

Sievers to the recent accomplishments of Jakobson, 1948, and Rajko Nahtigal, 1950.

Igor's campaign in pictorial art was exemplified by photographs of the miniatures from the Radziwiłł *Chronicle*, made in the fifteenth century from a thirteenth century original, and by the illustrated editions of the *Igor Tale*. The recent Western deluxe editions are on the highest level of mastery, especially the beautiful Alexeieff productions in the exquisite Swiss edition of 1950, with the French translation and introduction of Philippe Soupault; and the illustrations of J. Hnizdovs'kyj in the previously mentioned Hordyns'kyj edition; and the ornamental drawings by Mstislav Dobujinsky for Golokhvastov's work. A noted Russian painter, Dmitrij Stelleckij (1875-1946), devoted to the *Igor Tale* whole cycles of paintings, stylizing some devices of Old Russian iconography. The earlier of these cycles is preserved in the Moscow Tret'jakov Gallery and the later partly in the Prague Slavic Institute, partly in a private New York collection, soon to be reproduced in an album by its owner, V. M. Vassiliev.

Photographs of scenes from American productions of the opera based on the tale, *Prince Igor*, sketches of sets by N. K. Roerich and M. V. Dobujinsky, newspaper reviews and the New York edition of the score, testify in the exhibit to Igor's theatrical success in this country. Here, too, the American collections have something new to present, for the exhibition contained a Borodin handwritten sketch to the music of his famous opera.

The extent of Igor's popularity in this country was finally documented by the exhibit of distinctive neckties from a well-known New York firm under a serial label *Prince Igor*.

Russian Abbreviations: a Selective List, compiled by Alexander Rosenberg. Washington, D. C.: Reference Department, Library of Congress, 1952. 128 pp. 85 cents.

In 1935 Professor George Z. Patrick issued a list of abbreviations commonly used in the USSR. For many years his list was the only published aid to those seeking to follow Soviet literature, which abounds in alphabetical agencies and abbreviations. Now the Library of Congress has expanded greatly Professor Patrick's beginnings. Its study includes abbreviations for state agencies, for military units and equipment, for map reading and for the host of odds and ends abbreviated in Russian. Each entry includes the abbreviation and its Russian meaning in full, together with a transliteration of the abbreviation and a translation of the Russian meaning.

The Library of Congress is to be congratulated on this comprehensive work. Only a few abbreviations seem to have been missed. It will be as essential on the desk of non-Soviet scholars as their dictionaries.
