## **Manna Foods Of The Frontier:**

*Manna: Foods of the Frontier* Gertrude Harris,1972      *The Chicken Book* Page Smith,Charles Daniel,2000 Liberating today s chicken from cartoons fast food and other demeaning associations The Chicken Book at once celebrates and explains this noble fowl As it traces the rise and fall of Gallus domesticus from the jungles of ancient India to the assembly line hatcheries sprawled across modern America this original frequently astounding book passes along a trove of knowledge and lore about everything from the chicken s biology and behavior to its place in legend and mythology The book includes lively discussions of the chicken s role in literature and history the cruel attractions of cockfighting the medicinal uses of eggs and chicken parts the details of the egg laying process the basics of the backyard coop recipes and much more Entertaining and insightful The Chicken Book will change the way we regard this too often underappreciated animal      *Prepared and Armed* Joseph Terry,2014-07-24 Your Disaster Home Defense Plan If the grid goes down you cannot rely on traditional law enforcement to protect you from the lawlessness that will take over Your family s safety will be entirely your responsibility Are you prepared to defend you and yours in the wake of a major disaster You will be if you follow the instructions in this book Prepared Armed teaches you how to band together with likeminded citizens to deter would be looters and pillagers With this information it won t just be you against the world after a crisis You ll have the support of your fire team to help you stand against any threat that may come your way Inside you ll find Guidelines for assembling a survival group and fire team that provides mutual aid and protection to all members Detailed instructions for selecting and fortifying a survival retreat Static defense techniques for protecting your survival retreat Safe and effective team shooting training exercises Outdoor survival skills useful for moving from one location to another following a disaster Complete armament lists for your fire team along with gear lists for combat rucksacks and medical jump bags Advice on how to effectively respond to neighbors in need without compromising your safety or survival supplies Don t let a disaster catch you off guard Ensure your family s safety now by preparing to defend them in the future Start your fire team training today      **The Publishers Weekly** ,1974

*Moveable Feasts* Gregory McNamee,2006-11-30 Food has functioned both as a source of continuity and as a subject of adaptation in the course of human history Onions have been a staple of the European diet since the Paleolithic era while the orange is once again being cultivated in great quantities in Southern China where it was originally cultivated Other foods such as the apple and pear in Central Asia the tomato in Mexico the chili pepper in South America and rice in South Asia remain staples of their original regions and of the world diet today Still other items are now grown in places that would have seemed impossible in the past bananas in geothermally heated greenhouses in Iceland corn on the fringes of the Gobi and tomatoes in space But how did humans discover how to grow and consume these foods in the first place How were they chosen over competing foods How did they come to be so important to us In this charming and frequently surprising compendium Gregory McNamee gathers revelations from history anthropology chemistry biology and many other fields and

spins them into entertaining tales of discovery complete with delicious recipes from many culinary traditions around the world Among the 30 types of food discussed in the course of this alphabetically arranged work are the apple the banana chocolate coffee corn garlic honey millet the olive the peanut the pineapple the plum rice the soybean the tomato and the watermelon All of the recipes included with these diverse food histories have been adapted for recreation in the modern kitchen *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1976 *Shucks, Shocks, and Hominy Blocks* Nicholas P. Hardeman,1999-03-01 History is often measured by records of great leaders and events Nicholas P Hardeman convinces us that American history can be measured but the shaping force of a quiet monarch corn In fact corn was more than king it was a way of life and Hardeman enthusiastically demonstrates that in order to understand the settling and development of America we must know about corn and its influence Perhaps no volume has come closer to the grass roots of pre twentieth century America The history of American worship of property love of the land and the work ethic has its source in this country s discovery of the values of corn When Hardeman speaks of values he emphasizes the human as equal to the economic values He describes corn growing in early America from clearing the land through planting cultivating and harvesting as it was done on the single family farm once the mainstay of American agriculture He talks about the problems and the hard work of corn growing that led to an explosion of agricultural innovation mostly American in origin in the nineteenth century The author gives his attention as well to corn s ancestry and the role of the Indians in developing all six major varieties of corn He discusses in detail the many uses of corn as food and drink and its scores of nonfood applications Overall Hardeman casts a glow on the picturesque symmetrical checkered cornfields of a time past Corn was more than a commodity to the pioneer It was a social phenomenon during every phase of its culture and especially in the husking bee the most popular event of the entire pioneer era Corn was integral to nearly all American culture our language literature art and mythology Frontiers have been erased but in the subconscious of our cultural undergirding they are with us yet those phantom shocks in measured rows the clamorous birds spiraling on set wings to waiting grain fields below the rhythmic thudding of hominy blocks the creaking of wheels and crackling of corncob fires **The Colorado Magazine** ,1976 *The Coevolution Quarterly* ,1974 **Arboretum News** University of Wisconsin--Madison. Arboretum,1972 **Mid-America** ,1974 **Outdoor Recreation** Robert G. Schipf,1976 *Agricultural History* ,1975 **The American West** ,1973 *Brand Book* Westerners. Chicago Corral,1972 **AB Bookman's Weekly** ,1992 *From the Sourdough Crock* ,1975 *The Pacific Historian* ,1975 *Early American Life* ,1976 *The New Earth Catalog: Living Here and Now* Gnu Publishing,1973
