Managing Gods Money The Basics Workbook:

Managing God's Money Bell, Michel A, 2001 Jesus Christ is the Creator of the universe and owns everything. Consequently we are managers of all resources we acquire throughout life including money and we must act accordingly. This workbook is a companion to Michel Mike Bell's previous publication *Managing God's Money The Basics* in which he provides a simple framework and useful proven techniques for managing money effectively. The workbook was designed to facilitate individual and group study of key principles such as goal setting, planning, budgeting, borrowing, and giving. It will allow individuals to drill deeper in the Bible to understand financial concepts more fully. Questions shown throughout will require thoughtful reflection and will help the reader unearth several key truths from the Bible about the effective use of resources. Additionally, the reader will get a good understanding of basic financial concepts while learning important spending tips. Michel A Bell is a believer in Jesus Christ, founder and president of Managing God's Money Ministries. He held several executive positions during 32 years with Alcan Inc, leaving in 2002 as Vice President Business Planning bauxite, alumina, and specialty chemicals. He is a graduate of the Alfred P Sloan School of Management at Massachusetts Institute of Technology. Email Address: michelbell@managinggodsmoney.com Website: www.managinggodsmoney.com *Business Simplified: Serving people, becoming better stewards, creating value*. Michel A. Bell, 2018-01-16. In *Business Simplified*, former business executive Michel A Bell demystifies business with simple, helpful ideas from his experience and research. Business is about people. The right people unified in the correct positions, headed in the proper direction to delight customers and create value for stakeholders. Straightforward practical solutions from Michel's vast global business experience and research will enable cooperation, pinpoint suitable path to gain customers for life and build shareholder value. Further insights to design and implement strategies for a competitive edge appear throughout the book. Michel cautions against so-called five yearly strategic plans which usually excludes tough choices, the essence of strategy necessary to steer the entity to its mission.
