Conscious Guidance and Control in Relation to Human Evolution in Civilization Among my intimates I once numbered a  
boatman known as Old Sol or to his familiars just Sol without the courtesy title for he was not notably old I could not say  
whether his name was an abbreviated form of Solomon or not nor if it were whether the longer name was baptismal or  
conferred in later years as a tribute to his undoubted wisdom I have thought it possible that the name was not an  
abbreviation at all but it was certainly descriptive of my friend s habit of optimism in regard to the weather For the cockney  
oarsman who doubtfully contemplated the weather conditions on the upper Thames Sol was unwavering in his

encouragement His certainty that the weather would clear and the sun come out was so inspiring that the pale faced Londoner cheerfully faced the most unpromising outlook and started out on his uncertain course upstream buoyed with a beautiful confidence in Old Sol s infallibility But for me and for his other intimates regular clients whose custom was not dependent on the chances of a fine week end Sol had another method About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Man's Supreme Inheritance* Frederick Alexander,2021-09-06 An unconventional and intelligent way to solve body problems
