Romantic Poets 01 Wordsworth And Cole:

Political Tracts of Wordsworth, Coleridge and Shelley William Wordsworth, Samuel Taylor Coleridge, Percy Bysshe Shelley, **Neoclassical Satire and the Romantic School 1780-1830** Rolf P. Lessenich, 2012 Romanticism was not only heterogeneous and disunited. It also had to face the hostile counter movement of the Enlightenment and Augustan Neoclassicism still going strong at the time of and in the decades following the French Revolution due to support from the ruling Establishment the ancien regime of the Crown and Church of England. Neoclassicists regarded Romanticism as a heteretical amalgam of dissenting new schools which threatened the monopoly of the Classical Tradition. The acrimonious debates in aesthetics and politics were conducted with the traditional strategies of the classical *ars disputandi* on both sides. Under the duress of the heaviest satirical attacks Romanticism began gradually to see itself as one movement giving rise to the problematic opposition of Classical and Romantic. The construction of this rough divide however was indispensable for the clarification of different positions in the hubbub of conflicting voices and has also proved critical in literary and cultural studies which cannot do without such subsumptions. The Classical Tradition encompassing Christianity emerges as an ongoing event from Greek and Latin antiquity running through to our time. **English Romantic Poets** M. H. Amarsinghe, Upali Amarasinghe, 2010 This neatly conducted argument examining the phenomenon of romanticism is a model survey of how changes in literary taste are brought about **Writing the Poetry of Place in Britain, 1700-1807**

Elizabeth R. Napier, 2022-11-30 This book discusses the intrusion often inadvertent of personal voice into the poetry of landscape in Britain 1700 1807 It argues that strong conventions such as those that inhere in topographical verse of the period invite original poets to overstep those bounds while also shielding them from the repercussions of self expression Working under cover of convention in this manner and because for many of these poets place is tied in significant ways to personal history poets of place may launch unexpected explorations into memory personhood and the workings of consciousness This book thus supplements past largely political readings of landscape poetry turning to questions of self articulation and self expression in order to argue that the autobiographical impulse is a distinctive and innovative feature of much great eighteenth century poetry of place Among the poets under examination are Pope Thomson Duck Gray Goldsmith Crabbe Cowper Smith and Wordsworth *Romantic Ecocriticism* Dewey W. Hall, 2016-03-15 *Romantic Ecocriticism Origins and Legacies* is unique due to its rare assemblage of essays which has not appeared within an edited collection before *Romantic Ecocriticism* is distinct because the essays in the collection develop transnational and transhistorical approaches to the proto ecological early environmental aspects in British and American Romanticism First the edition s transnational approach is evident through transatlantic connections such as but are not limited to comparisons among the following writers William Wordsworth William Howitt and Henry D Thoreau John Clare and Aldo Leopold Charles Darwin and Ralph W

Emerson Second the transhistorical approach of Romantic Ecocriticism is evident in connections among the following writers William Wordsworth and Emily Bronte Thomas Malthus and George Gordon Byron James Hutton and Percy Shelley Erasmus Darwin and Charlotte Smith Gilbert White and Dorothy Wordsworth among others Thus Romantic Ecocriticism offers a dynamic collection of essays dedicated to links between scientists and literary figures interested in natural history
