G. Grey,2018-07-09 Please do not let any one turn you into a prophet with there educated head knowledge the teaching is out there that all Christian can prophesy which is far from the truth For a person to prophesy mean that you must have the gift to do so because God talk to the prophet and gave him or her messages and I am not talking about preaching teaching evangelism or comforting Eph 4 v11 said And he gave some apostles and some prophets and some evangelist and some pastors and teachers The scripture is very clear that God is the one who put prophets in the church and not man The message is very clear from Num 12 please do not try to make yourself a prophet please read the chapter v6 And the Lord said unto Miriam and Aaron Hear now my words If there be a prophet among you I the Lord will make myself known unto him in a vision and will speak to him in a dream This is the working of the Holy Spirit a revelation and not man teaching you how you can prophesy      Revelations from Revelation Patrick M. concerning the precious prophecies of the Revelation of Jesus Christ Inside you will find the most amazing thought revelations the most beautiful jewels of truth you would never have thought of before Listen as the harmonious voices of many Second Advent authors make clear Revelation s fascinating lines of prophecies Follow the footsteps of God s leading in the past present and future If there was ever a book that should be and is studied today it is the book of Revelation In fact God has pronounced a blessing on those who hear read and keep the words of Revelation May this book be a springboard to still greater light for you

**Prophecy** Howard Kreisel,2012-12-06 More than any other topic prophecy represents the point at which the Divine meets the human the Absolute meets the relative How can a human being attain the Word of God In what manner does God when conceived as eternal and transcendent address corporeal transitory creatures What happens to God s divine Truth when it is beheld by minds limited in their power to apprehend and influenced by the intellectual currents of their time and place How were these issues viewed by the great Jewish philosophers of the past who took the divine communication and all it entails seriously while at the same time desired to understand it as much as humanly possible in the course of dealing with a myriad of other issues that occupied their attention This book offers an in depth study of prophecy in the thought of seven of the leading medieval Jewish philosophers R Saadiah Gaon R Judah Halevi Maimonides Gersonides R Hasdai Crescas R Joseph Albo and Baruch Spinoza It attempts to capture the original voice of these thinkers by looking at the intellectual milieu in which they developed their philosophies and by carefully analyzing their views in their textual contexts It also deals with the relation between the earlier approaches and the later ones Overall this book presents a significant model for narrating the history of an idea
