Shakespeare and the World of "Slings & Arrows" Gary Kuchar, 2024-10-15 Slings Arrows starring Susan Coyne Paul Gross Don McKellar and Mark McKinney as members of the New Burbage Theatre Festival was heralded by television critics as one of the best shows ever produced and one of the finest depictions of life in classical theatre Shakespeare scholars however have been ambivalent about the series at times even hostile In Shakespeare and the World of Slings Arrows Gary Kuchar situates the three season series in its cultural and intellectual contexts More than a roman clef about Canada's Stratford Festival he shows it is a privileged window onto major debates within Shakespeare studies and a drama that raises vital questions about the role of the arts in society Kuchar reads the television show ever fluctuating between faith and doubt in the power of drama as an allegory of Peter Brook's widely renowned account of modern theatre The Empty Space mirroring Brook's distinction between holy theatre a quasi sacred vocation and deadly theatre a momentary entertainment Combining contextualized interpretations of the series with subtle formalist readings Kuchar explains how Slings Arrows participates in a broader recuperation of humanist approaches to Shakespeare in contemporary scholarship The result is a demonstration of how and why Shakespeare continues to provide not just entertainment but equipment for living The Athenaeum, 1920 *The Absent Shakespeare* Mark Jay Mirsky, 1994 The Absent Shakespeare challenges the notion that Shakespeare is faceless in his plays It opposes Borges's notion of Shakespeare as no one a bit of coldness a Shakespeare who constructed a mythology based on his own intense private life Notes, critical, illustrative and practical, on the Book of Job: With a new translation, and an introductory dissertation by Albert Barnes, 1847 *The Works of William Shakespeare* William Shakespeare, 1890 Logic of the Fall Richard Arnold, 2006 Logic of the Fall is the first book to examine the formal logical properties of central speeches and dialogues in Paradise Lost according to John Milton's formulae principles and concerns in his own Art of Logic In so doing this book offers unconventional but cogent readings of this poem's central issues

the respective roles and responsibilities of Adam and Eve the method of Satan s engineering of the Fall and on who falls first the causative properties of the Fall and the issue of culpability and Milton s ultimate legacy for his readership The Fall of humankind in Paradise Lost is not due to passion or will over reason but rather to pure reason over right reason
