Mans Quest For God Studies In Prayer And Symbolism:

Man's quest for God Abraham Joshua Heschel,1980 *Quest for God* Abraham Joshua Heschel,1982 **The Americanization of the Jews** Robert Seltzer,Norman S. Cohen,1995-02-01 How did Judaism a religion so often defined by its minority status attain equal footing in the trinity of Catholicism Protestantism and Judaism that now dominates modern American religious life THE AMERICANIZATION OF THE JEWS seeks out the effects of this evolution on both Jews in America and an America with Jews Although English French and Dutch Jewries are usually considered the principal forerunners of modern Jewry Jews have lived as long in North America as they have in post medieval Britain and France and only sixty years less than in Amsterdam As one of the four especially creative Jewish communities that has helped re shape and re formulate modern Judaism American Judaism is the most complex and least understood German Jewry is recognized for its contribution to modern Jewish theology and philosophy Russian and Polish Jewry is known for its secular influence in literature and Israel clearly offers Judaism a new stance as a homeland But how does one capture the interplay between America and Judaism Immigration to America meant that much of Judaism was discarded and much was retained Acculturation did not always lead to assimilation Jewishness was honed as an independent variable in the motivations of many of its American adherents and has remained so even though Jewish institutions ideologies and even Jewish values have been reshaped by America to such an degree that many Jews of the past might not recognize as Jewish some of what constitutes American Jewishness This collection of essays explores the paradoxes that abound in the America Judaism relationship focusing on such specific issues as Jews and American politics in the twentieth century the adaptation of Jewish religious life to the American environment the contributions and impact of the women s movement and commentaries on the Jewish future in America *Between God and Man* Abraham Heschel,1997-10-21 Heschel was one of the outstanding Judaic philosophers and theologians of our time and this is more than just a comprehensive introduction to contemporary Judaism as he attempts to bridge the gap between traditions of Eastern European Jewry and the scholarship of Western civilisation

Minority Reports Mark Klitsie,2016-06-03 The stuff that comes after modernism isn t all bad Postmodernism not needing everything to be buttoned up can leave things dangling it can pay attention to the obscure marginal and particular The postmodern dynamic invites one to revisit biblical texts that do not fit into tidy cherished theological constructs I call these texts the minority reports Popular theology infers that God is just pretending when he changes his mind or gets frustrated saddened and affected by humans this understanding is guided by concepts of God s omni attributes But these wise and well intentioned concepts fail to portray a God who will not be domesticated Certain biblical narratives trace YHWH s hiddenness suffering changeability and hostility this awkward shadow side of YHWH is sometimes selectively overlooked The fear of God is gone Instead we have the ever tolerant universal God who is in danger of evaporating into spirit light and love As a theologian I use Hebrew block logic competing truths in the Bible are kept intact synthesis isn t necessarily sought God

