Petit Traite Des Grandes Vertus:

le mot d'esprit et réciproquement , Petit traité des grandes vertus André Comte-Sponville, 2006 Mieux vaudrait enseigner les vertus que condamner les vices La morale n'est pas là pour nous culpabiliser mais pour aider chacun à être son propre maître son unique juge Dans quel but Pour devenir plus humain plus fort plus doux De la Politesse l'Amour en passant par le Courage et la Tolérance Andr Comte Sponville en s'appuyant sur les plus grands philosophes nous fait découvrir dix huit de ces vertus qui nous manquent et nous aident à pratiquer sans modération **Commentaire sur Petit traité des grandes vertus de Comte-Sponville** Pierre Gire, 1995 *Politesse et idéologie* Michel Wauthion, Anne-Catherine Simon, 2000 Sans cesse nous posons des jugements Aussitôt que nous croyons y échapper la scalarité des valeurs nous rejoint Nous avons beau prendre les précautions d'usage décrire le contexte en choisissant de paraître complets l'âme humaine reprend son droit parler n'est jamais neutre Écouter l'est moins encore Nous posons des jugements parce que nous interprétons et que le langage à travers ses procédés sa construction collective de la réalité y invite On dira de l'un qu'il est trop poli pour être honnête de l'autre au contraire qu'il est trop honnête pour être poli C'est en effet la spontanéité qu'on interroge dans son rapport avec la réflexion Le temps de l'écriture contient la science la classification mais elle perd la suprême nature On pensait l'affaire close depuis l'avènement de l'image voilà que la projection extraordinaire du courrier électronique sur la Toile nous ramène au cœur du débat Déjà les cris fusent pour dénoncer l'impolitesse du procédé Ce volume représente les actes du colloque qui en novembre 1998 a réuni à Louvain la Neuve une trentaine de chercheurs francophones qui avaient accepté de se rencontrer pour un haletant parcours l'exploration des rapports entre linguistique et littérature autour du thème de la politesse des échanges et de la rhétorique des conversations Ces univers scientifiques distincts nous rappellent la vocation de la politesse à agir dans la science classique comme dénominateur commun du savoir et du savoir vivre La neutralité de la parole est contenue dans le discours complaisant avenant facilitateur de la politesse Non seulement parce qu'il manque de profondeur mais peut-être aussi parce qu'il montre par moments les conditions d'action de ce dialogue idéal le refus de interpréter le discours en intentions , The Mediocracy Dominique Lecourt, 2002-11-17 Dominique Lecourt argues that a counter revolution in French intellectual life has seen the period of the master thinkers of the 1960s succeeded by an era of generalized mediocrity The author discusses how contemporary French ideology is content to legitimize a globally hegemonic neo liberalism *A Small Treatise on the Great Virtues* André Comte-Sponville, 2002-09-01 An utterly original exploration of the timeless human virtues and how they apply to the way we live now from a bold and dynamic French writer In this graceful incisive book writer philosopher Andr Comte Sponville reexamines the classic human virtues to help us understand what we should do who we should be and how we should live In the process he gives us an entirely new perspective on the value the relevance and even the charm of the Western ethical tradition Drawing on thinkers from Aristotle to Simone Weil by way of Aquinas Kant Rilke Nietzsche Spinoza and Rawls

among others Comte Sponville elaborates on the qualities that constitute the essence and excellence of humankind Starting with politeness almost a virtue and ing with love which transcs all morality A Small Treatise on the Great Virtues takes us on a tour of the eighteen essential virtues fidelity prudence temperance courage justice generosity compassion mercy gratitude humility simplicity tolerance purity gentleness good faith and even surprisingly humor Sophisticated and lucid full of wit and vivacity this modestly titled yet immensely important work provides an indispensable guide to finding what is right and good in everyday life

Man Made God Luc Ferry,2002-05-15 What happens when the meaning of life based on a divine revelation no longer makes sense Does the quest for transcendence end in the pursuit of material success and self absorption Luc Ferry argues that modernity and the emergence of secular humanism in Europe since the eighteenth century have not killed the search for meaning and the sacred or even the idea of God but rather have transformed both through a dual process the humanization of the divine and the divinization of the human Ferry sees evidence for the first of these in the Catholic Church s attempts to counter the growing rejection of dogmatism and to translate the religious tradition into contemporary language The second he traces to the birth of modern love and humanitarianism both of which demand a concern for others and even self sacrifice in defense of values that transcend life itself Ferry concludes with a powerful statement in favor of what he calls transcendental humanism a concept that for the first time in human history gives us access to a genuine spirituality rooted in human beings instead of the divine
