John Beer

S T Coleridge Interviews And Recollections:

S.T. Coleridge N. Trott, Seamus Perry, 2000-10-31 Meeting Coleridge was one of the Romantic age's most memorable experiences and many of his contemporaries left vivid records Wordsworth Lamb Hazlitt Keats Emerson and many others often now forgotten This book is a comprehensive fully annotated collection of such reminiscences Drawing on an eclectic range of materials including private journals letters poems and comic portraits and printing many texts otherwise difficult to access it will prove an invaluable resource for students of romanticism as well as a treasure trove for Coleridge's many admirers *The Cambridge Introduction to Samuel Taylor Coleridge* John Worthen, 2010-09-02 Author of *The Rime of the Ancient Mariner* *Kubla Khan* and *Christabel* and co author with Wordsworth of *Lyrical Ballads* in 1798 Samuel Taylor Coleridge was one of the great writers and thinkers of the Romantic revolution This innovative introduction discusses his interest in language and his extraordinary private notebooks as well as his poems his literary criticism and his biography John Worthen presents a range of readings of Coleridge's work along with biographical context and historical background Discussion of Coleridge's notebooks alongside his poems illuminates this rich material and finds it a way into his creativity Readers are invited to see Coleridge as an immensely self-aware witty and charismatic writer who although damaged by an opium habit responded to and in his turn influenced the literary political religious and scientific thinking of his time **The Coleridge Legacy** Philip Aherne, 2018-09-08 This book examines the development of Samuel Taylor Coleridge's intellectual legacy in Britain and America from 1834 to 1934 by focusing on his late role as the Sage of Highgate and his programme of educating young minds who were destined for the higher professions particularly preaching and teaching Chapters assess his pedagogy and his late publications his posthumous reputation and his influence on aesthetics theology philosophy politics and social reform The book discusses a wide range of British and American intellectuals including Thomas and Matthew Arnold F D Maurice John Stuart Mill Henry Sidgwick Shadworth Hodgson T H Green James Marsh Ralph Waldo Emerson Horace Bushnell William James and John Dewey It demonstrates how Coleridgean ideas were developed and distorted into something he would never have recognized as his own and emphasizes his significance as a catalyst who played a vital role in shaping the intellectual vocation of the long nineteenth century **Coleridge's Play of Mind** John Beer, 2010-09-02 Each chapter takes a passage of Coleridge's life and characterizes the nature and function of a playful element in his consciousness **Ecology and the Literature of the British Left** H. Gustav Klaus, Valentine Cunningham, 2016-04-29 Premised on the belief that a social and an ecological agenda are compatible this collection offers readings in the ecology of left and radical writing from the Romantic period to the present While early ecocriticism tended to elide the bitter divisions within and between societies recent practitioners of ecofeminism environmental justice and social ecology have argued that the social the economic and the environmental have to be seen as part of the same process Taking up this challenge the contributors trace the origins of an environmental sensibility and of the modern left to their roots in the late eighteenth and

