Lincoln Mediated Gregory Borchard, David W. Bulla, 2017-07-05 Lincoln Mediated provides new information about a historical figure everyone thinks they know. It describes how Abraham Lincoln worked with the press throughout his political career beginning with his service in Congress in the late 1840s and detailing how his ties to newspapers in Illinois New York and Washington played a central role in the success of his presidency. Gregory A. Borchard and David W. Bulla study how Lincoln used the press to deliver his written and spoken messages how editors reacted to the president and how Lincoln responded to their criticism. Reviewing his public persona through the lens of international media and visually based sources a fascinating profile emerges. The authors cite the papers of Lincoln the letters of influential figures and content from leading newspapers. The book also features nineteenth century illustrations and photographs. Lincoln Mediated ties the president's story directly to the press illuminating his role as a writer and as a participant in making the news. Lincoln's legacy cannot be understood without understanding the role the press played in helping shape how he was viewed. As the authors show Lincoln was a man not just a political figure. Lincoln Mediated is a worthy addition to Transaction's Journalism series.

Lincoln and His Cabinet, *Lincoln's Forgotten Ally* Leonard, Elizabeth, 2011 This manuscript is the first biography of Joseph Holt the U.S. Army's Judge Advocate General during the Civil War. Leonard argues that Holt has been portrayed as more or less a caricature of himself flatly represented as the brutal prosecutor of Lincoln's assassins and the judge who allowed Mary Surratt to be hanged despite knowing her sentence had been reduced. Leonard contends that the southern view of Holt became the predominant way we see him in large part because the memory perpetrated by the Lost Cause defined Holt as ruthless toward Southerners and the South. But Leonard argues that there is much more to Holt than what sympathizers with the Lost Cause came to think of him and she tells his story here from his early life in Kentucky to his wartime life as a member of Lincoln's administration to his postwar life as the prosecutor of Lincoln's assassins. Perhaps most important Leonard will look at the erasure of Holt from American memory and investigate how such a significant figure has come to be so widely misunderstood.

And There Was Light Jon Meacham, 2022-10-18 NEW YORK TIMES BESTSELLER Pulitzer Prize winning biographer Jon Meacham chronicles the life of Abraham Lincoln charting how and why he confronted secession threats to democracy and the tragedy of slavery to expand the possibilities of America. Meacham has given us the Lincoln for our time. Henry Louis Gates Jr. Winner of the Gilder Lehrman Lincoln Prize Longlisted for the Biographers International Plutarch Award One of the Best Books of the Year The Christian Science Monitor Kirkus Reviews A president who governed a divided country has much to teach us in a twenty first century moment of polarization and political crisis. Hated and hailed excoriated and revered Abraham Lincoln was at the pinnacle of American power when implacable secessionists gave no quarter in a clash of visions bound up with money race identity and faith. In him we can see the possibilities of the presidency as well as its limitations. At once familiar and elusive Lincoln tends to be seen as the greatest of American presidents a

remote icon or as a politician driven more by calculation than by conviction This illuminating new portrait gives us a very human Lincoln an imperfect man whose moral antislavery commitment essential to the story of justice in America began as he grew up in an antislavery Baptist community who insisted that slavery was a moral evil and who sought as he put it to do right as God gave him to see the right This book tells the story of Lincoln from his birth on the Kentucky frontier in 1809 to his leadership during the Civil War to his tragic assassination in 1865 his rise his self education his loves his bouts of depression his political failures his deepening faith and his persistent conviction that slavery must end In a nation shaped by the courage of the enslaved of the era and by the brave witness of Black Americans Lincoln s story illustrates the ways and means of politics in a democracy the roots and durability of racism and the capacity of conscience to shape events

