The Long Horizon Iain R. Thomson, 2013-08-08 The Long Horizon is an extraordinary book Much more than simply the chronicle of a life spent farming in the Scottish Highlands it is also a wonderful collection of stories both factual and fictional which reflect the changes that have revolutionised Highland life and dramatically affected the natural environment over the centuries Using the colourful background to the Fraser clan chiefs as a central theme from the cunning Red Fox through to the sudden death of the Master of Lovat which set in train the sale of the Fraser empire around Beaufort Castle Iain Thomson weaves an entertaining narrative that shows how historical events have such a profound effect on what happens today Throughout the book shines the writer s deep love of the countryside and a respect for the generations before him who have carved their living from the harsh environment of the Highlands It is a marvellous celebration both of the farming way of life and one of the most beautiful parts of Scotland

**Dimensions of Deceit** Richard Dudgeon, 2024-06-14 Dive Into A Dystopian Odyssey In a not so distant future the world you know teeters on the edge of chaos What if history s darkest moments and forbidden prophecies all pointed toward one inevitable doom Welcome to Dimensions of Deceit A Dystopian Nightmare where reality unravels into an interwoven tapestry of secrets revolutions and cosmic intrigue Embark on a gripping journey through a world shaped by clandestine rituals shadowy alliances and extraterrestrial machinations From the ominous summoning by the Daimonic Circle through the perilous whispers of revolution to the dire revelations of forbidden knowledge each chapter peels back layers of deception This is a realm where psychological warfare blends with trans dimensional conflicts and where mighty nations fall under the sinister rise of a new world order Picture grim landscapes where corrupt power bastions are breached and humanity s last hope rests in a tenuous resistance Witness the extraordinary as ancient prophecies materialise revealing cosmic battles and alien conspiracies that stretch beyond the veil of our reality Engage with the dark night of the soul as heroes and villains are forged in the crucible of a world on the brink As the Resistance finds footing guerrilla tactics spark a flicker of hope amidst relentless despair Through intricate deception and intense battles will truth and redemption

prevail Dive deep into this meticulously crafted dystopian saga where every chapter lurks with suspense and a revelation awaits behind each page Dimensions of Deceit A Dystopian Nightmare is not just a novel it is an experience that challenges your perception of reality and questions the very fabric of human existence Dare to uncover the legacy within and venture into a narrative where the stakes are immeasurable and the journey unforgettable Moral Dilemmas in the Mahabharata Bimal Krishna Matilal,2014-01-01 Here the collected papers explore the whole question of the relation between the mythopoetic and the moral in the context of the Mahabharata Here we have a story of extreme complexity characters that are unforgettable and a cosmic context in which gods and men alike grapple with destiny The obligations of kinship and friendship jostle with each other The women characters as in everyday life seem to bear a very heavy load of the burden of life and to stand in a key position in almost every conflict We are presented with predicaments at every turn At times these predicaments seem to be aggravated by social structure At other times they are cushioned by it Philosophical tangles tied up with karma and dharma are interwoven with the mythopoetic material Perhaps philosophical issues are pinpointed rather more than they are in Greek epic literature The essays in this book treat the Mahabharata from an unusual angle fastening on the moral dilemmas it presents How universal are the dilemmas faced by the characters in the story and are the dilemmas in fact resolved In dealing with these questions the discussions range over the meaning of the purusharthas the institutions of marriage and the family the concept of action in the Gita and the special predicaments faced by Draupadi Arjuna and others These studies invite the scholar to reflect afresh on the text and encourage the general reader to find in epic literature much that is relevant to life today A Life Well Lived Tommy Nelson,2010-10-01 In the desire and quest to make sense of the world and our existence three great sirens have lured men and women into a lull with the empty promise to make their lives meaningful The great king of Israel Solomon though the wisest man was not immune to their song But at the end of his life Solomon in all of his God given wisdom stopped to contemplate on all that competed for his attention He wrote his conclusions in the Book of Ecclesiastes Tommy Nelson continues his study of Solomon s writings by taking an in depth look at Ecclesiastes In a world such as ours where the search for meaning and purpose propels mankind to try everything under the sun Solomon s conclusions ring louder than ever for a people who need answers more than ever Aping Mankind Raymond Tallis,2016-04-14 Neuroscience has made astounding progress in the understanding of the brain What should we make of its claims to go beyond the brain and explain consciousness behaviour and culture Where should we draw the line In this brilliant critique Raymond Tallis dismantles Neuromania arising out of the idea that we are reducible to our brains and Darwinitis according to which since the brain is an evolved organ we are entirely explicable within an evolutionary framework With precision and acuity he argues that the belief that human beings can be understood in biological terms is a serious obstacle to clear thinking about what we are and what we might become Neuromania and Darwinitis deny human uniqueness minimise the differences between us and our nearest animal kin and offer a grotesquely simplified account of

humanity We are argues Tallis infinitely more interesting and complex than we appear in the mirror of biology Combative fearless and thought provoking Aping Mankind is an important book and one that scientists cultural commentators and policy makers cannot ignore This Routledge Classics edition includes a new preface by the Author *Setting Your Course* Dr. Greg Bourgond,2014-03-31 God is very clear about His purposes for you If you want to live a meaningful life it must be aligned with His purposes You have a unique purpose to fulfill a committed passion to embrace a role to perform unique methodologies a personal toolkit to employ and an ultimate contribution to make In *Setting Your Course* author Dr Greg Bourgond seeks to help you set your course find focus for your life engage in Gods journey for you and finish your journey well He employs a three part process to influence you to live all out for Christ the compass map and guide The compass explains the importance of orienting your life in accordance with established biblical compass points The map defines the trajectory you are to follow based on how God has wired you The guide stresses the importance of being mentored and mentoring others *Setting Your Course* helps you formulate a deliberate strategy for determining your purpose assists you in aligning your life according to Gods plan encourages you to become a proactive partner in fulfilling Gods purposes and redemptive activity and exhorts you to leave a worthwhile legacy in the lives of others *Pax Economica* Henri Lambert,1917 *The God Who Is There* Francis A.