early nineteenth centuries charting the ways in which the literary imagination responds to the political industrial and agrarian revolutions Topics include Samuel Taylor Coleridge s credentials as a green writer the interaction between John Ruskin s religious and political ideas and his changing view of nature William Morris and the Garden City movement H G Wells and the Fabians the devastated landscapes in the poetry and fiction of the First World War and the leftist pastoral poetry of the 1930s In historicizing and connecting environmentally sensitive literature with socialist thought these essays explore the interactive vision of nature and society in the work of writers ranging from William Wordsworth and John Clare to John Berger and John Burnside Ecology and the Literature of the British Left Dr John Rignall, Professor H Gustav Klaus, Professor Valentine Cunningham, 2012-10-28 Premised on the belief that a social and an ecological agenda are compatible this collection offers readings in the ecology of left and radical writing from the Romantic period to the present While early ecocriticism tended to elide the bitter divisions within and between societies recent practitioners of ecofeminism environmental justice and social ecology have argued that the social the economic and the environmental have to be seen as part of the same process Taking up this challenge the contributors trace the origins of an environmental sensibility and of the modern left to their roots in the late eighteenth and early nineteenth centuries charting the ways in which the literary imagination responds to the political industrial and agrarian revolutions Topics include Samuel Taylor Coleridge s credentials as a green writer the interaction between John Ruskin s religious and political ideas and his changing view of nature William Morris and the Garden City movement H G Wells and the Fabians the devastated landscapes in the poetry and fiction of the First World War and the leftist pastoral poetry of the 1930s In historicizing and connecting environmentally sensitive literature with socialist thought these essays explore the interactive vision of nature and society in the work of writers ranging from William Wordsworth and John Clare to John Berger and John Burnside *The Broadview Anthology of Literature of the Revolutionary Period 1770-1832* , 2010 **Literary Communication as Dialogue** Roger D. Sell, 2020-11-15 As traced by Roger D Sell literary communication is a process of community making As long as literary authors and those responding to them respect each other s human autonomy literature flourishes as an enjoyable though often challenging mode of interaction that is truly dialogical in spirit This gives rise to author respondent communities whose members represent existential commonalities blended together with historical differences These heterogeneous literary communities have a larger social significance in that they have long served as counterweights to the hegemonic tendencies of modernity and more recently to postmodernity s well intentioned but restrictive politics of identity In post postmodern times their ethos is increasingly one of pleasurable egalitarianism The despondent anti hedonism of the twentieth century intelligentsia can now seem rather dated Some of the papers selected for this volume develop Sell s ideas in mainly theoretical terms But most of them offer detailed criticism of particular anglophone writers ranging from Shakespeare Ben Jonson and other poets and dramatists of the early modern period through Wordsworth and Coleridge to Dickens Pinter and

Rushdie **Romanticism and the Letter** Madeleine Callaghan, Anthony Howe, 2020-01-29 Romanticism and the Letter is a collection of essays that explore various aspects of letter writing in the Romantic period of British Literature Although the correspondence of the Romantics constitutes a major literary achievement in its own right it has received relatively little critical attention Essays focus on the letters of major poets including Wordsworth Byron Shelley and Keats novelists and prose writers including Jane Austen Leigh Hunt and Charles Lamb and lesser known writers such as Melesina Trench and Mary Leadbeater Moving from theories of letter writing through the period s diverse epistolary culture to essays on individual writers the collection opens new perspectives for students and scholars of the Romantic period **Bodily Pain in Romantic Literature** Jeremy Davies, 2014-03-14 Shortlisted for the University English Early Career Book Prize 2016 Shortlisted for the British Association for Romantic Studies First Book Prize 2015 When writers of the late eighteenth and early nineteenth centuries explored the implications of organic and emotional sensitivity the pain of the body gave rise to unsettling but irresistible questions Urged on by some of their most deeply felt preoccupations and in the case of figures like Coleridge and P B Shelley by their own experiences of chronic pain many writers found themselves drawn to the imaginative scrutiny of bodies in extremis Bodily Pain in Romantic Literature reveals the significance of physical hurt for the poetry philosophy and medicine of the Romantic period This study looks back to eighteenth century medical controversies that made pain central to discussions about the nature of life and forward to the birth of surgical anaesthesia in 1846 It examines why Jeremy Bentham wrote in defence of torture and how pain sparked the imagination of thinkers from Adam Smith to the Marquis de Sade Jeremy Davies brings to bear on Romantic studies the fascinating recent work in the medical humanities that offers a fresh understanding of bodily hurt and shows how pain could prompt new ways of thinking about politics ethics and identity

Embracing the Beat of Appearance: An Psychological Symphony within **S T Coleridge Interviews And Recollections**

In a global used by displays and the ceaseless chatter of fast transmission, the melodic elegance and mental symphony created by the written term usually disappear into the background, eclipsed by the relentless sound and distractions that permeate our lives. But, nestled within the pages of **S T Coleridge Interviews And Recollections** a stunning fictional treasure filled with organic emotions, lies an immersive symphony waiting to be embraced. Crafted by an elegant composer of language, that fascinating masterpiece conducts readers on a psychological journey, well unraveling the concealed melodies and profound impact resonating within each cautiously crafted phrase. Within the depths with this moving analysis, we will explore the book is key harmonies, analyze their enthralling publishing style, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
