The Second Cataract Fortress of Dorginarti Lisa A Heidorn, 2023-04-10 The best known sites along the length of the Nile River s Second Cataract are the ruins of Egyptian towns and fortresses occupied during the Old Middle and New Kingdoms One of the fortresses in the Second Cataract region Dorginarti existed in a later era than the better known Middle and New Kingdom forts The earliest ceramics found at the site date from the later tenth or early ninth century BC and those from a later occupation stem from the early eighth century The latest phase of occupation did not extend far beyond the first phase of Persian dominance in Egypt beginning in the last quarter of the sixth century BC This volume is the final report of the emergency excavations

undertaken at Dorginarti for five months in 1964 by the University of Chicago's Institute for the Study of Ancient Cultures as part of the UNESCO Nubian salvage project necessitated by the building of the Aswan High Dam. Following a description of the fortress's landscape and resources, the book describes Dorginarti's architecture in detail and then presents the selection of artifacts brought back from the Sudan and stored in the ISAC Museum. The picture that emerges from the archaeological record shows the continuing importance of Lower Nubia after the withdrawal of Egyptian control in the late second millennium BC and before the rise of the Kushite empire in the Twenty-Fifth Dynasty.

Diving deep into the mysterious and the macabre *Into the Darkness* is an enthralling anthology that traverses the shadowy landscapes of 19th and early 20th century literature. This collection brings together an eclectic mix of gothic horror, supernatural tales, and psychological explorations, each narratively rich in atmosphere and tension. From chilling tales of the spectral and the peculiar to the deeply introspective, the variety showcases the period's literary ingenuity and fascination with the dark corners of the human psyche. Standout pieces which tread the fine line between reality and the beyond evoke an unforgettable journey through the unknown. The anthology assembles luminaries from Wilhelm Hauff to H. P. Lovecraft, representing a wide array of cultural and stylistic backgrounds. Together they craft a panorama of the themes that preoccupied their eras: the boundaries of human experience, the distortion of time, and the existential dread woven into everyday life. This convergence of voices underscores the impact of gothic and horror traditions, reflecting movements such as Romanticism, the Gothic Revival, and the burgeoning interest in speculative fiction, enriching the reader's understanding of the era's preoccupations and societal undercurrents. *Into the Darkness* is a compendium that offers a remarkable exploration of human fears and fascinations, drawing upon multiple perspectives that evoke a complex tapestry of gothic allure. For readers eager to delve into the nuances of terror and the macabre, this anthology provides an invaluable resource. Its educational insights and thematic breadth make it an essential read for those wishing to explore the dialogues between these

groundbreaking authors cultivating an appreciation for the enduring legacy of dark and speculative storytelling Famous Modern Presses [Booksellers' Catalogues]. ,1929 *National Union Catalog* ,1972 Includes entries for maps and atlases
