Painted Drum A Novel:

The Painted Drum Louise Erdrich, 2005-09-06 When a woman named Faye Travers is called upon to appraise the estate of a family in her small New Hampshire town she isn't surprised to discover a forgotten cache of valuable Native American artifacts. After all, the family descends from an Indian agent who worked on the North Dakota Ojibwe reservation that is home to her mother's family. However, she stops dead in her tracks when she finds in the collection a rare drum, a powerful yet delicate object made from a massive moose skin stretched across a hollow of cedar, ornamented with symbols she doesn't recognize and dressed in red tassels and a beaded belt and skirt, especially since without touching the instrument she hears its sound. From Faye's discovery we trace the drum's passage both backward and forward in time from the reservation on the northern plains to New Hampshire and back. Through the voice of Bernard Shaawano, an Ojibwe, we hear how his grandfather fashioned the drum after years of mourning his young daughter's death and how it changes the lives of those whose paths it crosses. And through Faye we hear of her anguished relationship with a local sculptor who himself mourns the loss of a daughter and of the life she has made alone with her mother in the shadow of the death of Faye's sister. Through these compelling voices, *The Painted Drum* explores the strange power that lost children exert on the memories of those they leave behind and as the novel unfolds, its elegantly crafted narrative comes to embody the intricate transformative rhythms of human grief. One finds throughout the grace and wit, the captivating prose and surprising beauty that characterize Louise Erdrich's finest work.

A Reader's Guide to the Novels of Louise Erdrich Peter G. Beidler, Gay Barton, 2006 A revised and expanded comprehensive guide to the novels of Native American author Louise Erdrich from *Love Medicine* to *The Painted Drum*. Includes chronologies, genealogical charts, complete dictionary of characters, map and geographical details about settings, and a glossary of all the Ojibwe words and phrases used in the novels. Provided by publisher.

Understanding Louise Erdrich Seema Kurup, 2015-12-30 In *Understanding Louise Erdrich*, Seema Kurup offers a comprehensive analysis of this critically acclaimed Native American novelist whose work stands as a testament to the struggle of the Ojibwe people to survive colonization and contemporary reservation life. Kurup traces in Erdrich's oeuvre the theme of colonization, both historical and cultural, and its lasting effects, starting with the various novels of the Love Medicine epic, the National Book Award-winning *The Round House*, *The Birchbark House*, series of children's literature, the memoirs *The Blue Jays*, *Dance and Books*, and *Island in Ojibwe Country*, and selected poetry. Kurup elucidates Erdrich's historical context, thematic concerns, and literary strategies through close readings, offering an introductory approach to Erdrich and revealing several entry points for further investigation. Kurup asserts that Erdrich's writing has emerged not out of a postcolonial identity but from the ongoing condition of colonization faced by Native Americans in the United States, which is manifested in the very real and contemporary struggle for sovereignty and basic civil rights. Exploring the ways in which Erdrich moves effortlessly from trickster humor to searing pathos and from the personal to the political, Kurup takes up the complex issues of cultural identity.

The Shadow of the Precursor Nena Bierbaum, 2011-10-18 A shadow in its most literal sense is the projection of a silhouette against a surface and the obstruction of direct light from hitting that surface For writers and artists the shadows cast by their precursors can be either a welcome influence one consciously evoked in textual production via homage or bricolage or can manifest as an intrusive haunting prohibitive presence one which threatens to engulf the successor Many writers and artists are affected by an anxious and ambiguous relationship with their precursors while others are energised by this relationship The role that intertextuality plays in creative production invites interrogation and this publication explores a range of conscious and unconscious influences informing relations between texts and contexts between predecessors and successors The chapters revolve around intertextual influence ranging from conscious imitation and intentional allusion to Julia Kristeva's idea of intertextuality Do all texts contain references to and even quotations from other texts Do such references help shape how we read This multidisciplinary work includes chapters on the long shadows cast by Shakespeare Dante Scott Virgil and Ovid the shadows of colonial precursors on postcolonial successors the shadows cast over Kipling and Murdoch and chapters on other writers dramatists and filmmakers and their relationships with

precursor figures With its focus on intertextual relationships this book contributes to the thriving fields of adaptation studies and studies of intertextuality The Good, The Bad and The Ugly - 175+ Western Novels & Short Stories in One Edition Mark Twain, James Fenimore Cooper, Max Brand, James Oliver Curwood, B.
