Fathering the Nation Russ Castronovo, 2023-11-10 Russ Castronovo underscores the inherent contradictions between America s founding principles of freedom and the reality of slavery in a book that probes mid nineteenth century representations of the founding fathers He finds that rather than being coherent and consensual narratives of nationhood are inconsistent ambivalent and ironic He examines competing expressions of national memory in a wide range of mid nineteenth century artifacts slave autobiography classic American fiction monumental architecture myths of the Revolution proslavery writing and landscape painting Castronovo theorizes a new American cultural studies which takes into consideration what Toni Morrison calls the Africanist presence that permeates American literature He presents a genealogy that recovers those members of the national family whose status challenges the body politic and its history The forgotten orphans in Melville s Moby Dick and Israel Potter the rebellious slaves in the work of Frederick Douglass and William Wells Brown the citizens afflicted with amnesia in Lincoln s speeches and the dispossessed sons in slave narratives all provide dissenting voices that provoke insurrectionary plots and counter memories Viewed here as a miscegenation of stories the narrative of America resists being told of an intelligible story of uncontested descent National identity rests not on rituals of consensus but on repressed legacies of parricide and rebellion This title is part of UC Press s Voices Revived program which commemorates University of California Press s

Melville and the Question of Meaning David Faflik, 2018-01-17 This rich volume of essays restores meaning itself as the focal point of one of our most thoughtful modern writers Herman Melville *Melville and the Question of Meaning* thinks about thinking in Melville For if Melville s concerns with interpretation the contributors to one recent collection variously read the author for the meaning of the characters the meaning of the body recesses of meaning deepest levels of meaning double

meaning and the meaning of being and everything else overlap with our own concerns at a cultural moment when meaning feels especially strained we have lost sight of the central place of meaning making in Melville's work My own readings in Melville are a pedestrian's guide through the self-conscious complications of meaning we meet with in Melville across a range of different disciplines and endeavors Combining aesthetics and sociolinguistics history and theory rhetoric and politics philosophy and film studies Melville and the Question of Meaning demonstrates that the project of making meaning in Melville remains as vital as ever

The American Mystery Tony Tanner, 2000-03-16 A collection of essays by the late Tony Tanner on a wide range of key American authors

Edinburgh Companion to Nineteenth-Century American Letters and Letter-Writing Celeste-Marie Bernier, 2016-02-15 Provides a wide-ranging entry point and intervention into scholarship on nineteenth-century American letter writing This comprehensive study by leading scholars in an important new field the history of letters and letter writing is essential reading for anyone interested in nineteenth-century American politics history or literature Because of its mass literacy population mobility and extensive postal system nineteenth-century America is a crucial site for the exploration of letters and their meanings whether they be written by presidents and statesmen scientists and philosophers novelists and poets feminists and reformers immigrants Native Americans or African Americans This book breaks new ground by mapping the voluminous correspondence of these figures and other important American writers and thinkers Rather than treating the letter as a spontaneous private document the contributors understand it as a self-conscious artefact circulating between friends and strangers and across multiple genres in ways that both make and break social ties

Key Features Draws together different emphases on the intellectual literary and social uses of letter writing Provides students and researchers with a means to situate letters in their wider theoretical and historical contexts Methodologically expansive intellectually interrogative chapters based on original research by leading academics Offers new insights into the lives and careers of Louisa May Alcott Charles Brockden Brown Emily Dickinson Frederick Douglass Margaret Fuller Henry James Thomas Jefferson Abraham Lincoln Herman Melville Harriet Beecher Stowe and Edgar Allan Poe among many others
