A History of Women's Writing in Russia Adele Marie Barker, Jehanne M. Gheith, 2002-07-11 A History of Women's Writing in Russia offers a comprehensive account of the lives and works of Russia's women writers Based on original and archival research this volume forces a re-examination of many of the traditionally held assumptions about Russian literature and women's role in the tradition In setting about the process of reintegrating women writers into the history of Russian

literature contributors have addressed the often surprising contexts within which women's writing has been produced. Chapters reveal a flourishing literary tradition where none was thought to exist. They redraw the map defining Russia's literary periods; they look at how Russia's women writers articulated their own experience and they reassess their relationship to the dominant male tradition. The volume is supported by extensive reference features including a bibliography and guide to writers and their works.

Explodity Nancy Perloff, 2017-01-21. The artists' books made in Russia between 1910 and 1915 are like no others. Unique in their fusion of the verbal, visual, and sonic, these books are meant to be read, looked at, and listened to. Painters and poets including Natalia Goncharova, Velimir Khlebnikov, Mikhail Larionov, Kazimir Malevich, and Vladimir Mayakovsky collaborated to fabricate hand-lithographed books for which they invented a new language called zaum, a neologism meaning beyond the mind, which was distinctive in its emphasis on sound as such and its rejection of definite logical meaning. At the heart of this volume are close analyses of two of the most significant and experimental futurist books: Mirskontsa, *Worldbackwards*, and *Vzorval*. Explodity. In addition, Nancy Perloff examines the profound differences between the Russian avant-garde and Western art movements, including futurism, and she uncovers a wide-ranging legacy in the mid-century global movement of sound and concrete poetry. The Brazilian Noigandres group, Ian Hamilton Finlay, and Henri Chopin, contemporary Western conceptual art, and the artist's book. Sound recordings of zaum poems featured in the book are available at www.getty.edu.

This classroom reader is designed to respond to that problem. The literary works selected for inclusion in this anthology introduce the core cultural and historic themes of Russia's civilisation. This material is supported by introductions, helpful annotations, and bibliographies of resources in all media. The reader is intended for use in courses in Russian literature, culture, and civilisation, as well as comparative literature.