chooses us and we choose God God is self sufficient all powerful and all knowing needing no creature Yet he chooses to limit his omni ness in the human arena and makes himself vulnerable to humans He hyphenates his name with Abraham Isaac Jacob and the church at a risk Repentance for the Holocaust C. K. Martin Chung,2017-07-15 Turning in the God human relationship Interhuman and collective repentance People not devils Fascism was the great apostasy The French must love the German spirit now entrusted to them One cannot speak of injustice without raising the question of guilt You won t believe how thankful I am for what you have said Courage to say no and still more courage to say yes Raise our voice both Jews and Germans The appropriateness of each proposition depends upon who utters it Hitler is in ourselves too I am Germany Know before whom you will have to give an account We take over the guilt of the fathers Remember the evil but do not forget the good We are not authorized to forgive Judaism in America Marc Lee Raphael,2005-12-20 Jews have been a religious and cultural presence in America since the colonial era and the community of Jews in the United States today some six million people continues to make a significant contribution to the American religious landscape Emphasizing developments in American Judaism in the last quarter century among active participants in Jewish worship this book provides both a look back into the 350 year history of Judaic life and a well crafted portrait of a multifaceted tradition today Combining extensive research into synagogue archival records and secondary sources as well as interviews and observations of worship services at more than a hundred Jewish congregations across the country Raphael s study distinguishes itself as both a history of the Judaic tradition and a witness to the vitality and variety of contemporary American Judaic life Beginning with a chapter on beliefs festivals and life cycle events both traditional and non traditional and an explanation of the enormous variation in practice Raphael then explores Jewish history in America from the arrival of the first Jews to the present highlighting the emergence and development of the four branches Orthodox Conservative Reconstructionist and Reform After documenting the considerable variety among the branches the book addresses issues of some controversy notably spirituality conversion homosexuality Jewish education synagogue architecture and the relationship to Israel Raphael turns next to a discussion of eight American Jews whose thoughts and or activities made a huge impact on American Judaism The final chapter focuses on the return to tradition in every branch of Judaism and examines prospects for the future *Revelation and Authority* Benjamin D. Sommer,2015-06-30 At once a study of biblical theology and modern Jewish thought this volume describes a participatory theory of revelation as it addresses the ways biblical authors and contemporary theologians alike understand the process of revelation and hence the authority of the law Benjamin Sommer maintains that the Pentateuch s authors intend not only to convey God s will but to express Israel s interpretation of and response to that divine will Thus Sommer s close readings of biblical texts bolster liberal theologies of modern Judaism especially those of Abraham Joshua Heschel and Franz Rosenzweig This bold view of revelation puts a premium on human agency and attests to the grandeur of a God who accomplishes a providential task through the free will of the human subjects under divine authority Yet even though the

Pentateuch's authors hold diverse views of revelation all of them regard the binding authority of the law as sacrosanct Sommer's book demonstrates why a law observant religious Jew can be open to discoveries about the Bible that seem nontraditional or even antireligious *Heidegger and His Jewish Reception* Daniel M. Herskowitz, 2020-10-08 Examines the rich and persistent Jewish engagement with one of the most important and controversial modern philosophers Martin Heidegger *Lux in Tenebris*, 2016-11-28 *Lux in Tenebris* is a collection of eighteen original interdisciplinary essays that address aspects of the verbal and visual symbolism in the works of significant figures in the history of Western Esotericism covering such themes as alchemy magic kabbalah angels occult philosophy Platonism Rosicrucianism and Theosophy Part I Middle Ages Early Modernity ranges from Gikatilla Ficino Camillo Agrippa Weigel Böhme Yvon and Swedenborg to celestial divination in Russia Part II Modernity Postmodernity moves from occultist thinkers Schwaller de Lubicz and Evola to esotericism in literature art and cinema in the works of Colquhoun Degouffe de Nuncques Bruskin Doitschinoff and Perez Reverte with an essay on esoteric theories of colour Contributors are Michael J B Allen Susanna Kerman Lina Bolzoni Aaron Cheak Robert Collis Francesca M Crasta Per Faxneld Laura Follesa Victoria Ferentinou Joshua Gentzke Joscelyn Godwin Hans Thomas Hakl Theodor Harmsen Elke Morlok Noel Putnik Jonathan Schorsch György Sznyi Carsten Wilke and Thomas Willard **Dictionary of Modern American Philosophers** John R. Shook, 2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought **T&T Clark Handbook of Suffering and the Problem of Evil** Matthias Grebe, Johannes Grössl, 2023-07-13 This wide ranging work provides an extensive exploration of the theology of theodicy asking questions such as should all instances of suffering necessarily be understood as evil Why would an omnipotent and benevolent God allow or perpetrate evil Is God unable or unwilling to reduce human and non human suffering on Earth Does humanity have the capacity to exercise a moral evaluation of God's motives and intentions Conventional disciplinary boundaries have tended to separate theological approaches to these questions from philosophical ones This volume aims to overcome these boundaries by including biblical Part I historical Part II doctrinal Part III philosophical Part IV and pastoral interreligious perspectives and alternative

intersections Part V on theodicy Authors include thinkers from analytic and continental traditions multiple Christian denominations and other religions and both established and younger scholars providing a full variety of approaches What unites the essays is an attempt to answer these questions from the perspective of biblical testimony historical scholarship modern theological and philosophical thinking about the concept of God non Christian religions science and the arts The result is a combination of in depth analysis and breadth of scope making this a benchmark work for further studies in the theology of suffering and evil