The Assassination of Abraham Lincoln John Fazio, 2023-10-31 Covering one of the most defining moment of America s history The Assassination of Abraham Lincoln aims to lay the multitude of theories surrounding Lincoln s assassination to rest Immediately after the assassination of Abraham Lincoln suspicion naturally fell on Confederate leaders as being responsible for the great crime The belief in their complicity faded when the case against Jefferson Davis and other unindicted co conspirators collapsed at the trial of John Wilkes Booth s action team Booth was dead in May and June 1865 The belief then hibernated for 123 years during which period the prevailing wisdom was that Booth had in fact acted with the help of no one other than his team with the possible exception of Dr Samuel Mudd and Mary Surratt In 1988 however assassination historians James O Hall William A Tidwell and David Gaddy thoroughly discredited the simple conspiracy theory in their seminal work Come Retribution holding that the original suspicions were right after all In 1995 Tidwell followed with a solo titled April 65 in which he strengthened the case against Confederate leaders The authors conclusions quickly gained acceptance by many experts in the field including the author of this work which is intended to remove any remaining doubt as to the validity of the theory It does so by describing in detail four subplots in the overall plot to murder the President subplots that demonstrate unequivocally that Booth was merely a pawn in the hands of far more powerful influential and purposeful men than he men whose backs were to the wall and who would therefore stop at nothing to avert the catastrophe that they had fought four long years to prevent and that was now upon them

Writing History with Lightning Matthew Christopher Hulbert, John C. Inscoe, 2019-02-05 Films possess virtually unlimited power for crafting broad interpretations of American history Nineteenth century America has proven especially conducive to Hollywood imaginations producing indelible images like the plight of Davy Crockett and the defenders of the Alamo Pickett s doomed charge at Gettysburg the proliferation and destruction of plantation slavery in the American South Custer s fateful decision to divide his forces at Little Big Horn and the onset of immigration and industrialization that saw Old World lifestyles and customs dissolve amid rapidly changing environments Balancing historical nuance with passion for cinematic narratives Writing History with Lightning confronts how movies about nineteenth century America influence the ways in which mass audiences remember understand

and envision the nation's past. In these twenty-six essays divided by the editors into sections on topics like frontiers, slavery, the Civil War, the Lost Cause, and the West, notable historians engage with films and the historical events they ostensibly depict. Instead of just separating fact from fiction, the essays contemplate the extent to which movies generate and promulgate collective memories of American history. Along with new takes on familiar classics like *Young Mr. Lincoln* and *They Died with Their Boots On*, the volume covers several films released in recent years, including *The Revenant*, *12 Years a Slave*, *The Birth of a Nation*, *Free State of Jones*, and *The Hateful Eight*. The authors address Hollywood epics like *The Alamo* and *Amistad*, arguing that these movies flatten the historical record to promote nationalist visions. The contributors also examine overlooked films like *Hester Street* and *Daughters of the Dust*, considering their portraits of marginalized communities as transformative perspectives on American culture. By surveying films about nineteenth-century America, *Writing History with Lightning* analyzes how movies create popular understandings of American history and why those interpretations change over time.

Lincoln's Final Hours Kathryn Canavan, 2015-10-02 When John Wilkes Booth fired his derringer point blank into President Abraham Lincoln's head, he set in motion a series of dramatic consequences that would upend the lives of ordinary Washingtonians and Americans alike. In a split second, the story of a nation was changed. During the hours that followed, America's future would hinge on what happened in a cramped back bedroom at Petersen's Boardinghouse, directly across the street from Ford's Theatre. There, a twenty-three-year-old surgeon fresh out of medical school struggled to keep the president alive while Mary Todd Lincoln moaned at her husband's bedside. In *Lincoln's Final Hours*, author Kathryn Canavan takes a magnifying glass to the last moments of the president's life and to the impact his assassination had on a country still reeling from a bloody civil war. With vivid, thoroughly researched prose and a reporter's eye for detail, this fast-paced account not only furnishes a glimpse into John Wilkes Booth's personal and political motivations but also illuminates the stories of ordinary people whose lives were changed forever by the assassination. While countless works on the Lincoln assassination exist, *Lincoln's Final Hours* moves beyond the well-known traditional accounts, offering readers a front-row seat to the drama and horror of Lincoln's death by putting them in the shoes of the audience in Ford's Theatre that dreadful evening. Through her careful narration of the twists of fate that placed the president in harm's way, of the plotting, conversations Booth had with his accomplices, and of the immediate aftermath of the assassination, Canavan illustrates how the experiences of a single night changed the course of history.

The Deerfield Massacre James L. Swanson, 2025-02-04 From the New York Times bestselling author of *Manhunt*, now an Apple TV series, and in the tradition of *Empire of the Summer Moon*, comes a vivid account. *The Wall Street Journal* of a forgotten chapter in American history: the deadly confrontation between natives and colonists in Massachusetts in 1704 and the tragic saga that unfolded.
