The sun is low on the horizon, creating a bright glow that reflects on the dark, calm water in the foreground. The overall mood is serene and contemplative.

Peace Spirituality For Peace Makers:

Peace Spirituality for Peace Makers Helder Camara (Dom), Pax Christi International, 1983 Hauerwas the Peacemaker? Nathan Scot Hosler, 2020-04-14 War has been abolished in Christ is a strong claim by theologian Stanley Hauerwas Wars however continue to rage and historic numbers of people are displaced globally Despite critics assessments that Hauerwas contributes to Christians disengaging his work provides certain tools for the work of peacebuilding In this work Hauerwas s contribution to peacemaking as a part of his ecclesiology and broader theological ethical work will be assessed Hauerwas s peacemaking within his work stands within the context of ecclesiology and related themes of witness and Christology The possibilities of his work on peacemaking to extend to peacebuilding practice and foreign policy formation are explored and a critique is leveled regarding his engagement with racial justice Additionally certain practices of reading in theology and training in this language are extrapolated to engage the task of policy formation and analysis in contexts where religion is an active factor This study concludes that Hauerwas s theological ethics of peacemaking makes a valuable contribution but must be extended into specific practices **Peacemakers in Action: Volume 1** Tanenbaum Center for Interreligious Understanding, 2007-01-08 Across the globe there are more than 50 armed conflicts many of which are being perpetrated in the name of religion In these zones of violence there are brave men and women who motivated by their religious beliefs are working to create and sustain peace and reconciliation Yet their stories are unknown This book explores the conflicts and the stories of 15 remarkable individuals identified and studied by the Tanenbaum Center for Interreligious Understanding from regions as far flung as West Papua Indonesia the Middle East Northern Ireland Nigeria El Salvador and South Africa The book also captures important lessons learned when these peacemakers convened in Amman Jordan for the 2004 Peacemakers in Action Retreat and discussed their best techniques and greatest obstacles in creating peace on the ground Peacemakers in Action provides guidance to students of religion and future peacemakers **Thomas Merton Peacemaker** Dear, John , 2015-04-30 *Peacemakers in Action: Volume 2* Joyce S. Understanding from regions as far flung as West Papua Indonesia the Middle East Northern Ireland Nigeria El Salvador and South Africa Strangers on the Shore Albert B. Randall,2006 While the world s major religions differ in their beliefs they share common spiritual values Although Christians and Muslims disagree about the divinity of Jesus the New Testament and the Qur an affirm a common set of spiritual virtues that are also found in Hinduism and Buddhism For Christians the fundamental spiritual virtues are most memorably stated in the Beatitudes that begin the Sermon on the Mount Strangers on the Shore explores the virtues in the Beatitudes as they are expressed in the New Testament the Muslim Qur an the Hindu Bhagavad Gita and the writings and traditions of Buddhism *Blessed Peacemakers* Kerry Walters,Robin Jarrell,2013-02-12 These are the stories of 365 women men and children worldwide who have acted as peacemakers during the last 2500 years They include human rights and antiwar activists scientists and artists educators and scholars songwriters and poets film directors and authors diplomats and economists environmentalists and mystics prophets and policymakers All sacrificed for the dream of peace some even died for it **Blessed Are the Peacemakers** Daniel L. religious leaders done about this situation especially in educational circles Have they received formal educational training to understand the causes of this violence and especially how to provide alternatives for more peaceful relations within Nigeria Does the current educational system in Nigeria provide the main ingredients for the promotion of a culture of peace The absence and neglect of interreligious peace education as part of a peace education core program and the lack of an interreligious curriculum for peace education in the training of religious leaders are the two problems contributing towards the lack of effectiveness of religious leaders in promoting less violent and more peaceful living The solution to the problem is proposed in this book entitled *Interreligious Curriculum for Peace Education in Nigeria* The book develops a one year curriculum building on Yoruba Islamic Christian conceptions of peace and teaches how to create safe caring spiritual peaceful and successful interfaith relationships between all Nigerian religious communities In the long term the book helps to educate religious leaders to contribute in themselves and with the help of their respective religious communities to reducing the growing religious violence in Nigeria *The Peacemakers* Hiram Wallace Hayes,1909 **Reflections: a**

Helen Paynter,2023-11-07 This volume in Biblical Theology for Life series dives deeply into the topic of human violence Before exploring what the Bible says about violence Old Testament scholar Helen

Paynter sets out the contours for the study ahead by addressing the various definitions of violence and the theories of its origins prevalence and purpose What is violence Is there such a thing as natural violence Is violence a human or social construct or can we describe natural phenomena as violent How does the concept of violence relate to the concept of evil Violence is everywhere is it escapable How do we resist violence Having queued up the questions Paynter takes us to the Bible for answers Starting with the creation narratives in Genesis considered in comparison with the ancient Near Eastern myths and moving to the conquest of Canaan the most problematic of biblical narratives she investigates how these deep myths speak to the origins of human violence and its consequences The prevalence of violence through biblical history is inescapable Scripture reveals the hydra like nature of human violence investigating types of violence including but not limited to structural violence verbal violence sexual violence violence as public political act racialised violence including othering Through the voices of the prophets and then in the teaching of Jesus the Bible reveals that the seeds of violence exist within every human heart Even though we see evidence of resistance movements in the Bible such as the responses to attempted genocide in Exodus and Esther it is only on the cross that an absorption of violence by God takes place a defeat of violence by self sacrifice Along the way Paynter considers other relevant biblical themes including the apocalypse crushing the serpent's head and the concept of divine vengeance culminating in the resurrected Christ's lack of vengeance against those who did him to death In light of the New Testament we will consider how the first Christians responded to the structural violence of slavery and patriarchy and how they began to apply Jesus redemptive non vengeful theology to their own day The book concludes by discussing of what this means for Christians today For many of us who live without routine encounters with or threats of violence we must consider our responsibility in a world where our experience is the exception With attention to the multi headed hydra that is violence and the concealed structures of violence in our own Western society Paynter challenges readers to consider their own perhaps inherited privilege and complicity The question of how we regard others both as individuals and as societies is a deeply relevant and urgent one for the church The church can and should be a wholly non othering body So what implications does this have for the church and for example Black Lives Matter or the rampant xenophobia in our society or immigration and global migration issues How do we resist evil What does it mean to turn the other cheek when the cheek that has been slapped is not our own How do we resist the monster without becoming the monster

Third-Party Peacemakers in Judaism Daniel Roth, 2021 In the race to discover real solutions for the conflicts that plague contemporary society it is essential that we look to precedent Many of today's conflicts involve ethno religious tensions that modern wisdom alone is ill equipped to resolve In Third Party Peacemakers in Judaism Rabbi Dr Daniel Roth asks us to consider ancient religious and traditional cultural solutions to such present day issues Third Party Peacemakers in Judaism presents an array of case studies featuring third party peacemakers found within Jewish rabbinic literature and serves as an inspiration for fostering indigenous practices of third party peacemaking and mediation in the modern era
