

Don Runkin

The book cover features a landscape painting. The foreground is a golden-yellow field, possibly a field of wildflowers or a field of grain. In the middle ground, a small white building with a dark roof is visible, surrounded by green trees and foliage. The background is a hazy, green landscape with more trees. The overall style is impressionistic, with visible brushstrokes and a soft, atmospheric quality.

Painting From Sketches Photographs And The Imagination:

Painting from Sketches, Photographs, and the Imagination Don Rankin, 1987 Shows how to create a painting with strong emotional impact offers advice on composition and suggests practical exercises **Painting from Photographs, Sketches and the Imagination** Don Rankin, 1990-07-01 Shows how to create a painting with strong emotional impact offers advice on composition and suggests practical exercises **Thoughts about Art** Philip Gilbert Hamerton, 1871 **The Spirit of Secular Art** Robert Nelson, 2007 THE SPIRIT OF SECULAR ART explains the spiritual prestige of art Various theorists have discussed how art has an aura or indefinable magic This book explains how when and why it gained its spiritual properties The idea that all art is somehow spiritual even though not religious is often assumed this book while narrating the historical trajectory of art in the most accessible language reveals how the mysteries of religious practice are abstracted and saved through all stages of secularisation in European culture THE SPIRIT OF SECULAR ART presents a coherent theory defining the sacred basis of Western aesthetics It evocatively describes the afterlife of the holy from Ancient Greece to the present and outlines how the mysterious institution of art can be explained in material terms Unlike other books in the genre THE SPIRIT OF SECULAR ART radically deconstructs traditional art history in terms of prestige and the value of the non material The book functions as an alternative critical history of art integrated with the histories of literature and belief a philosophical essay on the fundamental values of art and religion and a critique of the spiritual conceits of contemporary aesthetics and art appreciation **Art Class** Simon Jennings, 1999-10 Presents instructions on working in a variety of media including watercolors acrylic and oils and includes demonstrations on painting portraits landscapes and still lifes **Art Journey Portraits and Figures** Rachel Rubin Wolf, 2014-12-04 Truth Beauty Experience Emotion The artists included in Art Journey Portraits and Figures say they have discovered all of these things and more through their work Sometimes it s in the eyes Or perhaps it s the hint of an expression that seems to beckon one closer begging to share a secret Maybe it s the tilt of a chin Or the posture or stance of one s subject But in a well executed portrait or figure Something special something unique that is invariably revealed oftentimes about both the subject and the artist Covering a tantalizing range of styles the works within illustrate the many ways today s best artists choreograph shape value line texture and color into compositions that create drama tell a story and pull the viewer in Featuring unusual perspectives enticing contrasts and other dynamic design elements Art Journey Portraits and Figures delivers fresh inspiration for artists of every skill level and medium Art and inspiration from 109 contemporary artists working in charcoal pencil pastel colored pencil scratchboard pen and ink and more 107 masterful works the best in portraiture and figure work demonstrating a wonderful diversity of styles Expert tips and advice and insights into the stories behind art **The New Artist's Manual** Simon Jennings, 2006 Here s four years of art school in book form minus the loans Taking the top lessons methods and instruction from the best selling Artist s Manual and Art Class plus all new material The New Artist s Manual is a veritable bible for beginners as well as an invaluable

reference for accomplished artists This is the definitive hands on art volume covering the ins and outs of equipment and hundreds of techniques for painting and drawing Comprehensive and easily referenced The New Artist s Manual clearly explains all the artist s essential tools and materials how to choose them how to use them and how to care for them and includes detailed instructions on working with media ranging from watercolor to acrylic and from pencil to pastels Packed with information on myriad techniques from color use and composition to subject choice numerous tips from professional working artists plus a whopping 1300 color photos and illustrations The New Artist s Manual is everything painters and illustrators need to begin develop and perfect their craftmaking it the definitive studio companion

Reflections on Imagination Mark Harris, Nigel Rapport, 2016-03-03 In this innovative volume anthropologists turn their attention to a topic that has rarely figured as a focus of concerted investigation and yet which can be described as an intrinsic aspect of all human knowing and part of all processes by which human beings process information about themselves their identities their environments and their relations the imagination How do anthropologists use imagination in coming to know their research subjects How might they and how should they use their imagination And how do research subjects themselves understand describe justify and limit their use of the imagination Presenting a range of case studies from a variety of locations including the UK US Africa East Asia and South America this collection offers a comparative exploration of how imagination has been conceptualized and understood in a range of analytical traditions with regard to issues of both methodology and ethnomethodology With emphasis not on abstraction but on imagination as activity technique and subject situated in the middle of lives Reflections on Imagination sheds new light on imagination as a universal capacity and practice something to which human beings attend whenever they make sense of their environments and situate their life projects in these environments the means by which worlds come to be

Kazuo Ishiguro's Gestural Poetics Peter Sloane, 2021-05-06 Through readings of Ishiguro s repurposing of key elements of realism and modernism his interest in childhood imagination and sketching interrogation of aesthetics and ethics his fascination with architecture and the absent home and his expressionist use of imaginary space and place Kazuo Ishiguro s Gestural Poetics examines the manner in which Ishiguro s fictions approach but never quite reveal the ineffable inexpressible essence of his narrators emotionally fraught worlds Reformulating Martin Heidegger s suggestion that the essence of world can only be indicated as the essence of world can only be gestured towards Sloane argues that while Ishiguro s novels and short stories are profoundly sensitive to the limitations of literary form their narrators are to varying degrees equally keenly attuned to the failures of language itself In order to communicate something of the emotional worlds of characters adrift in various uncertainties while also commenting on the expressive possibilities of fiction and the mimetic arts more widely Ishiguro appropriates a range of metaphors which enable both author and character to gesture towards the undisclosable essences of fiction and being

I Am You Karl F. Morrison, 2014-07-14 Important trends in contemporary intellectual life celebrate difference divisiveness and distinction

Speculative writing increasingly highlights hermeneutic gaps between human beings their histories and their hopes In this book Karl Morrison identifies an alternative to this disruption He explores for the first time the entire legacy of thought revolving around the challenging claim I am you perhaps the most concise possible statement of bonding through empathy Professor Morrison shows that the hope for thoroughgoing understanding and inclusion in another s world view is central to the West s moral intellectual tradition He maintains that the West may yet escape the fatal flaw of casting that hope in paradigms of sexual and aesthetic dominance examples of empathetic participation inspired by hunger for power as well as by love The author uses diverse sources in theology ranging from Augustine to Schleiermacher in art from the religious art of the Christian Empire to post Abstractionism and in literature from Donne to Joyce Pirandello and Mann In this work he builds on the thought of two earlier books Tradition and Authority in the Western Church 300 1140 Princeton 1969 and The Mimetic Tradition of Reform in the West Princeton 1982 I Am You goes beyond their themes to the inward act that according to tradition consummated the change achieved by mimesis namely empathetic participation Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
