Political Thought Of Baldus De Ubaldis

Peter Schröder

Political Thought Of Baldus De Ubaldis:

The Political Thought of Baldus de Ubaldis Joseph Canning, 2003-07-17 A full scale study of the political thought of the Italian jurist Baldus de Ubaldis 1327 1400 *A History of Medieval Political Thought* Joseph Canning, 2002-11-01 Incorporating research previously unavailable in English this clear guide gives a synthesis of the latest scholarship providing the historical and intellectual context for political ideas This accessible and lucid guide to medieval political thought gives a synthesis of the latest scholarship incorporates the results of research until now unavailable in English focuses on the crucial primary source material provides the historical and intellectual context for political ideas The book covers four periods each with a different focus 300 750 Christian ideas of rulership 750 1050 the Carolingian period and its aftermath 1050 1290 the relationship between temporal and spiritual power and the revived legacy of antiquity 1290 1450 the confrontation with political reality in ideas of church and of state and in juristic thought Canning has produced an ideal introductory text for undergraduate and postgraduate students of the period *The Cambridge History of Medieval Political Thought C.350-c.1450* J. H. Burns, 1988 This volume examines the history of a complex and varied body of ideas over a period of more than a thousand years **The Political Thought of the Dutch Revolt 1555-1590** Martin van Gelderen, 2002-10-03 This book is a comprehensive study of the history of the political thought of the Dutch Revolt 1555 90 It explores the development of the political ideas which motivated and legitimized the Dutch resistance against the government of Philip II in the Low Countries and which became the ideological foundations of the Dutch Republic as it emerged as one of the main powers of Europe It shows how notions of liberty constitutionalism representation and popular sovereignty were of central importance to the political thought and revolutionary events of the Dutch Revolt giving rise to a distinct political theory of resistance to fundamental debates on the best state of the new Dutch commonwealth and to passionate disputes on the relationship between church and state which prompted some of the most eloquent early modern pleas for religious toleration **A History of Political Thought** Janet Coleman, 2000-06-22 This volume continues the story of European political theorising by focusing on medieval and Renaissance thinkers It includes extensive discussion of the practices that underpinned medieval political theories and which continued to play crucial roles in the eventual development of early modern political institutions and debates The author strikes a balance between trying to understand the philosophical cogency of medieval and Renaissance arguments on the one hand elucidating why historically suited medieval and Renaissance thinkers thought the ways they did about politics and why we often think otherwise *Western Political Thought* Robert Eccleshall, Michael Kenny, 1995 This is a guide to the vast amount of literature on the history of political thought which has appeared in English since 1945 The editors provide an annotation of the content of many entries and where appropriate indicate their significance controversial nature and readability **Ancient Models in the Early Modern Republican Imagination**, 2017-10-02 *Ancient Models in the Early Modern Republican Imagination* edited by Wyger Velema and Arthur Weststeijn

approaches the early modern republican political imagination from a fresh perspective While most scholars agree on the importance of the classical world to early modern republican theorists its role is all too often described in rather abstract and general terms such as classical republicanism or the neo roman theory of free states The contributions to this volume propose a different approach and all focus on the specific ways in which ancient republics such as Rome Athens Sparta and the Hebrew Republic served as models for early modern republican thought The result is a novel interpretation of the impact of antiquity on early modern republicanism

Popular Opinion in the Middle Ages Charles W. Connell, 2016-10-24 This book provides a needed overview of the scholarship on medieval public culture and popular movements such as the Peace of God heresy and the crusades and illustrates how a changing sense of the populus the importance of publics and public opinion and public spheres was influential in the evolution of medieval cultures Public opinion did play an important role even in the Middle Ages it did not wait until the era of modern history to do so Using modern research on such aspects of culture as textual communities large and small publics cults crowds rumor malediction gossip dispute resolution and the European popular revolution the author focuses on the Peace of God movement the era of Church reform in the tenth and eleventh centuries the rise and combat of heresy the crusades and the works of fourteenth century political thinkers such as Marsiglio of Padua regarding the role of the populus as the basis for the analysis The pattern of changes reflected in this study argues that just as in the modern world the simplistic idea of the public was a phantom Instead there were publics large and small that were influential in shaping the cultures of the era under review

Credo Credit Crisis Aidan Tynan, Laurent Milesi, Christopher John Müller, 2017-08-25 Money facilitates the rites and rituals we perform in everyday life More than a mere medium of exchange or a measure of value it is the primary means by which we manifest a faith unique to our secular age But what happens when individual belief credo I believe and the systems into which it is bound credit it believes enter into crisis Where did the sacredness of money come from and does it have a future Why do we talk about debt and repayment in overtly moral terms How should a theological critique of capitalism proceed today With the effects of the 2008 economic crises continuing to be felt across the world this volume brings together some of the most important contemporary voices in philosophy literature theology and critical and cultural theory together in one volume to assert the need to interrogate and broaden the terms of the theological critique of capitalism

