and Peoplehood James Urry, 2011-07-15 Mennonites and their forebears are usually thought to be a people with little interest or involvement in politics. *Mennonites Politics and Peoplehood* reveals that since their early history Mennonites have in fact been active participants in worldly politics. From western to eastern Europe and through different migrations to North America, James Urry's meticulous research traces Mennonite links with kingdoms, empires, republics, and democratic nations in the context of peace, war, and revolution. Urry stresses a degree of Mennonite involvement in politics not previously discussed in literature, including Mennonite participation in constitutional reform and party politics, and shows the polarization of their political views from conservatism to liberalism and even revolutionary activities. Urry looks at the Mennonite reaction to politics and political events from the Reformation onwards and focuses particularly on those people who settled in Russia and their descendants who came to Manitoba. Using a wide variety of sources, *Mennonites Politics and Peoplehood* combines an interdisciplinary approach to reveal that Mennonites far from being the Quiet in the Land have deep roots in politics.

Only the Sword of the Spirit Jacob Abram Loewen, Wesley J. Priebe, 1997 *Only the Sword of the Spirit* reconstructs the development of Menno Simon's anabaptist vision and methodically traces its evolution through the entire northern stream of Mennonites in Holland, Prussia, North Germany, Russia, and North America. It concludes with an appeal for the recovery of a relevant version of Menno Simon's 16th-century vision for our own times.

War, Peace, and Social Conscience Theron F. Schlabach, 2009-11-23 John Howard Yoder is one of the best-known Mennonite thinkers on peace. But before Yoder there was Guy F. Herschberger, whose reflections on war, violence, and peace helped Mennonites navigate perilous times in early to mid-20th century and who also laid the foundation for what became the Alternative Service Program in the U.S. during World War II. In the 1960s he played an important role in guiding the Mennonite church's response to the civil rights movement, nudging them toward greater openness to Martin Luther King's call for justice for African Americans. In this definitive biography, Theron F. Schlabach shows how Herschberger helped Christians live their faith in a world beset by war and injustice at the same time, pioneering creative ways to engage pressing concerns such as civil rights, economic justice, and capital punishment. Says Stanley Hauerwas, Professor of Theological Ethics, Duke Divinity School: "What Schlabach has given us is an invaluable, honest account of a life lived in the tensions of the Mennonite church as that church explored the implications of being a people committed to nonviolence. The resulting account is a crucial account not only of Herschberger's life but of Mennonite life—an accounting I hope non-Mennonites will find instructive because it may help them understand Mennonites but more importantly how Mennonites help us better understand what being Christian entails." *War, Peace, and Social Conscience* by Guy F. Herschberger and Mennonite Ethics was made possible through the generous support of Mennonite Mutual Aid and the Mennonite Historical Society.

Making Believe Magdalene Redekop, 2020-04-10 *Making Believe* responds to a remarkable flowering of art by Mennonites in Canada. After the publication of his first novel in 1962, Rudy Wiebe was the only identifiable Mennonite literary writer in the country. Beginning in the 1970s, the numbers

grew rapidly and now include writers Patrick Friesen Sandra Birdsell Di Brandt Sarah Klassen Armin Wiebe David Bergen Miriam Toews Carrie Snyder Casey Plett and many more A similar renaissance is evident in the visual arts including artists Gathie Falk Wanda Koop and Aganetha Dyck and in music including composers Randolph Peters Carol Ann Weaver and Stephanie Martin Confronted with an embarrassment of riches that resist survey Magdalene Redekop opts for the use of case studies to raise questions about Mennonites and art Part criticism part memoir Making Believe argues that there is no such thing as Mennonite art At the same time her close engagement with individual works of art paradoxically leads Redekop to identify a Mennonite sensibility at play in the space where artists from many cultures interact Constant questioning and commitment to community are part of the Mennonite dissenting tradition Although these values come up against the legacy of radical Anabaptist hostility to art Redekop argues that the Early Modern roots of a contemporary crisis of representation are shared by all artists Making Believe posits a Spielraum or play space in which all artists are dissembling tricksters but differences in how we play are inflected by where we come from The close readings in this book insist on respect for difference at the same time as they invite readers to find common ground while making believe across cultures

Congregational Music, Conflict and Community Jonathan Dueck, 2017-04-28 Congregational Music Conflict and Community is the first study of the music of the contemporary worship wars conflicts over church music that continue to animate and divide Protestants today to be based on long term in person observation and interviews It tells the story of the musical lives of three Canadian Mennonite congregations who sang together despite their musical differences at the height of these debates in the late 1990s and early 2000s Mennonites are among the most music centered Christian groups in North America and each congregation felt deeply about the music they chose as their own The congregations studied span the spectrum from traditional to blended to contemporary worship styles and from evangelical to liberal Protestant theologies At their core the book argues worship wars are not fought in order to please congregants musical tastes nor to satisfy the theological principles held by a denomination Instead the relationships and meanings shaped through individuals experiences singing in the particular ways afforded by each style of worship are most profoundly at stake in the worship wars As such this book will be of keen interest to scholars working across the fields of religious studies and ethnomusicology
