Pre publication reviews I'd have loved to have discovered this book during my own paediatric rotation and exams It's got lots of colourful illustrations and is really interesting and easy to read It's a great text to use both as an introduction to paediatrics as well as a brilliant revision guide Definitely recommended to anyone trying to get to grips with the basics of paediatrics

Final year student Oxford University there is no other undergraduate textbook of Paediatrics available that offers such a concise yet complete exposition of the subject

Final year student Imperial Medical School the best description and approach I've ever read to the notoriously difficult and problematic topic of paediatric history and examination

Fourth year student Southampton Medical School the content is pared down to cover what students need to know and no more

PhD student Barts and QM medical school London Almost the perfect paediatrics textbook this should be a really useful book

Fifth year student Oxford University Reviews of Previous Edition beautifully presented book The At a Glance summary presentations are a superb aid to student and registrar learning

Family Practice I do not know if there are other paediatric textbooks that could make paediatrics easier to read than this one

Medical Student Sydney University Australia Note CD ROM DVD and other supplementary materials are not included as part of eBook file
