigenous language revitalization efforts

The Reinvention of Primitive Society Adam Kuper, 2017-02-17 The Reinvention of Primitive Society critiques ideas about the origins of society and religion that have been hotly debated since Darwin Tracing interpretations of the barbarian savage and primitive back through the centuries to ancient Greece Kuper challenges the myth of primitive society a concept revived in its current form by the modern indigenous peoples movement tapping into widespread popular beliefs regarding the noble savage and reflecting a romantic reaction against civilisation and science Through a fascinating analysis of seminal works in anthropology classical studies and law this book reveals how wholly mistaken theories can become the basis for academic research and political programmes Lucidly written and highly influential since first publication it is a must have text for those interested in anthropological theory and post colonial debates

The Iconic North Joan Sangster, 2016-05-21 Recent archaeological discoveries in the polar region have reanimated stock images of the intrepid explorer who braves the elements to bring modernity to a frigid northern wasteland The Iconic North reveals that ideological assumptions economic priorities and a shift in government strategy in the postwar era all influenced how northern culture

was represented in popular Canadian imagery Whether it was film television or women s autobiographies the primitive North was often portrayed as the mirror opposite to the modern South In crisp and elegant prose Joan Sangster redirects current debates about the geopolitical prospects of the North by addressing how women and gender relations have played a key role in the history of northern development Drawing on archival and cultural sources Sangster shows how gender race and colonialism shape our understanding of northern peoples economies and government policy This work reveals how assumptions about both Indigenous and non Indigenous women shaped gender class and political relationships in the circumpolar north a region now commanding more of the world s attention Colour-coded Constance Backhouse,Osgoode Society for Canadian Legal History,1999-01-01 Backhouse presents detailed narratives of six court cases each giving evidence of blatant racism created and enforced through law BOOK JACKET Inuit Studies ,2001 *The Reflexive North* Nils Aarsæther,Jørgen Ole Bæreholdt,1998 227 s hf INS 1998 303