The Science of Conjecture James Franklin, 2015-08 The Science of Conjecture provides a history of rational methods of dealing with uncertainty and explores the coming to consciousness of the human understanding of risk

Political Thinkers David Boucher, Paul Kelly, 2017 The most comprehensive introduction to the greatest political thinkers written by a team of international experts

Citizenship Paul Magnette, 2024-08-30 Citizenship is the main axis of modern political legitimacy But for all its evident centrality to modern politics it would be quite wrong to assume that citizenship itself is well understood Paul Magnette's book offers an economical and illuminating guide through many of the elements which have gone into the intellectual and ideological history

of modern citizenship In doing so he clearly surpasses any other recent analysis in any language known to me This is a book to read closely and reflect on with the utmost care It is our story and to make a wiser future we must learn to understand it a great deal better In that exacting and pressing task Paul Magnette s lucid and patient book offers nothing but help Trust in Early Modern International Political Thought, 1598-1713 Peter Schröder,2017-03-06 Can there ever be trust between states This study explores the concept of trust across different and sometimes antagonistic genres of international political thought during the seventeenth century The natural law and reason of state traditions worked on different assumptions but they mutually influenced each other How have these traditions influenced the different concepts and discussions of trust building Bringing together international political thought and international law Schröder analyses to what extent trust can be seen as one of the foundational concepts in the theorising of interstate relations in this decisive period Despite the ongoing search for conditions of trust between states we are still faced with the same structural problems This study is therefore of interest not only to specialists and students of the early modern period but also to everyone thinking about ways of overcoming conflicts which are aggravated by a lack of mutual trust **Political Representation in the Later Middle Ages** Hwa-Yong Lee,2008 This book explores the theory of political representation as articulated by the fourteenth century Italian thinker Marsilius It combines historical research on Marsilius with an analysis of the contemporary theory of representative democracy Modern theorization of political representation identifies the relation between the represented and the representative as a central theme In order to assess how a representative system can reasonably be expected to operate for the benefit of the whole people political representation must be understood through a comprehensive conception of the political process as a whole To this end Marsilius provides us with a perspective from which to examine the philosophical foundations of political representation and to reconsider the nature and significance of political representation that is an understanding of political representation in terms of the transfer of power This book suggests that in modern democratic societies where the people effectively cease to be a political agent and their formal authority becomes increasingly notional Marsilius conception of political representation which rejects the depoliticisation and deauthorisation of ordinary citizens has much to offer It can in principle offer a coherent alternative approach to building political representation as an effective scheme of public action for all *Law and the Humanities: Cultural Perspectives* Chiara Battisti,Sidia Fiorato,2019-12-02 This volume investigates interdisciplinary intersections between law and the humanities from the Renaissance to the present day It allows for fruitful encounters between different disciplines from literature to science from the visual arts to the post human from the postmodern novel s experimentation to most recent approaches towards the legal interpretation of literary texts This productive dialogue fosters original perspectives in the interpretation of and reflection upon identity justice power and human rights and values thus underlining the role of literature in the articulation of relevant cultural issues pertaining to specific periods *A Cultural History of Democracy in the Medieval Age* David Napolitano,Kenneth J.

Pennington,2022-12-15 Offering a broad exploration of the cultural history of democracy in the medieval age this volume claims that though not generally associated with the term the Middle Ages deserve to be included in a general history of democracy The term was never widely employed during this period the dominant attitude towards democracy was outright hostility and none of the medieval polities thought of itself as a democracy Despite this this study highlights a wide variety of ideas practices procedures and institutions that although different from their ancient predecessor direct democracy or modern successor liberal representative democracy played a significant role in the history of democracy This volume covers almost 1 000 years and a wide range of territories It deals with different political spheres ecclesiastical and secular and socio political settings courtly urban and rural and examines the phenomenon from the local level up to the universal realm This volume adopts a broad cultural approach and is structured thematically Each chapter takes a theme as its focus sovereignty liberty and the rule of law the common good economic and social democracy religion and the principles of political obligation citizenship and gender ethnicity race and nationalism democratic crises revolutions and civil resistance international relations and the scalability of democracy beyond the limits of a single city These ten themes add up to an extensive synoptic coverage of the subject

