

Russia Transformed: Breakthrough to Hope

James H. Billington

Russia Transformed Breakthrough To Hope August 1991

Wallace L. Daniel

Russia Transformed Breakthrough To Hope August 1991:

The Face of Russia James H. Billington, 2008-04-01 When the Soviet communist empire was overthrown by the Russians themselves in August 1991 the change was more clearly anticipated by humanistic students of creativity than by economic and political scientists surrounded by statistics and information Does the Russian pattern of creativity provide any hints as to how the Russians might solve problems today Having borrowed the democratic political model of their erstwhile American enemy will they be able to create a distinctive Russian variant that can endure Or will they end up destroying their own experiment at accountable constitutional government and returning to their long tradition of authoritarianism The Face of Russia a companion book to the corresponding PBS series addresses these questions This is a dazzling and forward looking history of the Russian people as told through their art from one of the world's great experts on Russian culture The story covers eight hundred years of Russian creativity and introduces us to the new art forms that burst onto the Russian scene and became the vehicles for expressing the creative aspirations of an age as well as the enduring Russian quest to find salvation and entertainment in art Russian Orthodoxy Resurgent John Garrard, Carol Garrard, 2014-09-22 Russian

Orthodoxy Resurgent is the first book to fully explore the expansive and ill understood role that Russia's ancient Christian faith has played in the fall of Soviet Communism and in the rise of Russian nationalism today John and Carol Garrard tell the story of how the Orthodox Church's moral weight helped defeat the 1991 coup against Gorbachev launched by Communist Party hardliners The Soviet Union disintegrated leaving Russians searching for a usable past The Garrards reveal how Patriarch Aleksy II a former KGB officer and the man behind the church's successful defeat of the coup is reconstituting a new national idea in the church's own image In the new Russia the former KGB who run the country Vladimir Putin among them proclaim the cross not the hammer and sickle Meanwhile a majority of Russians now embrace the Orthodox faith with unprecedented fervor The Garrards trace how Aleksy orchestrated this transformation positioning his church to inherit power once held by the Communist Party and to become the dominant ethos of the military and government They show how the revived church under Aleksy prevented mass violence during the post Soviet turmoil and how Aleksy astutely linked the church with the army and melded Russian patriotism and faith Russian Orthodoxy Resurgent argues that the West must come to grips with this complex and contradictory resurgence of the Orthodox faith because it is the hidden force behind Russia's domestic and foreign policies today **Russia at the Barricades** Victoria E. Bonnell, Ann Cooper, Gregory

Freidin, 2015-03-04 What does the Congress do How does it do it Is the Congress up to the challenges ahead This primer offers students an introduction to Congress and the role it plays in the US political system It explores the different political natures of the House and Senate and examines Congress's interaction with other branches of the Federal government

Reinterpreting Revolution in Twentieth-Century Europe Moira Donald, Tim Rees, 2017-03-14 Until the dramatic fall of Communist regimes in the East placed the possibility of revolution on the agenda once again sudden and decisive political

change had appeared a largely anachronistic phenomenon in Europe Looking back over the twentieth century it is plausible to argue that the twentieth rather than the nineteenth has been the most revolutionary of centuries In this volume leading specialists from a variety of disciplines examine the changing and conflicting meanings of revolution in modern and contemporary Europe Contributions include both broad essays on the global and historical context of European revolution and specific case studies reinterpreting a variety of revolutionary experiences

The Collapse of the Soviet Union, 1985-1991 David R. Marples, 2016-09-17 Why did the Soviet Union collapse in 1991 The collapse of the Soviet Union has widely been seen as the result of the arms race and Cold War and the failure of the Soviet side to keep pace with new technology This book argues that the disintegration was mainly a result of two interrelated factors the rise of the Soviet national republics and the manipulation of the new Russian presidency by Boris Yeltsin in what became a direct power struggle between Yeltsin and the Soviet leader Gorbachev Written in a clear and accessible manner the book provides an explanation of how the national question came to dominate Soviet politics by 1990 1 analysis of the economic crisis that occurred in the late 1980s a chapter devoted to the year 1991 from the referendum to reform the Soviet Union to the unforeseen dissolution of the country by December a discussion of the personalities of and political confrontation between the two key statesman Gorbachev and Yeltsin Also containing a Chronology Glossary and Who's Who of key figures The Collapse of the Soviet Union is essential reading for students of twentieth century European history

