

Annotated Bibliography for Scope of Nursing Practice 2

This article has been helpful in collecting and gathering useful information related to the topic of nursing practices as it has focused on the scope which has been offered by nursing practices. The basic audience to whom this article has been targeted is the professional nurse. This article has defined the scope of nursing practices by focusing on the Affordable Care Act. This article has helped in focusing on the fact that there should be slow growth in the costs of health care services. It has further focused on improvement in health care value with the help of payment reforms. The basic strength of this article is that it has incorporated all of required and valid information related to the topic. However, the lack and absence of statistics related to the scope of nursing practices is the major weakness of the article.

This article has been helpful in collecting and gathering useful information related to the topic of nursing practices as it has focused on the present status of practice nurses within the region of Australia. The article provides useful and helpful information by stating that in Australia and all across the world, it has been accepted that changes in the health care services are essential. These changes are essential because of the dramatically increasing costs of health care, increasing occurrence of complex and chronic condition, personnel shortages in health care and rising demands for health care services. The article integrated useful and authentic information by focusing on these issues which are being faced by today's health care sector. The absence of future predictions and future implications is the basic weakness of this article.

This article has been helpful in collecting and gathering useful information related to the topic of nursing practices as it has focused mainly on the scope of advanced practice nurses. The basic purpose of this article was to explore and describe clinical competencies of Advanced Practice Nurses which helped in providing sufficient and adequate knowledge and information related to the topic of nursing practices. This article provided useful and authentic information as it has collected the required data with the help of conducting interviews. Inclusion of ethical considerations is also one of its basic strength. However, the absence of future implications is the major weakness of this research paper.

This article has been helpful in collecting and gathering useful information related to the topic of nursing practices as it has mainly and chiefly focused on the barriers which come up for advanced practice registered nurses. This article has given useful and reliable information by reflecting on the fact that the APRNs i.e. Advanced Practice Registered Nurses encompass unique and incredible potential to influence the altering demands of health care in U.S. The article further revealed the scope and importance of APRN by describing that it is cost effective, high quality and safe approach of the provision of health care. Inclusion of future expectations or future scope could have strengthened the information of this article.

This article has been helpful in collecting and gathering useful information related to the topic of nursing practices as it has focused on the scope of nursing practices in Australia. Practice issues and evolution in the field of nursing practices have been discussed in the
