**The Many Faces of Coincidence** Laurence Browne, 2017-11-10 Although much has been said and written about coincidences there is a marked absence when it comes to the development of a comprehensive model that incorporates the many different ways in which they can be understood and explained One reason for this omission is undoubtedly the sharp divide that exists between those who find coincidences meaningful and those who do not with the result that the conclusions of the many books and articles on the subject have tended to fall into distinct camps The Many Faces of Coincidence attempts to remedy this impasse by proposing an inclusive categorisation for coincidences of all shapes and sizes At the same time some of the implications arising from the various explanations are explored including the possibility of an underlying unity of mind and matter constituting the ground of being

Coan, 2013-04-23 How has human consciousness evolved from its primitive origins and what course will it take in the future How should it develop in an individual from infancy and through childhood and the adult years Such questions have been the focus of many writers and many religious and philosophical traditions both Eastern and Western Most writers and traditions conceive of psychic evolution in terms of one universal pattern and the evolutionary goal considered by a given writer or tradition may be one of rationality love or transcendence of one's individual separateness The author contends that we may conceptualize the goal of psychic evolution

in terms of any of five different modes of fulfillment We can recognize higher and lower levels of attainment in each of these modes Whatever mode an individual emphasizes it is easy to recognize a value in having access to other modes In the authors view we need to recognize alternative pathways of psychic evolution The pathways will differ with respect to the modes that are emphasized and the nature of the interplay of different modes      **Feather Fall** Laurens Van Der Post, 2013-11-30 This Van Der Post reader thematically organised to reflect the patterns and themes which have influenced his life and his writing distils the essence of the writer thinker spiritual guru and man of action This evocative and thought provoking selection combining short paragraphs and longer passages is chosen with love and insight from his published and some unpublished writings books introductions lectures essays and will give pleasure and inspiration to generations of readers the world over
