Manual Del Distraido:

Manual del distraído Alejandro Rossi, 1978 El Manual del distraido es una recopilación de textos ensayos y pequeñas narraciones publicados por Alejandro Rossi entre 1973 y 1977 en Plural y Vuelta para la sección que en esas revistas llevaba el mismo título que da nombre al libro. Entre los textos que componen el presente volumen no encontrarás el lector una unidad temática mucho menos expositiva. A cambio el filósofo italiano ofrece una cierta continuidad estilística. El libro pasa de meticulosos análisis de teorías filosóficas de fondo al relato de pequeñas historias absurdas y convencionales siempre desplegando una narrativa precisa y vigorosa a fuerza de simplicidad. Una prosa estilizada sutil y no pocas veces erudita. Agudo observador de cuanto le rodea, Rossi encuentra en la tediosa simplicidad de la realidad cotidiana motivos nimios pero suficientes para extender un asombroso aparato retorcido en un texto que conjuga a la perfección la mirada profunda del filósofo con la preocupación estética del literato.

Manual del distraído Alejandro Rossi, 1997 A Wide and Panoramic Essay of the Latin American literature of the last decades

Historia mínima. La cultura mexicana en el siglo XX Carlos Monsiváis, 2010-02-09 En esta obra póstuma Carlos Monsiváis con su estilo y eruditión nicos recorre un siglo de la vida cultural de México si bien como él mismo confiesa, ésta es una tarea inacabable a la que además se suma la brevedad de la obra que le obliga a cerrar su cronica en la década de 1980 dejando fuera los movimientos y creadores de los dos últimos decenios del siglo XX. Su recorrido parte de la época del modernismo y pasa por todas las manifestaciones culturales que se desarrollan a lo largo de las siguientes décadas como la narrativa de la Revolución, el muralismo, la cultura en los años veinte los Contemporáneos, la poesía de la generación del 50 hasta llegar al año de la ruptura que representa 1968 y las manifestaciones culturales que de él se desprenden.

A Companion to Latin American Philosophy Susana Nuccetelli, Ofelia Schutte, Otávio Bueno, 2013-03-05 This comprehensive collection of original essays written by an international group of scholars addresses the central themes in Latin American philosophy. Represents the most comprehensive survey of historical and contemporary Latin American philosophy available today. Comprises a specially commissioned collection of essays many of them written by Latin American authors. Examines the history of Latin American philosophy and its current issues, traces the development of the discipline and offers biographical sketches of key Latin American thinkers. Showcases the diversity of approaches, issues and styles that characterize the field.

The Dissenting Voice Martin S. Stabb, 2014-05-23 Political, social and aesthetic change marked Latin American society in the years between 1960 and 1985. In this book Martin Stabb explores how these changes made their way into the essayistic writings of twenty-six Spanish American intellectuals. Stabb posits that dissent against ideology, against simplistic notions of technological progress, against urban values and even against the direct linear expository style of the essay itself characterizes the work of these contemporary essayists. He draws his examples from major canonical figures including Paz, Vargas Llosa, Fuentes and Cortázar, and from lesser known writers who merit a wider readership such as Monterroso, Zaid, Edwards and Ibarguen. This exploration overturns many conventional assumptions.

Filosofía y circunstancias Adolfo Sánchez Vázquez, 1997 **Presencia de Alejandro Rossi** Juan Villoro, Pablo Sol Mora, 2020-02-10

Este volumen reúne dos ensayos de Juan Villoro y Pablo Sol Mora en homenaje al destacado escritor y filósofo mexicano Alejandro Rossi, quien fue miembro de El Colegio Nacional. Villoro comienza con un ejercicio narrativo que recoge su mirada personal de la figura de Rossi, ya que convivió con él desde la infancia. Relata algunos episodios particularmente significativos a medida que ambos progresaban en sus respectivas trayectorias vitales y literarias. Sol Mora, por otra parte, se propone ofrecer al lector un Manual de Alejandro Rossi, en el que incluye una breve semblanza biográfica y analiza su producción literaria de manera cronológica. Se trata de un volumen que sin duda enriquecerá la lectura de quienes dominan la obra de Rossi y al mismo tiempo ser una invitación para quien aún no se ha acercado a su producción literaria.
