It provides an up to the minute guide to the reality of undue influence the preferred term for mind control in the post 9/11 era. *Unstable Global Environment Enhances Dangers of Unethical Control*. The world has changed greatly in the last decade. The rise of the Internet, the emergence of global terrorism and of dangerous totalistic ideologies and the shifts in global markets these and other changes have created new opportunities for unscrupulous individuals, groups and institutions to exert unethical control over others. *Freedom of Mind* exposes the techniques and methods that individuals, cults and institutions of all types religious, business, therapeutic, educational, governmental use to undo a person's capacity to think and act independently. *Individuals More Vulnerable than Ever*. The Internet is now the primary vehicle for recruitment and indoctrination. It is also a means for spreading sophisticated information about social psychology, hypnosis and other techniques of social control which are being used in ways both effective and dangerous by influence professionals. Meanwhile people are becoming increasingly vulnerable. Sleep deprived, overweight and looking to improve themselves, overloaded with often frightening images and information, anxious about the current economic decline, climate change and government corruption on all levels. People are more susceptible than ever to charismatic figures who offer simple black v white, us v them, good v evil formulaic solutions. These factors, the rise of the Internet, increasingly sophisticated knowledge about how to influence and manipulate others and the growing vulnerabilities of people across the planet make for a dangerous, potentially devastating combination. *Freedom of Mind Provides Help for Yourself, a Loved One or a Friend*. Hassan's new book *Freedom of Mind* aims to fill the gap. It identifies and explains how to identify and evaluate potentially dangerous groups and individuals. Hassan details his groundbreaking approach, the Strategic Interactive Approach, which can be used to help a loved one leave such a situation. Step by step Hassan shows you how to evaluate the situation, interact with dual identities, develop communication strategies using phone calls, letter writing and visits, understand and utilize cult beliefs and tactics, use reality testing and other techniques to promote freedom of mind. He emphasizes the value of meeting with trained consultants to be effectively guided and coached and also to plan and implement effective interventions. The best way to protect yourself and your loved ones is knowledge and awareness.

All with God, Jesus and the Angels Bonnie Page, 2024-04-16. Since the age of four, Bonnie can remember growing up in a house filled with spirits; they always seemed to be coming and going. Coming from a long line of mediums on her mother's side, it was no surprise to see her grandmother, who had passed years before, standing in the doorway of her bedroom or catching glimpses of spirits, guides and angels who always surrounded her with protection. It probably didn't help that she grew up in a historical schoolroom where children were drawn to and where she met her best friend from Spirit who came to play with her. Her life was never boring but filled with love and a knowing that God, Jesus and the Angels always surrounded her and you with Love. Today Bonnie shares her gifts and true stories from the spirit world that will warm your heart and leave you knowing that Heaven truly does exist.