The Orthodox Church and Civil Society in Russia Wallace L. Daniel, 2006 In the void left by the fall of Communism in Russia during the late twentieth century can that country establish a true civil society Many scholars have analyzed the political landscape to answer this question but in The Orthodox Church and Civil Society in Russia Wallace L Daniel offers a unique perspective within the church are individuals who hold the values and institutional models that can be vital in determining the direction of Russia in the twenty first century What the tireless workers of the church are doing and whether they will succeed in building a new cultural infrastructure are questions of crucial importance Daniel tells the stories of a teacher and controversial parish priest the leader of Russia's most famous women's monastery a newspaper editor and a parish priest at Moscow University to explore thoroughly and with a human voice the transformation from Communist country to a new social order focusing on normal everyday realities Unlike other scholars who have concentrated on government and politics or looked only within the church's Moscow patriarchy Daniel explores specific religious communities and the way they operate their efforts to rebuild parish life and the individuals who have devoted themselves to such goals This is the level Daniel shows at which the reconstruction of Russia and the revitalization of Russian society is taking place This book is written for general readers interested in the intersection between politics religion and society as well as for scholars The subject and the approach cut across several disciplines area and cultural studies history political science and religious studies Jacket

The Vexing Case of Igor Shafarevich, a Russian Political Thinker Krista Berglund, 2012-02-29 This is

the first comprehensive study about the non mathematical writings and activities of the Russian algebraic geometer and number theorist Igor Shafarevich b 1923 In the 1970s Shafarevich was a prominent member of the dissidents human rights movement and a noted author of clandestine anti communist literature in the Soviet Union Shafarevich s public image suffered a terrible blow around 1989 when he was decried as a dangerous ideologue of anti Semitism due to his newly surfaced old manuscript Russophobia The scandal culminated when the President of the National Academy of Sciences of the United States suggested that Shafarevich an honorary member resign The present study establishes that the allegations about anti Semitism in Shafarevich s texts were unfounded and that Shafarevich s terrible reputation was cemented on a false basis

Russia Transformed James H. Billington,1992 Billington examines the changes that have occurred in the former Soviet Union over recent years and argues the necessity of the USA and other Western powers making positive economic political strategic and cultural responses to the new circumstances

Freedom and the Captive Mind Wallace L. Daniel,2024-10-15 Freedom and the Captive Mind is a biography of Fr Gleb Yakunin the first Orthodox priest to adopt an ecumenical approach to Russian Orthodoxy earning him the enmity of conservative groups within the Church and gratitude from other religious denominations Father Yakunin believed the survival of the Church depended on its willingness to reform When he was suspended Yakunin continued to fight the system working to expose the persecution of religious believers in the Soviet Union After years of exile Yakunin entered politics He was criticized by religious authorities denounced by nationalist politicians and excommunicated by the Russian Orthodox Church As Wallace L Daniel demonstrates the letters Yakunin wrote and his revelations about the relationship between the Church hierarchy and the KGB stand as monuments of courage and the determination to reveal the truth about abuses of power and the authoritarian mindset that predominated in both institutions

The Future of Freedom in Russia William Jacobus Vanden Heuvel,2000 Collects papers by 15 contributors 13 of them Russian delivered at a conference held in Washington in February 1999 This book describes not only the human dimensions of various problems but also the commitment and courage of the unsung founders of the new Russia

Unveiling the Power of Verbal Artistry: An Mental Sojourn through **Russia Transformed Breakthrough To Hope August 1991**

In a global inundated with displays and the cacophony of immediate interaction, the profound energy and mental resonance of verbal art frequently disappear in to obscurity, eclipsed by the regular onslaught of noise and distractions. However, nestled within the musical pages of **Russia Transformed Breakthrough To Hope August 1991**, a fascinating perform of literary beauty that impulses with raw thoughts, lies an memorable trip waiting to be embarked upon. Published by a virtuoso wordsmith, that enchanting opus courses viewers on a psychological odyssey, softly revealing the latent possible and profound impact stuck within the complicated internet of language. Within the heart-wrenching expanse of the evocative analysis, we can embark upon an introspective exploration of the book is key themes, dissect its fascinating publishing fashion, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
