Social Construction of Mental Illness and Its Implications for Neuroplasticity Michael T. Walker, 2016-09-14 The Social Construction of Mental Illness and Its Implications for Neuroplasticity examines how the current concept of mental illness in society informs the dialogic skills and perspectives of psychotherapists The common interpretation of unconventional behavior as a symptom of illness has marginalized the creative class and deterred mental health professionals from developing the skills and perspectives needed to empower their clients Too often the neuroplasticity of the human brain is ignored in favor of the organizing metaphor of chemical imbalance which often results in the relegation of clients needs to the pharmaceutical industry Michael T Walker encourages psychotherapists to evolve their practice by considering the new information available in neuroscience psychotherapy outcome studies and postmodern psychotherapies **Yet Another Showdown with Mental Illness** Mary Khazak Grant, 2019-11-07 This self help book is a sequel to the author s 2016 book Having a Showdown with Mental Illness It was developed from a Wordpress blog of the same name greatly expanded and embellished It enables people suffering from a chronic mild to moderate mental illness e g they are still capable of functioning in society while in a clinical or therapy relationship to greatly accelerate recovery through additional efforts they undertake as described herein The author used herself as a guinea pig to achieve a cure by 2020
