Jim Corbett's Man-eaters of Kumaon Jim Corbett, 1990 **Man-Eaters of the World** Alex MacCormick, 2014-10-07

Humans may have reached the top of the food chain, but the world is still teeming with apex predators who retain the advantage in their own environments and sometimes venture into ours, especially when they have gained a taste for human blood. Survivors, hunters, and witnesses recall first-hand accounts of hair-raising fatal encounters with massive and dangerous beasts of the wild, describing the often rapid and unstoppable series of events that result in devastation and serve to bolster the legends of the world's flesh-hungry man-eaters: Relentless wolves and rogue elephants, swarms of fire ants and vicious sharks, ruthless panthers, grizzly bears, crocodiles, and even human cannibals. All have taken their toll on unsuspecting travelers.

[A Man-Eater in Kasan Kadu](#) Balamurugan K A, 2024-01-24

With the aid of Arul and Viji, a poacher named Arivalagan, tracks a tiger in the fringe of the tiger reserve and captures it. The tiger manages to escape during their attempt to transfer it to an undisclosed destination, however, and enters a location where its presence is unexpected. In order to stop the tiger from endangering the public, Arul and Viji set out to track it down and trap it. Unfortunately, as things go, the tiger turns into a man-eater, and its detrimental impact can be felt outside the hamlet. The narrative moves between the communities where the tiger preys on humans, illuminating the customs, way of life, and issues that locals deal with on a daily basis.

Maneater Jack Warner, 2014-04-01

Pure perfect suspense. Jack Warner has crafted a riveting tale of man and beast. Stephen Coonts, New York Times bestselling author, says: "Most hunts end in a death. This hunt begins with one. Lanelle Jackson's: A wild tiger has escaped its cargo truck and now roams the dense forests of the Appalachian Mountains. When deer and wild boar run out, the tiger turns its growing hunger towards man. Now it has a taste for easy prey. With a body count on the rise and the media coming in, Sheriff Grady Brickhouse calls upon Jim

Graham a tiger hunter trained in India to end the man eater s killing spree However Graham is retired and at 73 his body isn t as fast as it used to be The only edge Graham holds now is a nine year old boy who has somehow bonded with the tiger But it s a bond that makes him protective of the beast even as it circles ever closer to hurting the ones he loves This hunt will probably be Graham s last The question is will it end with the tiger s death or his own In MANEATER author Jack Warner crafts a tightly suspenseful adventure novel where death hides in the shadows of small town life It will have you straining to hear the low growl of the wild before it s too late

Man the Hunted Donna Hart,2018-04-17 Man the Hunted argues that primates including the earliest members of the human family have evolved as the prey of any number of predators including wild cats and dogs hyenas snakes crocodiles and even birds The authors studies of predators on monkeys and apes are supplemented here with the observations of naturalists in the field and revealing interpretations of the fossil record Eyewitness accounts of the man the hunted drama being played out even now give vivid evidence of its prehistoric significance This provocative view of human evolution suggests that countless adaptations that have allowed our species to survive from larger brains to speech stem from a considerably more vulnerable position on the food chain than we might like to imagine The myth of early humans as fearless hunters dominating the earth obscures our origins as just one of many species that had to be cautious depend on other group members communicate danger and come to terms with being merely one cog in the complex cycle of life

Multispecies Modernity Sundhya Walther,2021-06-01 Multispecies Modernity Disorderly Life in Postcolonial Literature considers relationships between animals and humans in the iconic spaces of postcolonial India the wild the body the home and the city Navigating fiction journalism life writing film and visual art this book argues that a uniquely Indian way of being modern is born in these spaces of disorderly multispecies living The zones of proximity traversed in Multispecies Modernity link animal human relations to a politics of postcolonial identity by transgressing the logics of modernity imposed on the postcolonial nation Disorderly multispecies living is a resistance to the hygiene of

modernity and a powerful alliance between human and nonhuman subalterns In bringing an animal studies perspective to postcolonial writing and art this book proposes an ethics of representation and an ethics of reading that have wider implications for the study of relationships between human and nonhuman animals in literature and in life **Gone Are the Days** Peter Byrne, 2001-01-01 Peter Byrne has led the life most of us can only dream about After WW II he returned to Ireland but being restless he decided to find a job that would take him to exotic lands Using his family's connections he was hired as a manager on a huge Indian tea plantation in the Himalayan foothills a posh job that came with 17 servants and a mansion Almost immediately on arrival he was plunged into Indian jungle hunting his primary love when the local villagers turned to him with a plea to eliminate a rogue boar Read his exciting description of how he jumped from a tree and sliced the boar's skull in two while half the adult males of the village stayed in the trees to watch and cheer him on Share his many adventures in India with tiger elephant and leopard and see how a fortuitous championing of a member of the ruling elite of Nepal during a bar brawl prompted Peter to move to Nepal and become a professional hunter there Move with him to Nepal where he was for years the only authorized professional hunter to operate in that country In the unspoiled wilderness of the White Grass Plains area of Nepal where there were virtually no roads and the natives did not even know the name of the capital of the country he hunted tiger right up till the close of tiger hunting in 1969 Follow his exploits in the Terai forested southlands of Nepal where he encountered a man eater that was eventually killed by a train This is the true life story about a time that now is completely gone a time when virtually no cars were seen in the remote areas of India and Nepal a time when tiger gaur leopard sambar and many other jungle denizens were plentiful beyond description Those days are truly gone
