Getting in the Gap Dr. Wayne W. Dyer, 2021-08-10 Why Meditate The practice of meditation takes us on a fabulous journey into the gap between our thoughts where all the advantages of a more peaceful stress free healthy and fatigue free life are available but they're merely side benefits The paramount reason for daily meditation is to get into the gap between our thoughts and make conscious contact with the creative energy of life itself In this uplifting book Dr Wayne W Dyer explains the soul nourishing meditation technique for making conscious contact with God which the ancient masters have told us about You have all the potential to be an instrument of the highest good for all concerned and to be a literal miracle worker in your own life No person government entity or religious group can legitimately claim to do this for you In fact says Dr Dyer I agree with Carl Jung who said that one of the main functions of formalized religion is to protect people against a direct experience of God Dr Dyer helps you have this direct experience by leading you through the meditation technique in the accompanying audio download When you master getting into the gap stay there for prolonged segments of meditation and experience what you bring back

into the world you'll truly know the answer to the question Why meditate *8 Strategies for an Extraordinary Life - Focusing on What Really Matters in Life* Lisa Shultz, 2005-10 *Manifesting Made Easy* Karen McDonnell Hilligoss, 2023-09-21 Karen McDonnell Hilligoss refuses to allow herself to live with self-defeating thoughts or self-imposed limitations. Instead, she has chosen to partner with the spirit realm and continue to allow a higher power to dictate her life's purpose and plan. Once again, she is inviting others to do the same. In a spiritual guide based on speeches and books by Dr. Wayne Dyer, Karen leads knowledge seekers down an inspiring self-reflective path while expanding on Dyer's teachings and principles. After describing the meaning of intention, explaining how the connection to intention can become corroded, and then detailing how we can reconnect with intention to create an ideal life, Karen reveals why taking concrete action steps is so important to success and provides a formula to manifest dreams and fulfill wishes through the spiritual concept, the Power of I Am. She relies on her diverse experience with meditation to offer additional insight into how others can overcome ordinary consciousness and realize miracles. The Power of I Am blends personal stories with the teachings of Dr. Wayne Dyer to help anyone tap into the amazing power of manifestation to create a dream life. *The Ninth Siddhi* Larry Vingelman, 2012-07-10 Although the book was originally published in 2012, the book has been completely rewritten and republished in 2018. Also, the book has been updated for recent scientific discoveries. Can World Peace be obtained through a technology that supports an invincible force based on a transcendental source of energy? Is humanity's world view approaching a paradigm shift of unprecedented proportions? Are our concepts about reality and human nature about to bridge the gap between ancient wisdom and modern science? *The Ninth Siddhi: Preparing for a Technological Solution for World Peace* illustrates and answers these questions. Today, violence is palpable around the world. Unstable, nuclear-enabled regimes taunt and threaten large nation-states with annihilation. Religious madmen kill and murder indiscriminately in the streets of Europe and North America. In the United States, school children armed with military weaponry kill and maim other school children for no apparent reason. *The Ninth Siddhi* advocates for a new path to a nonviolent world: a path without automatic weapons, chemical bombs, or nuclear missiles. It is clear that gun laws, sanctions, diplomacy, or the strongest political action will not bring peace to the world. Reason will not prevail. A new path is necessary that leads all loving families to a nonviolent world and a more peaceful ideology. The technological solution for world peace is dependent on activating and inspiring world populations to walk this path together. The new technology actualizes ancient wisdom from antiquity, which states that when war, suffering, and terror grow, an invincible force of nature moves to set man's vision right and establish a way of life, living and loving, that again will fulfill the high purpose of human existence. *The Steady Way to Greatness* Melanie Barnum, 2014-01-01 Use intuition and psychic development to master the law of attraction and manifest the life you truly desire. *The Steady Way to Greatness* is filled with new and groundbreaking techniques for achieving success in love, work, finances, relationships, and spirituality.
