The Sayings of the Ancient One Patrick Gillman Bowen,1969 **The Sayings of the Ancient One** Patrick Gillman Bowen,1962 **The Sayings of the Ancient One** Patrick G. Bowen,1972 *Empire of Religion* David Chidester,2022-12-22 How is knowledge about religion and religions produced and how is that knowledge authenticated and circulated David Chidester seeks to answer these questions in *Empire of Religion* documenting and analyzing the emergence of a science of comparative religion in Great Britain during the second half of the nineteenth century and its complex relations to the colonial situation in southern Africa In the process Chidester provides a counterhistory of the academic study of religion an alternative to standard accounts that have failed to link the field of comparative religion with either the power relations or the historical contingencies of the imperial project In developing a material history of the study of religion Chidester documents the importance of African religion the persistence of the divide between savagery and civilization and the salience of mediations imperial colonial and indigenous in which knowledge about religions was produced He then identifies the recurrence of these mediations in a number of case studies including Friedrich Max Müller s dependence on colonial experts H Rider Haggard and John Buchan s fictional accounts of African religion and W E B Du Bois s studies of African religion By reclaiming these theorists for this history Chidester shows that race rather than theology was formative in the emerging study of religion in Europe and North America Sure to be controversial *Empire of Religion* is a major contribution to the field of comparative religious studies *Wild Religion* David Chidester,2012-04-23 This book examines South Africa s political journey of the late twentieth and early twenty first century in the context of religious diversity and the recent revitalization of indigenous religion and rituals **Oxford Treasury of Sayings and Quotations** Susan Ratcliffe,2011-10-13 Contains quotations proverbs and phrases from throughout history and around the world grouped by topic in over four hundred alphabetically arranged categories from Ability to Youth Includes a list of themes and a keyword index **Popular Morality in the Early Roman Empire** Teresa Morgan,2007-08-09 Morality is one of the fundamental structures of any society enabling complex groups to form negotiate their internal differences and persist through time In the first book length study of Roman popular morality Dr Morgan argues that we can recover much of the moral thinking of people across the Empire Her study draws on proverbs fables exemplary stories and gnomic quotations to explore how morality worked as a system for Roman society as a whole and in individual lives She examines the range of ideas and practices and their relative importance as well as questions of authority and the relationship with high philosophy and the ethical vocabulary of documents and inscriptions The Roman Empire incorporated numerous overlapping groups whose ideas varied according to social status geography gender and many other factors Nevertheless it could and did hold together as an ethical community which was a significant factor in its socio political success [The Theosophical Path](#) Katherine Augusta Westcott Tingley,1919 **The Theosophist** ,1997 *The Historical Jesus: Jesus' mission, death, and Resurrection* Craig A.

Evans,2004 Including a range of materials dating from the nineteenth century to the present this comprehensive collection brings together the essential research into the historical reality of Jesus the man his teachings and the acts and events ascribed to him that comprise the foundational story of one of the world s central religions br br The set features a substantial new introduction by the editor in the first volume and a full index in the last and provides work covering all of the key aspects of the field including the recent discussions concerning anti Semitism in early Christianity and the political and ideological filtering of the Jesus story through the Roman empire and beyond **Pottery, Poetry, and Prophecy** David Noel Freedman,1980 A collection of articles and essays practically all of which were published during the 1970 s **The Aryan Path** Sophia Wadia,1938 **The Wisdom of the Aramaic Book of Ahiqar** Seth Bledsoe,2021-10-25 This book offers fresh readings of the Aramaic book of Ahiqar an oft underappreciated ancient wisdom text In undertaking a comprehensive literary analysis incorporating both the drama and the sayings together Bledsoe shows that Ahiqar s didactic impulse is founded on a sense of uncertainty about life offering advice for those in times of distress much like the titular character himself While Ahiqar shares many features with instructional literature like Proverbs the ambiguous cosmic and social order imagined in the text resonate more strongly with the likes of Qoheleth or Job Bledsoe also takes seriously the Elephantine context suggesting that the social and political ethic evinced by the work would have resonated strongly with the Judean community in Achaemenid Egypt **Gerhard von Rad and the Study of Wisdom Literature** Timothy J. Sandoval,Bernd U. Schipper,2022-10-20 Gerhard von Rad s study of biblical wisdom literature in Weisheit in Israel 1970 is widely regarded as one of the most important studies in the field of ancient Israelite wisdom literature More than fifty years later contributors to Gerhard von Rad and the Study of Wisdom Literature reevaluate the significance and shortcomings of the late scholar s work and engage new methods and directions for wisdom studies today Contributors include George J Brooke Ariel Feldman Edward L Greenstein Arthur Jan Keefer Jennifer L Koosed Will Kynes Christl M Maier Timothy J Sandoval Bernd U Schipper Mark Sneed Hermann Spieckermann Anne W Stewart Raymond C Van Leeuwen Stuart Weeks and Benjamin G Wright III This collection of essays is essential reading not only for specialists in wisdom studies but also for scholars and advanced students of the Hebrew Bible in general **The Sayings of the Ancient One** P. G. Bowen,1985 **The Publishers Weekly** ,1973 **Esoteric Zen** Stephan Kigensan Licha,2023-06-26 When a Zen teacher tells you to point at your mind which part of your body do you point at According to the Japanese master Chikotsu Daie 1229 1312 you should point at the fistful of meat that is your heart Esoteric Zen demonstrates that far from an outlier Daie s understanding reflects the medieval Buddhist mainstream in which tantric teachings and Zen were closely entwined movements that often developed within the same circles of thinkers and texts br Drawing on newly discovered manuscript materials it shows how medieval practitioners constructed a unique form of Zen by drawing on tantric doctrinal discourses Jesus the Sage Ben Witherington, III,2000-01-01 The path of wisdom from Solomon to Jesus and from Jesus to the churchIn the early Jesus

movement wisdom in the person of Jesus was believed to have returned to heaven exalted to the right hand of God and to reign from there But Jesus as wisdom had left both his legacy and his influence behind The sayings of Jesus recorded in the Gospels reflect not only the influence of the Israelite wisdom traditions but also the tradition of the personification of wisdom In this provocative volume newly available in paperback Ben Witherington provides both an introduction to Israel s wisdom traditions and insight into how Jesus and his sayings fit in that tradition Beyond this he demonstrates the on going significance and influence of these traditions on other New Testament writings He concludes that Jesus may be viewed primarily as a prophetic sage emphasizing instruction insight and humor in a vein counter to the dominant culture
