Subcommittee on Environment, Soil Conservation, and Forestry,1979 **Digital Diplomacy in the OSCE Region** Erman Akıllı, Burak Güneş, Oğuz Güner,2024-03-14 This edited volume examines the practices and applications of digital diplomacy in the OSCE Region As a security organization the Organization for Security and Cooperation in Europe OSCE prioritizes its member states cyber security and cyberspace activities The book examines two key areas where digital diplomacy challenges traditional diplomatic practices of the OSCE member States institutional adaptation and policy innovation in the OSCE Region It 1 investigates how capable and motivated foreign ministries are at the institutional level to shift to digital diplomacy and 2 explores how digital diplomacy affects the fundamental diplomatic tasks of representation communication and relationship management at the policy level Technological advances in IT and the Internet s widespread

introduction in the wake of the 2000s provided new territories to conquer for states to pursue their interests Moreover technological developments and media attention enhanced information flow and communication through new platforms like online encyclopedias i e Wikipedia video sharing sites i e YouTube and social media platforms i e Facebook Instagram Twitter Because of these transformations public opinion became influential in diplomacy and a greater need to include foreign publics as part of foreign policy goals emerged Introducing case studies from several OSCE countries presented by an international group of authors this book provides a timely response to current affairs and policy debates by providing pluralistic perspectives from different countries and disciplines such as international relations political science international law and political economy It will appeal to students researchers and scholars of the aforementioned disciplines as well as policy makers and practitioners interested in a better understanding of digital democracy and digital diplomacy in the OSCE region Entanglements of Rare Diseases in the Baltic Sea Region Malgorzata Rajtar,Katarzyna E. Król,2023-10-16

Although rare diseases have captured public attention in recent decades the lived experiences of people affected by these conditions remain on the periphery of medical anthropological inquiry Focusing on Poland Finland and Sweden and foregrounding notions of rare or chronic disease as an embedded category this book critically analyzes entanglements between people and families with rare diseases and care practices that involve local healthcare policies practitioners and treatment modalities Drawing on locally grounded case studies Entanglements of Rare Diseases in the Baltic Sea Region constitutes a unique and important contribution to both global medicine and social science scholarship