Meet the Rabbis Brad H. Young, 2007-06-01 Meet the Rabbis explains to the reader how rabbinic thought was relevant to Jesus and the New Testament world and hence should be relevant to those people today who read the New Testament In this sense rabbinic thought is relevant to every aspect of modern life Rabbinic literature explores the meaning of living life to its fullest in right relationship with God and humanity However many Christians are not aware of rabbinic thought and literature Indeed most individuals in the Western world today regardless of whether they are Christians atheists agnostics secular community leaders or some other religious and political persuasions are more knowledgeable of Jesus ethical teachings in the Sermon the Mount than the Ethics of the Fathers in a Jewish prayer book The author seeks to introduce the reader to the world of Torah learning It is within this world that the authentic cultural background of Jesus teachings in ancient Judaism is revealed Young uses parts of the New Testament especially the Sermon on the Mount as a springboard for probing rabbinic method The book is an introduction to rabbinic thought and literature and has three main sections in its layout Introduction to Rabbinic Thought Introduction to Rabbinic Literature and Meet the Rabbis a biographical description of influential Rabbis from Talmudic sources

Young, 1993-11-01 Jesus the Jewish Theologian establishes Jesus firmly within the context of first century Judaism and shows how understanding Jesus Jewishness is crucial for interpreting the New Testament and for understanding the nature of Christian faith Insights from Jewish literature archeology and tradition help modern readers place Jesus within his original context Particular attention is given to the Jewish roots of Jesus teaching concerning the kingdom of God

Sophia Christopher Pramuk, 2009-10-01 While numerous studies have celebrated Thomas Merton s witness as an interfaith pioneer poet and peacemaker there have been few systematic treatments of his Christology as such and no sustained exploration to date of his relationship to the Russian Sophia tradition This book looks to Thomas Merton as a classic theologian of the Christian tradition from East to West and offers an interpretation of his mature Christology with special attention to his remarkable prose poem of 1962 Hagia Sophia Bringing Merton s mystical prophetic Vision fully into dialogue with contemporary Christology Russian sophiology and Zen as well as figures such as John Henry Newman and Abraham Joshua Heschel the author carefully but boldly builds the case that Sophia the same theological eros that animated Merton s religious imagination in a period of tremendous fragmentation and violence might infuse new vitality into our own A study of uncommon depth and scope inspired throughout by Merton s extraordinary catholicity Christopher Pramuk PhD is assistant

professor of theology at Xavier University in Cincinnati Ohio He is the author of two books and numerous essays and the recipient of the Catholic Theological Society of America's 2009 Catherine Mowry LaCugna Award

The Seductiveness of Virtue John J. Fitzgerald, 2016-12-15 John J. Fitzgerald addresses here one of life's enduring questions: how to achieve personal fulfillment and more specifically whether we can do so through ethical conduct He focuses on two significant twentieth-century theologians: Rabbi Abraham Joshua Heschel and Pope John Paul II, seeing both as fitting dialogue partners given the former's influence on the Second Vatican Council's deliberations on the Jews and the latter's groundbreaking overtures to the Jews in the wake of his experiences in Poland before and during World War II Fitzgerald demonstrates that Heschel and John Paul II both suggest that doing good generally leads us to growth in various components of personal fulfillment such as happiness, meaning in life, and freedom from selfish desires There are, however, some key differences between the two theologians: John Paul II emphasizes more strongly the relationship between acting well and attaining eternal life, whereas Heschel wrestles more openly with the possibility that religious commitment ultimately involves anxiety and sadness By examining historical and contemporary analyses, including the work of the Fourteenth Dalai Lama, the philosopher Peter Singer, and some present-day psychologists, Fitzgerald builds a narrative that shows the promise and limits of Heschel's and John Paul II's views

Kaplan, 2019-01-01 This is the first volume of the first biography of Abraham Joshua Heschel, one of the outstanding Jewish thinkers of the twentieth century Edward K. Kaplan and Samuel H.
