Loving Obedience Child Training Techniques That Work:

Loving Obedience William J. Richardson, 2000 While there are classes for those few hours spent giving birth where does one find instruction for the years of parenting to follow that trip home from the hospital How can a parent really meet their child s needs Bill Richardson seeks to answer these and other questions in the most practical of ways Loving Obedience is a systematic practical parent training manual Be intentional in learning how to parent You just might be surprised to see how quickly it makes a difference in the life of your own child The Montessori Method - Scientific Pedagogy as Applied to Child Education Maria Montessori, 2016-08-18 In the period that has elapsed between the publication of the Italian and American editions I have had with my pupils the opportunity to simplify and render more exact certain practical details of the method and to gather additional observations concerning discipline The results attest the vitality of the method and the necessity for an Pg viii extended scientific collaboration in the near future and are embodied in two new chapters written for the American edition I know that my method has been widely spoken of in America thanks to Mr S S McClure who has presented it through the pages of his well known magazine Indeed many Americans have already come to Rome for the purpose of observing personally the practical application of the method in my little schools If encouraged by this movement I may express a hope for the future it is that my work in Rome shall become the centre of an efficient and helpful collaboration To the Harvard professors who have made my work known in America and to McClure s Magazine a mere acknowledgment of what I owe them is a barren response but it is my hope that the method itself in its effect upon the children of America may prove an adequate expression of my gratitude Maria Montessori **The Montessori Method** Maria Montessori, 2013-03-14 The Montessori Method is an all encompassing introduction to Dr Montessori s popular alternative approach to educating and nurturing children as they develop written by the Italian physician The Montessori teaching method focuses on a child s natural abilities and interests and encourages hands on learning Removing the formality of traditional elements of education such as examinations Dr Montessori s approach to teaching gives children the opportunity to learn from their mistakes and develop at their own pace First published in 1912 and featuring original illustrations this introduction to the method is clear and simple making it an ideal read for teachers and parents alike This volume features the following chapters How the Lesson Should be Given Exercises of Practical Life Nature in Education Education of the Senses Intellectual Education Method for the Teaching of Reading and Writing Teaching of Numeration Introduction to Arithmetic

Collection of publications on the Montessori method of education ,1915 The Montessori Method

Montessori, 2014-07-02 The Montessori Method represents an explicit idealism and turn away from war and violence toward peace and reconstruction It is built on coherent visions of how to improve human society by helping children realize their full potential as intelligent creative whole persons In the Montessori Method children are viewed as active authors of their own development strongly influenced by natural dynamic self righting forces within themselves opening the way toward growth

and learning Teachers depend for their work with children on carefully prepared aesthetically pleasing environments that serve as a pedagogical tool and provide strong messages about the curriculum and about respect for children Partnering with parents is highly valued in the Montessori Method and children are evaluated by means other than traditional tests and grades *The Colorado School Journal* ,1916 **The Connecticut Common School Journal and Annals of Education** ,1858 **The Montessori Method** Gerald Lee Gutek,2004-04-05 An essential resource for all students and scholars of early childhood education this book offers a rich array of material about Maria Montessori and the Montessori Method Distinguished education scholar Gerald Gutek begins with an in depth biography of Montessori exploring how a determined young woman overcame the obstacles that blocked her educational and career opportunities in Italy during the late Victorian age The author then analyzes the sources and influences that shaped the Montessori philosophy of education After laying the foundation for Montessori s development Gutek presents an annotated and abridged edition of *The Montessori Method* 1912 the seminal work that introduced her educational innovations to a U S audience The book concludes with key historical documents including disciple Anne E George s notes on the Montessori lectures and William H Kilpatrick s critique of the Montessori method Preserving the historical context of Montessori s contribution Gutek also shows the continuing relevance of her thought to educational reform in the twenty first century **The Public School Journal** ,1899 **Journal of Education** ,1881 *RTS Reformed Quarterly* ,1996 **Proceedings of the Annual Convention ...
