can be a site where different narratives collide and compete she explores Rhys's rewriting of the historical discourses of the West Indies and of European canonical texts such as Rhys's treatment of Jane Eyre in Wide Sargasso Sea Gregg's analysis also reveals the precision with which Rhys crafted her work and her preoccupation with writing as performance *Selected Poems of William Wordsworth* William Wordsworth,1923 **Modern Indian Literature, an Anthology: Surveys and**

poetic genius a revolutionary who changed the world Wordsworth rejoiced in the French Revolution and played a central role in the cultural upheaval that we call the Romantic Revolution He and his fellow Romantics changed forever the way we think about childhood the sense of the self our connection to the natural environment and the purpose of poetry But his was also a revolutionary life in the old sense of the word insofar as his art was of memory the return of the past the circling back to childhood and youth This beautifully written biography is purposefully fragmentary momentary and selective opening up what Wordsworth called the hiding places of my power
