defining the topic and reviewing its historical development A theoretical orientation follows and then the author begins to address the major factors that determine what is and what is not remembered Although we cannot yet specify the principles from which we can predict when an episode once learned will be remembered well or forgotten entirely the author demonstrates that such principles are not that far away He considers the issues that must be resolved before such principles are established and in the course of doing so covers the major research on why we remember events and why they are forgotten

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
