Günter Berghaus

Nuovo Futurismo New Futurism Abate Innocente Lodola Plumcake Postal:

2023 Günter Berghaus, Dalila Colucci, Tim Klähn, 2023-12-04 This thirteenth volume of the International Yearbook of Futurism Studies explores some of the many facets of Neo Futurism from the second half of the twentieth century to the present day. It looks both at the revival and the continuation of Futurist aesthetics whether in explicit or palimpsest form in a variety of media: literature, visual art, design, music, architecture, theatre, and photography. The essays delve into the broad spectrum of artistic research and offer a good dozen case studies that document with a transnational and interdisciplinary orientation the manifold forms of Neo Futurism in various parts of the world. They investigate how historical Futurism's intellectual and artistic perspective was appropriated and developed further in a more or less conscious, faithful and original way, all the while confronting its progenitor's cultural, social, and political misconceptions. Interdisciplinary contributions to neo futurism as a global phenomenon. *Handbook of International Futurism* Günter Berghaus, 2018-12-17 The Handbook of International Futurism is the first reference work ever to present in a comparative fashion all media and countries in which the movement initiated by F. T. Marinetti in 1909 exercised a particularly noteworthy influence. The handbook offers a synthesis of the state of scholarship regarding the international radiation of Futurism and its influence in some fifteen artistic disciplines and thirty-eight countries. While acknowledging the great achievements of the movement in the visual and literary arts of Italy and Russia, it treats Futurism as an international multidisciplinary phenomenon that left a lasting mark on the manifold artistic manifestations of the early twentieth-century avant-garde. Hundreds of artists who in some phase in their career absorbed Futurist ideas and stylistic devices are presented in the context of their national traditions, their international connections, and the media in which they were predominantly active. The handbook acts as a kind of multidisciplinary geographical encyclopaedia of Futurism and gives scholars with varying levels of experience a detailed overview of all countries and disciplines in which the movement had a major impact. **2022** Günter Berghaus, 2022-12-19 The first part of the yearbook contains ten essays on Futurist art and literature in Italy, France, Russia, Poland, Portugal, and the former colony of Goa. Among other things, early Futurist publishing and propaganda initiatives by means of manifestos, press releases, and newsheets are examined, as well as Athos Casarini's artistic and political work undertaken in Italy and the USA. Articles in the second part deal with the 30th anniversary of the international Academy of Zaum, as well as various conferences, exhibitions, and publications celebrating the centenary of Zenitism in Serbia and Croatia. Critical responses to exhibitions, conferences, and publications, as well as a bibliographical section with information on 139 recent book publications on Futurism, conclude the yearbook.
