The Delirious Museum Calum Storrie, 2007-10-24 The Delirious Museum is a remarkable illuminating work which presents an original view of the idea of the museum in the twenty first century re imagining the possibilities for museums and their displays and re examining the blurred boundaries between museums and the cities around them On his quest for the Delirious Museum Storrie takes a journey that begins in the Louvre and continues through Paris London Los Angeles and Las Vegas He encounters on his way the museum architecture of John Soane Carlo Scarpa and Daniel Libeskind the exhibitions of El Lissitzky and of Frederick Kiesler and the work of artists as varied as Marcel Duchamp Andy Warhol Marcel Broodthaers Sophie Calle and Mark Dion

The Constructivist Moment Barrett Watten, 2012-01-01 Winner of the American Comparative Literature Association's Rene Wellek Prize 2004 As one of the founding poets and editors of the Language School of poetry and one of its central theorists Barrett Watten has consistently challenged the boundaries of literature and art In The Constructivist Moment he offers a series of theoretically informed and textually sensitive readings that advance a revisionist account of the avant garde through the methodologies of cultural studies His major topics include American modernist and postmodern poetics Soviet constructivist and post Soviet literature and art Fordism and Detroit techno each proposed as exemplary of the social construction of aesthetic and cultural forms His book is a full scale attempt to place the linguistic turn of critical theory and the self reflexive foregrounding of language by the avant garde since the Russian Formalists in relation to the cultural politics of postcolonial studies feminism and race theory As such it will provide a crucial revisionist perspective within modernist and avant garde studies

The Idea of the Avant Garde Marc James Léger, 2019-10-15 The concept of the avant garde is highly contested whether one consigns it to history or claims it for present day or future uses The first volume of The Idea of the Avant Garde And What It Means Today provided a lively forum on the kinds of radical art theory and partisan practices that are possible in today's world of global art markets and creative industry entrepreneurialism This second volume presents the work of another 50 artists and writers exploring the diverse ways that avant gardism develops reflexive and experimental combinations of aesthetic and political praxis The manifest strategies temporalities and genealogies of avant garde art and politics are expressed through an international intergenerational and interdisciplinary convocation of ideas that covers the fields of film video architecture visual art art activism literature poetry theatre performance intermedia and music

Ilya Kabakov Илья́ Кабаков, Matthias Haldemann, 2010 The book has always played a pivotal role in the work of Ilya Kabakov Initially successful as an illustrator of

children's books in the Soviet Union the book was the impetus for his visual artistic activity The book has remained Kabakov's constant companion On the one hand it is used to present new projects On the other it is the medium used to document these projects once they have been realised The book accompanies Kabakov's visual work but that is not its only purpose it has always also been crucial in terms of the visual art itself As always with Kabakov there is no distinction between artistic practice and discourse This applies also to this catalogue raisonné which turns out to be a paradoxical construction it is both an academic work and an artist's book English and German text *I.
