Russia The Land And People Of The Soviet Union:

Russia, the Land and People of the Soviet Union Dieter Blum, Nikolai Nikolaevich Mikhaïlov, Natalya Shemiatenkova, 1985 More than 100 full color photographs record life in contemporary Russia from the frigid Arctic to the semitropical Turkmen Republic exploring all aspects of the land and the people *Russia, the Land and People of the Soviet Union* Nikolai Nikolaevich Mikhaïlov, 1980 , *Library of Congress Catalog: Motion Pictures and Filmstrips* Library of Congress, 1968 *The Soviet Union; the land and its people...* Georges Jorré, *University of Michigan Official Publication* , 1962 **Land Rights and Minorities** Roger Plant, 1994-07-01 LAND A QUESTION OF SURVIVAL The process of territorial seizure and loss began centuries ago and continues today Foreign occupation colonisation resettlement nationalisation large scale infrastructural development and wider economic forces have undermined and in some cases obliterated the land security of the world's vulnerable minorities Land is now a key issue in minority claims for protection While some minorities seek restoration of lands lost in the past others struggle to avert future dispossession or demand equality of rights with dominant majorities LAND RIGHTS AND MINORITIES written by the specialist author and consultant Roger Plant addresses the current predicament of the world's minorities with regard to access to and use of land and other natural resources It emphasises the law and policy framework for the recognition of minority land rights and the available procedures through which minorities may formulate their claims Drawing on examples from Africa the Americas Asia Australasia Europe and the Middle East the report demonstrates that the legacy of past discrimination must be addressed through affirmative action and that newly evolving policies should take into account the security of currently or potentially disadvantaged groups Some minorities are in danger of imminent extinction others pursue their demands with vigour Accepting the global imperative of environmentally sustainable land use and management this authoritative Minority Rights Group report shows how vulnerable minorities will require a range of strategies and responses to ensure their territorial security and ultimately their survival Please note that the terminology in the fields of minority rights and indigenous peoples rights has changed over time MRG strives to reflect these changes as well as respect the right to self identification on the part of minorities and indigenous peoples At the same time after over 50 years work we know that our archive is of considerable interest to activists and researchers Therefore we make available as much of our back catalogue as possible while being aware that the language used may not reflect current thinking on these issues *Other Lands, Other Peoples* National Education Association of the United States. Committee on International Relations, Elizabeth M. Thompson, 1961

The Old Faith and the Russian Land Douglas Rogers, 2016-02-04 The Old Faith and the Russian Land is a historical ethnography that charts the ebbs and flows of ethical practice in a small Russian town over three centuries The town of Sepych was settled in the late seventeenth century by religious dissenters who fled to the forests of the Urals to escape a world they believed to be in the clutches of the Antichrist Factions of Old Believers as these dissenters later came to be

known have maintained a presence in the town ever since The townspeople of Sepych have also been serfs free peasants collective farmers and now shareholders in a post Soviet cooperative Douglas Rogers traces connections between the town and some of the major transformations of Russian history showing how townspeople have responded to a long series of attempts to change them and their communities tsarist era efforts to regulate family life and stamp out Old Belief on the Stroganov estates Soviet collectivization drives and antireligious campaigns and the marketization religious revival and ongoing political transformations of post Soviet times Drawing on long term ethnographic fieldwork and extensive archival and manuscript sources Rogers argues that religious political and economic practice are overlapping arenas in which the people of Sepych have striven to be ethical in relation to labor and money food and drink prayers and rituals religious books and manuscripts and the surrounding material landscape He tracks the ways in which ethical sensibilities about work and prayer hierarchy and inequality gender and generation have shifted and recombined over time Rogers concludes that certain expectations about how to be an ethical person have continued to orient townspeople in Sepych over the course of nearly three centuries for specific identifiable and often unexpected reasons Throughout he demonstrates what a historical and ethnographic study of ethics might look like and uses this approach to ask new questions of Russian Soviet and post Soviet history