Justice among Nations Stephen C. Neff,2014-02-18 Justice among Nations tells the story of the rise of international law and how it has been formulated debated contested and put into practice from ancient times to the present Stephen Neff avoids technical jargon as he surveys doctrines from natural law to feminism and practice from the Warring States of China to the international criminal courts of today Ancient China produced the first rudimentary set of doctrines But the cornerstone of international law was laid by the Romans in the form of universal natural law However as medieval European states encountered non Christian peoples from East Asia to the New World new legal quandaries arose and by the seventeenth century the first modern theories of international law were devised New challenges in the nineteenth century encompassed nationalism free trade imperialism international organizations and arbitration Innovative doctrines included liberalism the nationality school and solidarism The twentieth century witnessed the League of Nations and a World Court but also the rise of socialist and fascist states and the advent of the Cold War Yet the collapse of the Soviet Union brought little respite As Neff makes clear further threats to the rule of law today come from environmental pressures genocide and terrorism

Die Gegenwart des Feudalismus Natalie Fryde,Pierre Monnet,Otto Gerhard Oexle,2002 Britische franz sische und deutsche Historiker erforschen in diesem Band die kulturellen gesellschaftlichen und politischen Bedingungen unter denen in England Frankreich und Deutschland das Ph nomen des Feudalismus konstituiert wurde The Ascendancy of Finance Joseph Vogl,2017-09-05 The global financial crisis of 2008 ushered in a system of informal decision making in the grey zone between economics and politics Legitimized by a rhetoric of emergency ad hoc bodies have usurped democratically elected governments In line with the neoliberal credo the recent crisis has been used to realize the politically impossible and to re align executive power with the interests of the finance industry In this important book Joseph Vogl offers

a much longer perspective on these developments showing how the dynamics of modern finance capitalism have always rested on a complex and constantly evolving relationship between private creditors and the state Combining historical and theoretical analysis Vogl argues that over the last three centuries finance has become a fourth estate marked by the systematic interconnection of treasury and finance of political and private economic interests Against this historical background Vogl explores the latest phase in the financialization of government namely the dramatic transfer of power from states to markets in the latter half of the 20th century From the liberalization of credit and capital markets to the privatization of social security he shows how policy has actively enabled a restructuring of the economy around the financial sector Political systems are imprisoned by the regime of finance while the corporate model suffuses society enclosing populations in the production of financial capital The Ascendancy of Finance provides valuable and unsettling insight into the genesis of modern power and where it truly resides

Foundations of Public Law Martin Loughlin, 2012-09-27

Foundations of Public Law offers an account of the formation of the discipline of public law with a view to identifying its essential character explaining its particular modes of operation and specifying its unique task Building on the framework first outlined in The Idea of Public Law OUP 2003 the book conceives public law broadly as a type of law that comes into existence as a consequence of the secularization rationalization and positivization of the medieval idea of fundamental law Formed as a result of the changes that give birth to the modern state public law establishes the authority and legitimacy of modern governmental ordering Public law today is a universal phenomenon but its origins are European Part I of the book examines the conditions of its formation showing how much the concept borrowed from the refined debates of medieval jurists Part II then examines the nature of public law Drawing on a line of juristic inquiry that developed from the late sixteenth to the early nineteenth centuries extending from Bodin Althusius Lipsius Grotius Hobbes Spinoza Locke and Pufendorf to the later works of Montesquieu Rousseau Kant Fichte Smith and Hegel it presents an account of public law as a special type of political reason The remaining three Parts unpack the core elements of this concept state constitution and government By taking this broad approach to the subject Professor Loughlin shows how rather than being viewed as a limitation on power law is better conceived as a means by which public power is generated And by explaining the way that these core elements of state constitution and government were shaped respectively by the technological bourgeois and disciplinary revolutions of the sixteenth century through to the nineteenth century he reveals a concept of public law of considerable ambiguity complexity and resilience

Political Thought Of Baldus De Ubaldis Introduction

In the digital age, access to information has become easier than ever before. The ability to download Political Thought Of Baldus De Ubaldis has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Political Thought Of Baldus De Ubaldis has opened up a world of possibilities. Downloading Political Thought Of Baldus De Ubaldis provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Political Thought Of Baldus De Ubaldis has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Political Thought Of Baldus De Ubaldis. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Political Thought Of Baldus De Ubaldis. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Political Thought Of Baldus De Ubaldis, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Political Thought Of Baldus De Ubaldis has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Political Thought Of Baldus De Ubaldis Books

What is a Political Thought Of Baldus De Ubaldis PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Political Thought Of Baldus De Ubaldis PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Political Thought Of Baldus De Ubaldis PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Political Thought Of Baldus De Ubaldis PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Political Thought Of Baldus De Ubaldis PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
