Published under the Transnational Publishers imprint      *Law and War* Peter Maguire,2010-03-04 In this classic text Peter

Maguire follows America's legal relationship with war both before and after the Nuremberg trials of the 1940s. Maguire argues that the precedents set by the trials were nothing less than revolutionary and he traces the development of these new attitudes throughout American history. The text has been revised throughout with a new preface and postscript discussing the George W. Bush administration's attempt to rewrite the laws of war after 9/11. Maguire connects these efforts to the decline in American power and reputation. *Seeking Justice for the Holocaust* Graham B. Cox,2019-09-12 The Nuremberg War Crimes Trial has become a symbol of justice the pivotal moment when the civilized world stood up for Europe s Jews and ultimately for human rights Yet the world represented at the time by the Allied powers almost did not stand up despite the magnitude of the horrors perpetrated by the Nazis Seeking justice for the Holocaust had not been an automatic or an obvious mission for the Allies to pursue In this book Graham Cox recounts the remarkable negotiations and calculations that brought the United States and its allies to this point At the center of this story is the collaboration between Franklin D Roosevelt and Herbert C Pell Roosevelt s appointee as U S representative to the United Nations War Crimes Commission in creating an international legal protocol to prosecute Nazi officials for war crimes and genocide Pell emerges here as an unheralded force

in pursuing justice and in framing human rights as an international concern The book also enlarges our perspective on Roosevelt's policies regarding European Jews by revealing the depth of his commitment to postwar justice in the face of staunch opposition even from some within his administration What made the international effort especially contentious was a debate over its focus how to punish for aggressive warfare and crimes against humanity Cox exposes the internal contradictions and contortions behind the U S position and the maneuverings of numerous officials negotiating the legal parameters of the trials Most telling perhaps were the efforts of Robert H Jackson the chief U S prosecutor at Nuremberg to circumscribe the scope of new international law for fear of setting precedents that might boomerang on the United States because of its own racial segregation practices With its broad new examination of the background and context of the Nuremberg trials and its expanded view of the roles played by Roosevelt and his unlikely deputy Pell *Seeking Justice for the Holocaust* offers a deeper and more nuanced understanding of how the Allies came to hold Nazis accountable for their crimes against humanity

**Globalization of Criminal Justice** Michael Bohlander, 2017-05-15 Genocide crimes against humanity war crimes ethnic cleansing are terms which in recent years have entered common usage The worst cases of these crimes seen in the Yugoslav secession conflict and the Rwandan slaughter resulted in attempts by the international legal community to initiate an international mechanism for establishing criminal accountability In 1998 after many States signed the Rome Statute it was expected that justice would prevail over state power and impunity be eliminated However there is a serious question mark over the effectiveness of this process That is the starting point for this collection It is not an acclamatory collection that is meant to celebrate the undoubted advances of international criminal justice The articles in the first part show the importance of comparative criminal law research to the development of international criminal justice and in the second part they deal with the foundations substantive and procedural aspects of international criminal law

Memory and Postwar Memorials M. Silberman, F. Vatan, 2013-12-04 The twentieth century witnessed genocides ethnic cleansing forced population expulsions shifting borders and other disruptions on an unprecedented scale This book examines the work of memory and the ethics of healing in post authoritarian societies that have experienced state perpetrated violence

The Historiography of Genocide Anton Weiss-Wendt, Robert Krieken, Alfred A. Cave, Ben Kiernan, Doris Bergen, David Moshman, Victoria Sanford, John Docker, Robert Hitchcock, 2008-02-13 The Historiography of Genocide is an indispensable guide to the development of the emerging discipline of genocide studies and the only available assessment of the historical literature pertaining to genocides
